Richard Kopley, 1997-08 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain Manhood and the American Renaissance David Leverenz, 2019-06-30 In the view of David Leverenz such nineteenth century American male writers as Emerson Hawthorne Melville Thoreau and Whitman were influenced more profoundly by the popular model of the entrepreneurial man of force than they were by their literary precursors and contemporaries Drawing on the insights of feminist theory gender studies psychoanalytical criticism and

social history Manhood and the American Renaissance demonstrates that gender pressures and class conflicts played as critical a role in literary creation for the male writers of nineteenth century America as they did for the women writers Leverenz interprets male American authors in terms of three major ideologies of manhood linked to the social classes in the Northeast patrician artisan and entrepreneurial He asserts that the older ideologies of patrician gentility and of artisan independence were being challenged from 1820 to 1860 by the new middle class ideology of competitive individualism The male writers of the American Renaissance patrician almost without exception in their backgrounds and self expectations were fascinated yet horrified by the aggressive materialism and the rivalry for dominance they witnessed in the undeferential new men In close readings of the works both of well known male literary figures and of then popular authors such as Richard Henry Dana Jr and Francis Parkman Leverenz discovers a repressed center of manhood beset by fears of humiliation and masochistic fantasies He discerns different patterns in the works of Whitman with his artisan s background and Frederick Douglass who rose from artisan freedom to entrepreneurial power Emphasizing the interplay of class and gender Leverenz also considers how women viewed manhood He concludes that male writers portrayed manhood as a rivalry for dominance but contemporary female writers saw it as patriarchy Two chapters contrast the work of the genteel writers Sarah Hale and Caroline Kirkland with the evangelical works of Susan Warner and Harriet Beecher Stowe A bold and imaginative work Manhood and the American Renaissance will enlighten and inspire controversy among all students of American literature nineteenth century American history and the relation of gender and literature

Macropolitics of Nineteenth-Century Literature Jonathan Arac, Harriet Ritvo, 2016-11-11 In contrast to the micropolitics of Foucault macropolitics emphasizes that political transformations at the level of the state have great importance for many developments in nineteenth century writing

Nineteenth-Century U.S. Literature in Middle Eastern Languages Jeffrey Einboden, 2013-05-20 A transnational study of the American Renaissance which explores the literary circulation of Middle Eastern translations of 19th century U S literature In a pioneering approach to classic U S Literature Jeffrey Einboden traces the global afterlives of literary icons from Washington Irving to Walt Whitman and analyses 19th century American authors as they now appear in Arabic Hebrew and Persian translation Crossing linguistic cultural and national boundaries Middle Eastern renditions of U S texts are interrogated as critical readings and illuminating revisions of their American sources Why does Moby Dick both invite and resist Arabic translation What are the religious and aesthetic implications of re writing Leaves of Grass in Hebrew How does rendering The Scarlet Letter into Persian transform Hawthorne s infamous symbol Uncovering the choices and changes made by prominent Middle Eastern translators this study is the first to reveal the significance of orienting American classics

dem The Cambridge Companion to Herman Melville Robert S. Levine, 1998-05-13 Specially commissioned essays provide a critical introduction to one of the most significant writers of nineteenth century America

The Routledge Introduction to American Renaissance Literature Larry J. Reynolds, 2021-09-23 Examining the most frequently taught works by key writers of

the American Renaissance including Poe Emerson Fuller Douglass Hawthorne Melville Thoreau Jacobs Stowe Whitman and Dickinson this engaging and accessible book offers the crucial historical social and political contexts in which they must be studied Larry J Reynolds usefully groups authors together for more lively and fruitful discussion and engages with current as well as historical theoretical debates on the area The book includes essential biographical and historical information to situate and contextualize the literature and incorporates major relevant criticism in each chapter Recommended readings for further study along with a list of works cited conclude each chapter

Herman Melville's Whaling Years Wilson Lumpkin Heflin, 2004 Based on more than a half century of research Herman Melville's Whaling Years is an essential work for Melville scholars In meticulous and thoroughly documented detail it examines one of the most stimulating periods in the great author's life the four years he spent aboard whaling vessels in the Pacific during the early 1840s Melville would later draw repeatedly on these experiences in his writing from his first successful novel Typee through his masterpiece Moby Dick to the poetry he wrote late in life During his time in the Pacific Melville served on three whaling ships as well as on a U S Navy man of war As a deserter from one whaleship he spent four weeks among the cannibals of Nukahiva in the Marquesas seeing those islands in a relatively untouched state before they were irrevocably changed by French annexation in 1842 Rebellious against duty on another ship he was held as a prisoner in a native calaboose in Tahiti He prowled South American ports while on liberty hunted giant tortoises in the Galapagos Islands and explored the islands of Eimeo Moorea and Maui He also saw the Society and Sandwich Hawaiian Islands when the Western missionary presence was at its height Heflin combed the logbooks of any ship at sea at the time of Melville's voyages and examined nineteenth century newspaper items especially the marine intelligence columns for mention of Melville's vessels He also studied British consular records pertaining to the mutiny aboard the Australian whaler Lucy Ann an insurrection in which Melville participated and which inspired his second novel Omoo Distilling the life's work of a leading Melville expert into book form for the first time this scrupulously edited volume is the most in depth account ever published of Melville's years on whaleships and how those singular experiences influenced his writing
