The Publishers Weekly, 2003 *Feminine Appeal [Large Print]*, **Deliberate Motherhood** The Power of Moms, 2013-09-01 The outstanding authors of *Deliberate Motherhood* have let the trials and hardships of motherhood mold them into better people Whether the change includes learning patience when the two year old paints your walls with the black permanent marker or forgiving a teenager who screams I hate you or loving more when that naughty child doesn't really deserve it it's a change that refines us or as the dictionary describes it removes impurities makes something more effective or become more elegant That is powerful You may think that everything has been said about motherhood but the delightful thing about *Deliberate Motherhood* is that every mother author is one of a kind They each come from different backgrounds have different parents are married or not to different people and certainly have different children Each of the 12 Powers provided in this book is a crucial component to help you in your motherhood And the best part is that you don't need to do it all at once You can focus on one power a month and over the course of a year you'll see great changes in yourself and in your family The mark of a great book is that it makes you think and it helps you change which in the case of this book is an absolute guarantee
