Nurses Story:

The Nurse's Story Carol Gino, 2010-10-12 With uncompromising honesty Carol Gino strips the TV image to reveal the gritty truths of a nurse's life

The Call of Nursing William B. Patrick, 2013-05-30 The Call of Nursing is not a typical book about nurses. It takes us behind the curtain of silence that often hangs between us, the patients who rely on the health care system and the women and men who form the backbone of that system and who are entrusted with our intimate care. It lets us hear why nurses today do what they do and it allows those nurses to show us in their own words what has mattered most to them in their professional careers. The twenty-three intimate self-portraits in The Call of Nursing help us see more clearly the kinds of challenges nurses face and accept on a routine basis and offer a rare glimpse into lives of women and men committed to care and service. Foreword Magazine 2013 Book of the Year Finalist Education

A Nurse's Story Tilda Shalof, 2005-02-22 The team of nurses that Tilda Shalof found herself working with in the intensive care unit (ICU) of a big city hospital was known as Laura's Line. They were a bit wild, smart, funny, disrespectful of authority but also caring and incredibly committed to their jobs. Laura set the tone with her quick remarks. Frances from Newfoundland was famous for her improvised recipes. Justine, the union rep, wore t-shirts emblazoned with defiant slogans like "Nurses Care But It's Not in the Budget." Shalof was the one who had been to university. The others accused her of being so sensitive. They depended upon one another. Working in the ICU was both emotionally grueling and physically exhausting. Many patients quite simply were dying and the staff strove mightily to prolong their lives. With their skill, dedication and the resources of modern science, they sometimes were almost too successful. Doctors and nurses alike wondered if what they did for terminally ill patients was not in some cases too extreme. A number of patients were admitted when it was too late even for heroic measures. A boy struck down by a cerebral aneurysm in the middle of a little league hockey game. A woman rescued too late from a burning house. It all took its toll on the staff. And yet on good days they thrived on what they did. Shalof describes a colleague who is managing a crashing patient. I looked at her. Nicky was flushed with excitement. She was doing five different things at the same time: planning ahead for another five. She was totally focused in her element in control, completely at home with the chaos. There was a huge smile on her face. Nurses like to fix things. If they can. Shalof, a veteran ICU nurse, reveals what it is really like to work behind the closed hospital curtains. The drama, the sardonic humour, the grinding workload, the cheerful camaraderie, the big issues and the small—all are brought vividly to life in this remarkable book.

Nursing Stories Nicholas Eschenbruch, 2007 Focusing on terminally ill people in a German hospice, this study addresses the question how meaningful experience is constructed for these patients in an attempt to preserve their dignity as persons. It is based on material from diary texts and active participation of the author in the role of a nurse.

Discrimination Experienced in the Nursing Profession by Minority Nurses Melvina Semper DNP,2016-08-10 Even in today's diverse world discrimination unfortunately still occurs on the street in schools and in the workplace In her compilation of fifty true stories Dr Melvina Semper provides a disheartening look into the experiences of twenty first century minority student nurses and practicing nurses working in New York City hospitals Dr Semper who holds three nursing degrees interviewed fifty nurses whose personal stories reveal the ill treatment and lack of promotion diversity moral support and other barriers students and nurses must face on the job From the Hispanic nurse whose patient requested that only a white nurse care for her to the Russian nurse who was only allowed to work night shifts to the minority nurse who witnessed an accidental patient death and then was told not to talk about it by her white managers Dr Semper not only shares real life stories but also highlights the need for stricter laws enforcement of affirmative action and the regulation of health care facilities to eradicate racism at all levels *Discrimination Experienced in the Nursing Profession by Minority Nurses* offers eye opening stories that will create awareness of the obstacles racism and discrimination that minority student nurses and practicing nurses face while working in New York City hospitals *Real Stories of Nursing Research: The Quest for Magnet Recognition* Mary Maureen Kirkpatrick McLaughlin,Kirkpatrick Maureen Kirkpatrick Kirkpatrick

