Mental Health, United States, 1996 Ronald W. Manderscheid, Mary A. Sonnenschein, 1998-05 Provides summaries of statistical information on topics that will be of concern in health care Chapters on managed care include policy considerations lessons learned from behavioral managed care approaches the status of managed behavioral health care in America behavioral health care in HMOs Other chapters provide mental health epidemiological data for adults children information on mental health in Medicare Medicaid programs mental health services in rural areas data on mental health providers Most chapters cover topics not included in previous editions      **Handbook of Health Behavior Research IV** David S. Gochman, 2013-06-29 Volume 4 considers the importance of health behavior research in practical settings Particularly notable are treatments of the narrative approach the taxonomy of health behavior and the organization of health behavior knowledge Each volume features extensive supplementary and integrative material prepared by the editor the detailed index to the entire four volume set and a glossary of health behavior terminology      Statistical Reference Index, 1994      Nursing Data Review 1996 Facts & Comparisons, National League for Nursing Press (NLN Press), 1996-08-01 Compendium of recent research conducted by the National League for Nursing's Center for Research in Nursing Education and Community Health with comprehensive analysis of their annual survey of nursing education programs and the biennial nurse faculty census cf Pref      Mental Health, United States, 1998      *Mental Health Policy and Practice Today* Ted R. Watkins, James W. Callicutt, 1997-02-26 Mental Health Policy and Practice Today is the only textbook available in recent years that reflects the dynamic nature of mental health practice in today's rapidly changing society This book begins with an overview of societal and cost issues related to mental health problems including the formats now used for mental health delivery and the public planning and agencies involved It then focuses on the expanding base of knowledge in mental health Important areas of neuroscientific and social research are covered along with the significant contributions of psychoeducation and self help and advocacy groups Ten groups are specifically discussed including the homeless whose numbers have risen to crisis proportions in recent years in part due to their mass expulsion from institutional care It then guides the reader through implications for the 21st century including the influences of technology and funding shifts to managed care Finally it concludes with an exploration of issues that will need to be resolved based on the analysis of current policy practice and future projections Readers will appreciate the multiple perspectives of this book and the blending of contributors expertise in both research and service in the trenches The broad spectrum of topics covered makes this book not only an effective text for traditional and specialized courses in the mental health professions but also an informative and stimulating resource for the current practitioner It is an essential timely book that illustrates that policy and practice in the mental health fields must be reconciled      **Health, United States**, 1995      *Mental Health, United States, 1998* Ronald W. Manderscheid, Marilyn J. Henderson, 1999-07 Covers the emergence of managed behavioral health care assess of outcomes and assess of performance
