## **Nursing And The Law Trends And Issues:**

**Nursing and the Law** Kammie Monarch, 2002      **Legal Issues in School Health Services** Nadine Schwab, 2005-07

Legal Issues in School Health Services offers a legal resource never before available for education and health professionals and their legal advisors. All professionals involved in the development, implementation, and evaluation of school health services will find this an exceptional tool. This book addresses the spirit and letter of the laws, the related standards, the conflict between them, and how they affect the delivery of school health services in regular and special education. Special attention is given to pertinent issues for school administrators, school attorneys, and school nurses in order to foster school practices that are safe and effective. Designed as a guide and reference work, this book is written by 15 highly credentialed nurses, attorneys, and educators and offers detailed discussions of the legal challenges that exist in the 21st century.

**KEY FEATURES:** School nursing practice standards and performance issues; Risk management strategies for school administrators, school boards, and attorneys; Multi-disciplinary approaches in ethical/legal problem solving; Collaborative approaches in promoting student learning and success; Financial, special education, record confidentiality, and future genetic challenges; In-depth legal references, citations, and research; plus a comprehensive glossary and table of federal statutes and regulations.

*Community/Public Health Nursing Practice* Frances A. Maurer, Claudia M. Smith, 2012-10-01

Focusing on practical need to know information, *Community Public Health Nursing Practice* helps you learn how to apply the nursing process at the community and family level. It features an engaging, easy-to-understand writing style, as well as assessment tools, detailed case studies, and clinical examples that demonstrate how key concepts apply to real-world practice. Additional resources on the companion Evolve website expand and enhance content within the text. Practical features including Case Studies, Ethics in Practice, and The Nursing Process in Practice illustrate real-world applications of key community public health nursing concepts. A complete unit on the community as client helps you understand how the assessment, diagnosis, planning, intervention, and evaluation steps of the nursing process apply to the community as opposed to an individual. A chapter devoted to community assessment provides a complete assessment tool and shows you how the tool applies to two different types of communities. **UNIQUE:** A chapter on screening and referral promotes population-focused practice, which is the crux of community public health nursing. A separate unit on the family emphasizes the importance of viewing the family as a singular client. A complete discussion of the Minnesota Wheel helps you better understand this widely accepted framework for community public health nursing practice. Helpful sections such as Focus Questions, Chapter Outlines, Key Ideas, and Learning by Experience and Reflection help you pinpoint essential information. **NEW:** Healthy People 2020 objectives throughout the text help you identify common health risk factors in populations and families. **NEW:** Coverage of health care reform, including the Patient Protection and Affordable Care Act of 2010 (PPACA), explores how current health care legislation impacts community public health nursing. **NEW:** Discussions of community health hot button issues such as human trafficking, genital
