Modcon The Secret World Of Extreme Body Modification:

Modcon Shannon Larratt, Philip Barbosa, 2002 **Body Style** Therèsa M. Winge, 2013-08-15 *Body Style* reveals the subcultural body as a site for understanding subcultural identity resistance agency and fashion Analyzed theorized politicized and sensationalized the subcultural body functions as a framework where individuals build a sense of self and subcultural identity Drawing on specific subcultural examples and interviews with members *Body Style* explores the subcultural body and its style within global culture *Body Style* is the result of over twelve years of research examining these intersections within specific urban subcultures including Urban Tribals Modern Primitives Punks Cybers Industrials Skaters and others Divided into three main sections on subcultural body history subcultural body identity and subcultural body styles this book will be of particular interest to students of dress and fashion as well as those coming to subculture from sociology and cultural studies *Imperfect* Lee Kofman, 2019-01-08 By the time she was eleven and living in the Soviet Union Lee Kofman had undergone several major operations on both a defective heart and injuries sustained in a bus accident Her body harbours a constellation of disfiguring scars that have shaped her sense of self and her view of the world But it wasn't until she moved to Israel and later to Australia that she came to think these markings weren't badges of honour to flaunt but were in fact imperfections that needed to be hidden away In a captivating mix of memoir and cultural critique Kofman casts a questioning eye on the myths surrounding our conception of physical perfection and what it's like to live in a body that deviates from the norm She reveals the subtle ways we are all influenced by the bodies we inhabit whether our differences are pronounced or noticeable only to ourselves She talks to people of all shapes sizes and configurations and takes a hard look at the way media and culture tell us how bodies should and shouldn't be Illuminating confronting and deeply personal *Imperfect* challenges us all to consider how we exist in the world and how our bodies shape the people we become **The Modern Primitives'**

Body Modification Experiences Explored Using Hermeneutic Phenomenology Theresa Marie Winge, 2004

Cultural Encyclopedia of the Body Victoria Pitts-Taylor, 2008-09-30 Pop culture and the media today are saturated with the focus on the aesthetics of the human body Magazines and infotainment shows speculate whether this or that actress had breast implants or a nose job Americans are not just focusing on celebrities but on themselves too and today have unprecedented opportunities to rework what nature gave them One can now drop in to have cosmetic surgery at the local mall Contemplating the superficial nature of it all grows tiresome and pop culture vultures and students can get a better fix for their fascination with the body beautiful through the cultural insight provided in this amazing set *Cultural Encyclopedia of the Body* is a treasure trove of essays that explore the human body alphabetically by part detailing practices and beliefs from the past and present and from around the world that are sometimes mind blowing and eye popping Body parts are examined through a multifaceted cultural lens Readers will explore how the parts are understood what they mean to disparate societies how they are managed treated and transformed and how they are depicted and represented The entries

draw from many disciplines that are concerned to some degree or another with human bodies including anthropology archeology sociology religion political history philosophy art history literary studies and medicine The encyclopedia proffers information on a number of cultures tribes and customs from East and West Ancient practices to the latest fad which in fact might continue ancient practices are illuminated Other considerations that arise in the essays include comparisons among cultures the changing perceptions of the body and issues of race gender religion community and belonging ethnicity power structures human rights

Beyond Pain Federica Manfredi, 2024-05-03 The practice of body suspension piercing one's own flesh with metal hooks and hanging from them and its uniquely sprawling community challenge our cultural understanding of pain The suspendees experience physical suffering to trigger altered states of consciousness that help them define and create an enhanced version of the self Through experimental and practice based methodology *Beyond Pain* combines thirteen years of intermittent ethnographical fieldwork during suspension festivals and private events in Italy Portugal and Norway along with online sites such as Facebook groups to uncover the often silenced and misunderstood voices of the people who undertake this practice
