Mobilizing U. S. Industry in World War II Alan L. Gropman, 1996 Contents Mobilization activities before Pearl Harbor day education for mobilization interwar planning for industrial mobilization mobilizing for war 1939 1941 the war production board the controlled materials plan the office of war mobilization U S production in World War II balancing military overcoming raw material scarcities maritime construction people mobilization Rosie the Riveter conclusions Appendix production of selected munitions items the war agencies of the Executive Branch of the Federal Government *Mobilizing U.S. Industry in World War II* Alan L. Gropman, 1996 **Mobilizing U.S. Industry** John N Ellison, Jeffery W. Frumkin, Timothy W. Stanley, 2021-11-28 Originally published in 1988 this volume outlines the need for a series of

organisational reforms new studies and committees to focus attention on mobilization issues and to provide an administrative framework for enhancing the mobilization base The authors point out that mobilization is becoming a more viable US national security option Case studies are used around raw materials of petroleum ferroalloys machine tools and semi conductors which highlight common problems of diminishing domestic market share and growing reliance on foreign sector capacity declining profits research and development expense a decline of skilled labour and economic decline in subsector industries **The Economic Consequences of U.S. Mobilization for the Second World War** Alexander J.

Field, 2022-10-18 A reminder that war is not always or even generally good for long term growth Many believe that despite its destructive character war ultimately boosts long term economic growth For the United States this view is often supported by appeal to the experience of the Second World War understood as a triumph of both production and productivity Alexander Field shows that between 1941 and 1945 manufacturing productivity actually declined depressed by changes in the output mix and resource shocks from enemy action including curtailed access to natural rubber and on the Eastern Seaboard petroleum The war forced a shift away from producing goods in which the country had a great deal of experience toward those in which it had little Learning by doing was only a partial counterbalance to the intermittent idleness and input hoarding that characterized a shortage economy and dragged down productivity The conflict distorted human and physical capital accumulation and once it ended America stopped producing most of the new goods The war temporarily shut down basic scientific research and the ongoing development of civilian goods U S world economic dominance in 1948 Field shows was due less to the experience of making war goods and more to the country s productive potential in 1941 **The United States Shipbuilding and Ship Repair Industry: Adequate for Prolonged Global Conflict?** Robert Martin Brown, 1989

Emergency preparedness and industrial mobilization United States. Congress. Joint Committee on Defense Production, 1977 **Plan B 4.0: Mobilizing to Save Civilization (Substantially Revised)** Lester R. Brown, 2009-10-05 Brown s ability to make a complicated subject accessible to the general reader is remarkable Katherine Salant Washington Post As fossil fuel prices rise oil insecurity deepens and concerns about climate change cast a shadow over the future of coal

a new energy economy is emerging Wind solar and geothermal energy are replacing oil coal and natural gas at a pace and on a scale we could not have imagined even a year ago For the first time since the Industrial Revolution we have begun investing in energy sources that can last forever Plan B 4 0 explores both the nature of this transition to a new energy economy and how it will affect our daily lives Civil Preparedness Review: Emergency preparedness and industrial mobilization United States. Congress. Joint Committee on Defense Production,1977 Scoring 50 Years of US Industrial Policy, 1970-2020 Gary Clyde Hufbauer,Euijin Jung,2021-11-29 Industrial policy is making a comeback in the United States It is more urgent than ever to understand how and whether industrial policy has worked to strengthen the US economy This study analyzes and scores 18 US industrial policy episodes implemented between 1970 and 2020 in an effort to assess what went right and what went wrong and how the current initiatives might fare The Peterson Institute for International Economics gratefully acknowledges the support of the Koch Foundation for this project **Creating the National Security State** Douglas Stuart,2012-06-24 For the last sixty years American foreign and defense policymaking has been dominated by a network of institutions created by one piece of legislation the 1947 National Security Act This is the definitive study of the intense political and bureaucratic struggles that surrounded the passage and initial implementation of the law Focusing on the critical years from 1937 to 1960 Douglas Stuart shows how disputes over the lessons of Pearl Harbor and World War II informed the debates that culminated in the legislation and how the new national security agencies were subsequently transformed by battles over missions budgets and influence during the early cold war Stuart provides an in depth account of the fight over Truman s plan for unification of the armed services demonstrating how this dispute colored debates about institutional reform He traces the rise of the Office of the Secretary of Defense the transformation of the CIA and the institutionalization of the National Security Council He also illustrates how the development of this network of national security institutions resulted in the progressive marginalization of the State Department Stuart concludes with some insights that will be of value to anyone interested in the current debate over institutional reform **Mobilization Requirements of the Domestic Textile Industry** United States. Congress. House. Committee on Armed Services. Subcommittee on Investigations,1986 **Business America** ,1981 Includes articles on international business opportunities *World War II* Carl J. industrial business political experience is the basis for a contemporary American Sparta Cooling explores the influence of industry on security the increasing prevalence of outsourcing ever present economic and political influence and the evolving nature of modern warfare He connects the budding military industrial relations of the colonial era and Industrial Revolution to their formal interdependence during the Cold War down to the present day resurrection of Great Power competition Across eight chronological chapters Cooling weaves together threads of industry finance privatization appropriations and technology to create a rich historical tapestry of US national defense in one comprehensive volume Integrating information from both recent works as well as canonical older sources Cooling s ambitious single volume synthesis is a uniquely accessible and illuminating survey not only for scholars and policymakers but for students and general readers as well

Joint Doctrine for Mobilization Planning United States. Joint Chiefs of Staff,1995 *Men in reserve* Juliette Pattinson,Arthur McIvor,Linsey Robb,2017-02-01 *Men in reserve* focuses on working class civilian men who as a result of working in reserved occupations were exempt from enlistment in the armed forces It uses fifty six newly conducted oral history interviews as well as autobiographies visual sources and existing archived interviews to explore how this group articulated their wartime experiences and how they positioned themselves in relation to the hegemonic discourse of military masculinity It considers the range of masculine identities circulating amongst civilian male workers during the war and investigates the extent to which reserved workers draw upon these identities when recalling their wartime selves It argues that the Second World War was capable of challenging civilian masculinities positioning the civilian man below that of the soldier hero while simultaneously reinforcing them by bolstering the capacity to provide and to earn high wages frequently in risky and dangerous work all which were key markers of masculinity Foreign Commerce Study, U.S. Trade Position United States. Congress. Senate. Committee on Interstate and Foreign Commerce,1960 The Military-Industrial Complex and American Society S. Mike Pavelec,2010-01-18 The first complete reference on the military industrial complex from its Cold War era expansion to the present *The Military Industrial Complex and American Society* addresses the broad subject of the political economy of defense research and its wide reaching effects on many aspects of American life Ranging from the massive arms buildup of the Cold War to the influx of private contractors and corporations such as Halliburton it reveals the interconnectedness of the military industry and government within the history of this public private enterprise *The Military Industrial Complex and American Society* offers over 100 alphabetically organized entries on a wide of range of significant research bodies and government agencies as well as important people events and technologies In addition a series of essays looks at such essential topics as propaganda think tanks defense budgeting the defense industry and the economy and the breakdown of the military industrial complex in Vietnam With this work students policymakers and other interested readers will understand the ramifications of the relationships between industry scientific and technological communities the government and society *Becoming the Arsenal* Michael G.