McLaughlin,McLaughlin,Sally A. Bulla,2010-10-25 *Real Stories of Nursing Research* demonstrates how direct care nurses in clinical settings overcome their fear and conduct nursing research studies that impact patient care Highlighting different types of research in Magnet designated hospitals located in all types of settings this reference includes examples of studies that have used a quantitative qualitative and mixed methods design **The History of Nursing in the British Empire**

Sarah A. Southall Tooley,1906 A History of Nursing Ideas Linda Andrist,Patrice Nicholas,Karen Wolf,2006 This text is a comprehensive coverage of concepts critical to the development of the nursing role philosophy nature of nursing ways of knowing influences on the development of the nursing profession history and nature of nursing science evolution of nursing practice and education The Making of a Nurse Tilda Shalof,2010-02-05 The bestselling author of *A Nurse's Story* is back with more insider stories Tilda Shalof has been a caregiver all her life at home for her family at work for strangers but her

skills didn't come easily. From when she was a child taking care of her sick parents to her current position on an ICU team in one of Canada's largest hospitals, there have always been daunting challenges and worthy rewards for her work. With her trademark humour, unflinching honesty, and skilled storytelling, Shalof describes her experiences becoming the capable nurse she is today. After graduation from nurse's college, finding no jobs in Toronto, Shalof travelled to Tel Aviv, Israel, to work in a hospital for the first time, finding adventure and young love in the process. A summer stint as a camp nurse came with requests for condoms, strange allergies, and overly protective parents. *The Making of a Nurse* contains these stories and much more, and they are comforting, entertaining, shocking, funny, heart-warming, and heart-wrenching. From hospitals to home care, they will give readers a glimpse into the life of a nurse and the hidden medical world.

Nursing History Review, Volume 15, 2007 Patricia D'Antonio, RN, PhD, FAAN, 2006-09-18. *Nursing History Review* is an annual peer-reviewed publication of the American Association for the History of Nursing. It is a showcase for the most significant current research on nursing history. Regular sections include scholarly articles, over a dozen book reviews of the best publications on nursing and health care history that have appeared in the past year, and a section abstracting new doctoral dissertations on nursing history. Historians, researchers, and individuals interested with the rich field of nursing will find this an important resource.

Change Leadership in Nursing Phyllis Beck Kritek, Mairead Hickey, 2011-08-17. *Recommended Choice*. Current Reviews for Academic Libraries. Brigham and Women's Hospital, a high-profile complex academic medical center in Boston, MA, is a founding member of the Partners HealthCare System and is associated with Harvard Medical School and Dana-Farber Cancer Institute. This truly unique volume chronicles the systemic efforts of the nursing department to make an already outstanding system even better. It provides access to a compelling story of institute-wide nursing practice today and how the opportunity for major change was embraced and successfully accomplished. Told from the perspective of ninety administrative and staff nurses, it serves as a model for change in similar institutions everywhere.

Key Features: Provides real-world system-level description of hospital-wide change initiated and implemented by nurses committed to safe quality patient care. Serves as a roadmap for institution-wide change for aspiring nurse leaders, including values to support tools to develop or use resources to be managed, key personnel to employ, and more. Offers nurse executives an array of catalytic ideas they can adapt to their own settings. Acts as a model for administrators and students in Masters and Doctoral Programs who are interested in seeing how change occurs in complex systems through personal engagement at all levels.

