The New York Times Magazine ,2004 **Gastronomic Judaism as Culinary Midrash** Jonathan D. Brumberg-Kraus,2018-10-29 This book is about what makes food Jewish or better who and how one makes food Jewish Making food Jewish is to negotiate between the local regional and now global foods available to eat and the portable Jewish taste preferences Jews have inherited from their sacred texts and calendars What makes Jewish food Jewish and what makes Jewish eating practices continually viable and meaningful are not fixed dietary rules and norms but rather culinary interpretations and adaptations of them to new times and places culinary midrash Jewish cuisine is a fusion of interactions a reflection of displacement and intentional positioning and re positioning vis a vis sacred texts old and new lands Jewish and non Jewish neighbors old and new family combinations re imaginings of our personal ethnic gender and other identities Jonathan Brumberg Kraus questions Jewish identity in particular and identity generally as something fixed stable and singular and unintentional Jewish food choices are situational often temporary expressions of Jewish identity It addresses the tension between what Jewish authoritative textual sources and their proponents say is Jewish food and Jewish eating and what Jews actually eat So while discussing connections between ancient religious texts and modern Jewish food preferences this book does not stop there Using examples from his experience Brumberg Kraus describes the improvisational characteristics of gastronomic Judaism as the interplay of texts tastes artifacts and everyday practices not only in the classic sacred texts but also in Jewish cookbooks and internet blogs on Jewish home cooking seasonal intensification of Jewish food choices e g latkes at Chanukah or keeping kosher for Passover safe treif the fusion cultural appropriation of diasporic Biblical and Palestinian foods in new Israeli cuisine and the impact of the environmentalist New Jewish Food movement on contemporary Jewish food choices and identity **History of Vegetarianism and Veganism Worldwide (1970-2022)** William Shurtleff; Akiko Aoyagi,2022-03-10 The world's most comprehensive well documented and well illustrated book on this subject With extensive subject and geographic index 48 photographs and illustrations mostly color Free of charge in digital PDF format *World* ,1973-07 *Awaiting Their Feast* Lori A. Flores,2025-01-10 Though Latinx foodways are eagerly embraced and consumed by people across the United States

the nation exhibits a much more fraught relationship with Latinx people including the largely underpaid and migrant workers who harvest process cook and sell this desirable food Lori A Flores traces how our dual appetite for Latinx food and Latinx food labor has evolved from the World War II era to the COVID 19 pandemic using the US Northeast as an unexpected microcosm of this national history Spanning the experiences of food workers with roots in Mexico Puerto Rico Cuba the Dominican Republic Haiti and Central America Flores s narrative travels from New Jersey to Maine and examines different links in the food chain from farming to restaurants to seafood processing to the deliverista rights movement What unites this eclectic material is Flores s contention that as our appetite for Latinx food has grown exponentially the visibility of Latinx food workers has demonstrably decreased This precariat is anything but passive however and has historically fought and is still fighting against low wages and exploitation medical neglect criminalization and deeply ironic food insecurity
