Featuring essays from thinkers representing the world's major religious traditions, the book introduces new voices, challenges assumptions, raises new questions, and broadens the base of knowledge and investment in this important domain of life. It specifically and intentionally focuses on theological and philosophical perspectives from within religious traditions, creating space for the religious traditions to find their voices. *Nurturing Child and Adolescent Spirituality* is firmly grounded in the language and priorities of religious studies and helps stimulate explorations of whether and how religious communities are tapping their own wisdom and strengths in nurturing today's young people in a complex and changing world. *Nurturing Child and Adolescent Spirituality* will set the stage for new waves of scholarship and dialogue within and across traditions, disciplines, and cultures that will enrich understanding and strengthen how the world's religious traditions and others understand and cultivate the spiritual lives of children and adolescents around the globe.

**Nurturing Children's Spirituality** Holly Allen, 2008-03-01 Children's spiritual development is currently a hot topic in Christian circles as well as in other fields and disciplines such as educational psychology, medicine, developmental psychology, education, and sociology. The key question for Christian scholars and educators is: How do Christian beliefs and practices uniquely interrelate with children's spirituality? In 2003 and again in 2006 a national conference entitled Children's Spirituality Conference: Christian Perspectives examined children's spirituality from a distinctly Christian standpoint. This book is a collection of the best materials from the 2006 conference. The first half of the book addresses definitional, historical, and theological concerns related to spiritual development in children. The second half explores best practices for fostering spiritual growth among our children in our homes, families, churches, Christian schools.
