Hip-hop Revolution Jeffrey Ogbonna Green Ogbar, 2007 As hip hop artists constantly struggle to keep it real this fascinating study examines the debates over the core codes of hip hop authenticity as it reflects and reacts to problematic black images in popular culture placing hip hop in its proper cultural political and social contexts **Ebony**, 1990-06 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Ebony**, 1990-10 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine The History of Rap and Hip-Hop Soren Baker, 2012-06-22 Hip hop culture has grown from its humble beginnings in the South Bronx section of New York City into a significant and influential cultural movement This volume examines the rich history and promising future of this musical genre Created in the mid 1970s by poor Bronx residents with few resources hip hop has become a billion dollar industry whose reach now stretches around the world Hip hop has influenced the way people make music the way they dance and the way they wear their clothes It has also shaped people s political views and turned many people into entrepreneurs Media, Revolution and Politics in Egypt Abdalla F. Hassan, 2015-10-01 For too long Egypt s system of government was beholden to the interests of the elite in power aided by the massive apparatus of the security state Breaking point came on 25 January 2011 But several years after popular revolt enthralled a global audience the struggle for democracy and basic freedoms are far from being won Media Revolution and Politics in Egypt The Story of an Uprising examines the political and media dynamic in pre and post revolution Egypt and what it could mean for the country s democratic transition We follow events through the period leading up to the 2011 revolution eighteen days of uprising military rule an elected president s year in office and his ouster by the military Activism has expanded freedoms of expression only to see those spaces contract with the resurrection of the police state And with sharpening political divisions the facts have become amorphous as ideological trends cling to their own narratives of truth

Hip Hop World Dalton Higgins, 2009-10-01 A fascinating look at hip hop the world s most popular music and what it means to young people all over the globe written by an acclaimed pop culture critic An excellent introduction to hip hop for young adults Hip hop is arguably the predominant global youth subculture of this generation In this book Dalton Higgins takes vivid snapshots of the hip hop scenes in Europe North America Asia Africa and more American hip hop has gone through growing pains and is questioned for being too commercialized to articulate the hopes concerns and dreams of marginal youth and community members Outside the US hip hop culture is often a political tool to mobilize disenfranchised communities around hard issues with little support from mainstream corporations or sponsors Higgins taps into his own powers of pop culture prognostication to predict the future of the genre and the youth culture that spawned it as hip hop spreads its tentacles to the furthest reaches of humanity The Groundwork Guides are excellent books mandatory for school

libraries and the increasing body of young people prepared to take ownership of the situations and problems previous generations have left them
