Mit Klischmann Im Regen Geschichten:

Mit Klischmann im Regen Helga Königsdorf, 1983 *Geschichte der deutschsprachigen Literatur seit 1945* Ralf Schnell, 2016-12-16 Diese reichhaltig illustrierte Dokumentation der deutschsprachigen Gegenwartsliteratur gibt einen Überblick über die Literaturen der beiden deutschen Teilstaaten Österreichs und der Schweiz von 1945 bis zum Beginn der 90er Jahre. Ralf Schnell verbindet wichtige kulturpolitische Tendenzen und Debatten mit gattungsgeschichtlichen Entwicklungen. Ein lexikalischer Anhang enthält Kurzbiographien und werkgeschichtliche Daten von 250 namhaften Autorinnen und Autoren. Im Zusammenspiel von darstellendem Text, einfachen Zitaten und Autorenlexikon sind die Leistungen einer Literaturgeschichte und eines Handbuchs nutzbringend miteinander verbunden. Geist und Macht Axel Goodbody, 2023-12-14 German Monitor founded in 1979 is a series of themed edited volumes on literature, culture and politics in the German speaking world since 1945. Our approach is inclusive: some volumes focus on single authors, political figures or genres; other volumes explore themes such as narratives of trauma, German left wing terrorism, local/global narratives and the roles that Germany, Austria and Switzerland play in Europe today. We welcome proposals for interdisciplinary volumes as well as those with a specifically literary, cultural or political focus. Many of our contributors are based in German Studies; others in disciplines such as Comparative Literature, Film Studies, Musicology, History, Museum Studies and Political Science. The book series has a system of double peer reviewing. We publish volumes in German or English. Authors are cordially invited to submit proposals to the publisher at BRILL. Christa Stevens. Questions about your manuscript and proposals can also be directed to the Editor in Chief, Laura Bradley. A Companion to Twentieth-Century German Literature Raymond Furness, Malcolm Humble, 2003-09-02. Containing entries on over four hundred authors of fiction, poetry and drama from Germany, Austria and Switzerland, this invaluable work of reference presents material of a range and depth that no other book on the subject in English attains. For the second edition, the entries have been updated to include the most recent works of German literature. A number of new entries have been added, dealing in particular with the East German literary scene and the changing literary landscape after reunification. In addition to basic biographical facts, the Companion offers summaries, information on involvement in literary groups and political developments, schools and movements, critical terms and aspects of the other arts, including film. **Women Writers in German-Speaking Countries** Elke P. Frederiksen, Elizabeth G. Ametsbichler, 1998-02-28. Women have contributed to the literature of German-speaking countries since the Middle Ages and they continue to write important works at the close of the 20th century. While research on texts by women writers in German-speaking countries has increased substantially, most of these authors remain virtually unknown to English-speaking scholars and students. The first work of its kind in English, this reference book contains alphabetically arranged entries for 54 Austrian, German and Swiss women writers, such as Hrotsvit von Gandersheim, Louise Aston, Elfriede Jelinek and Erica Pedretti, from the tenth century to the present day. Each entry includes a biography, a

discussion of major themes a survey of criticism and a bibliography of primary and secondary sources An introductory essay overviews the history of literature by women in German speaking countries and an extensive bibliography concludes the volume Women have actively shaped literature in German speaking countries from the Middle Ages to the present day These authors continue to enrich the world of letters and an increasing amount of scholarly attention is given to their writings In spite of their contributions however most of these writers are virtually unknown to English speaking scholars and students And though one of the explicit goals of feminist literary and cultural studies has been to provide a voice to a multitude of diverse authors feminist research still seems to focus heavily on texts by authors such as Christa Wolf Ingeborg Bachmann and Bettina von Arnim or on certain periods in 19th and 20th century German literature and culture As a result many other women authors have faded into obscurity Through entries written by expert contributors this reference book provides insights into the life and writings of 54 women authors from German speaking countries Entries are arranged alphabetically to facilitate use while an appendix lists the writers chronologically Included are profiles of authors from the tenth century to the present day such as Hrotsvit von Gandersheim Louise Aston Elfriede Jelinek and Erica Pedretti Each entry includes a biography a discussion of major themes and stylistic features a survey of criticism and a bibliography of primary and secondary sources An introductory essay overviews the history of literature by women in German speaking countries and provides a theoretical context for the work and an extensive bibliography of secondary sources concludes the volume
