With **SENDEROS** students are encouraged to be active participants not passive receptors in the learning process. Throughout each chapter students are regularly asked to think critically, participate in pair and group work, respond to readings, express their opinions and thoughtfully consider the views of others. Although the focus of **SENDEROS** is building oral and written communication skills, the variety of material and activities provided within make it equally appropriate for courses that focus on contemporary culture or grammar review. **SENDEROS** also works well in bridge courses.
