life as the one whom we all must honor responds when a Father's call meets a father's prayer Will she find the key that unlocks the door of happiness peace love and fulfillment      **Desperate Measures** Laura Summers, 2011-05-12 Vicky has always felt responsible for her mentally disabled twin sister Rhianna and their feisty little brother Jamie So when the foster care system threatens to split them up they all run away together heading for a distant relative's home After a difficult journey they arrive only to find strangers living there With nowhere else to go they hide in a cave and must survive by their wits By the end of their adventure Vicky is surprised to find that the sister she thought she was protecting is the one who saves her This touching funny fast paced novel was short listed for the Waterstone's Children's Book Prize Vicky and Rhianna's engaging dual perspective narration offers a refreshing view of people with disabilities and their wild adventure and fierce family bond will resonate with readers      *You Are a Princess* Sandra Lyn Mouritsen, 2016-05-17 Sarah Ann Smyth is your average teenage girl growing up in the 1950s She has a big family and a few friends Then one day she finds out she is a Princess Sarah who loves America must now accept the throne of Delland Will she be the Princess or will her research of both countries keep her here at home      **Gadsby** Ernest Vincent Wright, 2014-12-11 Example in this ebook The entire manuscript of this story was written with the E type bar of the typewriter tied down thus making it impossible for that letter to be printed This was done so that none of that vowel might slip in accidentally and many did try to do so There is a great deal of information as to what Youth can do if given a chance and though it starts out in somewhat of an impersonal vein there is plenty of thrill rollicking comedy love courtship marriage patriotism sudden tragedy a determined stand against liquor and some amusing political aspirations in a small growing town In writing such a story purposely avoiding all words containing the vowel E there are a great many difficulties The greatest of these is met in the past tense of verbs almost all of which end with ed Therefore substitutes must be found and they are very few This will cause at times a somewhat monotonous use of such words as said for neither replied answered nor asked can be used Another difficulty comes with the elimination of the common couplet of course and its very common connective consequently which will unavoidably cause bumpy spots The numerals also cause plenty of trouble for none between six and thirty are available When introducing young ladies into the story this is a real barrier for what young woman wants to have it known that she is over thirty And this restriction on numbers of course taboos all mention of dates Many abbreviations also must be avoided the most common of all Mr and Mrs being particularly troublesome for those words if read aloud plainly indicate the E in their orthography As the vowel E is used more than five times oftener than any other letter this story was written not through any attempt to attain literary merit but due to a somewhat balky nature caused by hearing it so constantly claimed that it can't be done for you cannot say anything at all without using E and make smooth continuity with perfectly grammatical construction so twas said Many may think that I simply drop the E's filling the gaps with apostrophes A perusal of the book will show that this is not so All words used are complete are correctly spelled and properly used This has been accomplished through the use of

synonyms and by so twisting a sentence around as to avoid ambiguity The book may prove a valuable aid to school children in English composition People as a rule will not stop to realize what a task such an attempt actually is As I wrote along in long hand at first a whole army of little E s gathered around my desk all eagerly expecting to be called upon But gradually as they saw me writing on and on without even noticing them they grew uneasy and with excited whisperings amongst themselves began hopping up and riding on my pen looking down constantly for a chance to drop off into some word for all the world like sea birds perched watching for a passing fish But when they saw that I had covered 138 pages of typewriter size paper they slid off onto the floor walking sadly away arm in arm but shouting back You certainly must have a hodge podge of a yarn there without Us Why man We are in every story ever written hundreds of thousands of times This is the first time we ever were shut out Pronouns also caused trouble for such words as he she they them theirs her herself myself himself yourself etc could not be utilized But a particularly annoying obstacle comes when almost through a long paragraph you can find no words with which to continue that line of thought hence as in Solitaire you are stuck and must go way back and start another which of course must perfectly fit the preceding context To be continue in this ebook