Place and Practice in Canadian Nursing History Jayne Elliott, Meryn Stuart, Cynthia Toman, 2009-05-01. The close association between nurses and hospitals obscures the diversity and complexity of nursing work in other contexts. This collection looks at nurses and nursing in a wide range of settings from the mid-1800s to the 1970s, including indigenous women on the Canadian prairies, First World War nurses posted overseas, outpost nurses in rural and remote areas of Saskatchewan, Ontario, and Quebec, public health nurses in Winnipeg, and religious congregations in nursing education in New Brunswick. The contributors use feminist and historical

perspectives to illustrate how place understood as both social context and geographic setting shaped nursing identities and practices Many nurses found place both liberating and constraining often simultaneously Paying attention to place also situates these nurses and their work within larger historical themes of nation building war and political change Expertise in Nursing Practice, Second Edition Patricia Benner RN, PhD, FAAN, Christine Tanner RN, PhD, FAAN, Catherine Chesla RN, DNSc, 2009-03-16 Named a 2013 Doody's Core Title Nursing practice is a complex and varied field that requires precision dedication care and expertise Clinicians must have both the skills and the tools to attend to changes in patients responses recognize trends and understand the nature of their patients conditions over time This book clearly delineates the skills needed to become an expert nurse In this new edition the editors present a report of a six year study of over 130 hospital nurses working in critical care Expanding upon the study conducted in the previous edition this new book documents and analyzes hundreds of new clinical narratives that track the development of clinical skill acquisition including caring clinical judgment workplace ethics and more Highlights of this book Includes transitional guidance for nurses new to the field Discusses the primacy of caring and the importance of good clinical judgment Includes new practice models including the Dreyfus Model of Skill Acquisition Provides guidelines for strengthening the nurse patient relationship Presents implications for nursing education and patient safety Ultimately this work defines expertise in nursing practice The book serves as a valuable resource that will enable nurses to expand their knowledge base cultivate their clinical skills and become successful experts in nursing practice *The Language of Kindness* Christie Watson, 2018-05-08 1 INTERNATIONAL BESTSELLER A moving lyrical beautifully written portrait of a nurse and the lives she has touched Christie Watson spent twenty years as a nurse and in this intimate poignant and remarkably powerful book she opens the doors of the hospital and shares its secrets She takes us by her side down hospital corridors to visit the wards and meet her unforgettable patients In the neonatal unit premature babies fight for their lives hovering at the very edge of survival like tiny Emmanuel wrapped up in a sandwich bag On the cancer wards the nurses administer chemotherapy and long after the medicine stops working something more important which Watson learns to recognize when her own father is dying of cancer In the pediatric intensive care unit the nurses wash the hair of a little girl to remove the smell of smoke from the house fire The emergency room is overcrowded as ever with waves of alcohol and drug addicted patients as well as patients like Betty a widow suffering chest pain frail and alone And the stories of the geriatric ward Gladys and older patients like her show the plight of the most vulnerable members of our society Through the smallest of actions nurses provide vital care and kindness All of us will experience illness in our lifetime and we will all depend on the support and dignity that nurses offer us yet the women and men who form the vanguard of our health care remain unsung In this age of fear hate and division Christie Watson has written a book that reminds us of all that we share and of the urgency of compassion **The Public Health Nurse**, 1924 **Front Line Nursing Stories** Marian Facciolo, 2023-07-24 When reading real life stories about nursing you might not expect mentions of

fox fur coats or cages full of snakes five feet long and very skinny Yet these amusing vignettes sit alongside harrowing tales of plane crashes and time honoured memories of Florence Nightingale Front Line Nursing Stories is a compelling anthology of first hand accounts longtime nurse and author Marian Facciolo collected from women who have worked in hospitals care homes communities and prisons from the 1940s to present day coping with the COVID 19 pandemic The substance of these stories remain faithful to the nursing profession without venturing too deep into technical terminology At the same time Facciolo asks readers to consider whether supports for the increased expectations of the profession education skills workload have kept pace Front Line Nursing Stories is an eye opening look at the evolution of healing as a profession poignantly and pointedly shared through the eyes of women who have helped babies draw their first breaths and comforted palliative patients so they can die with dignity Facciolo s book at its core is a tribute to the power of compassion and humanity perhaps at a time in the world when it is needed most
