Tenga,2017-06-29 From Victor Halperin's White Zombie 1932 to George A Romero's landmark Night of the Living Dead 1968 and AMC's hugely successful The Walking Dead 2010 zombie mythology has become an integral part of popular culture In a reversal of the typical pattern of adaptation the zombie developed onscreen before appearing in short stories and comic books during the 20th century and more recently as subjects of more traditional novels This collection of new essays examines some of the most influential and inventive zombie literature from the early stories to the most recent narratives including some told from a zombie perspective *Journal of Special Operations Medicine* ,2007 **Up To Speed A**

Preppers Guide Galen Fries,2024-05-17 No scare tactics here We all know bad things can happen and don't need to be scared into wanting to protect our loved ones Up to Speed A Prepper's Guide is just a discussion about what steps and in what order to take them in order to be ready for disasters manmade or otherwise It's good information with some humor thrown in for flavor The book has been carefully broken up into levels of importance It begins by addressing a survival mindset It then goes on to discuss ways we can set ourselves up for success when it comes to reuniting with loved ones having a home to come home to and finally what we should consider as we step out of our homes in order to keep our families safe Up to Speed tries to take the daunting task of protecting what is truly important to us and break it down into small manageable pieces This is not a survivalist book This is just a discussion and shouldn't be considered the end all in preppers manuals In it you will find references to many other books that will supplement your preparedness library **Surviving the Apocalypse** N. E. MacDougald,2019-10-29 The Apocalypse could arrive at any moment but with Surviving the Apocalypse you'll be well prepared and well trained enough to survive any disaster even the end of the world as we know it Being prepared for what's out there is important you have to know what to do when everything falls apart Knowing how to survive the end of the world as we know it will prepare you for anything and everything that could possibly go wrong From packing the proper survival kit to surviving on the battlefield being physically fit and coping in the event of a socio economic collapse Soldier of Fortune magazine along with N E MacDougald will make sure that you're never caught off guard in any situation from natural and economic disasters to pandemics and civil unrest even nuclear war The purpose of this book is to provide the reader with real world practical information that will help them to not only survive but thrive during a period that is likely not just another downturn in the economic cycle but according to the many experts instead the beginning of a long downward slide and possibly the very peak in our 10 000 year experiment of civilization While you may not plan on being in a war zone you never know what will happen so the best thing to always do is be prepared Whether it's learning how to barter and haggle how to get the proper camouflage or how to choose the right weapon for any situation MacDougald and Surviving the Apocalypse will give you the training and knowledge that goes into surviving any and every dangerous situation imaginable

Basic Survival David Nash,2017-11-07 Many people are beginning to become concerned by increasing natural disasters global conflict and political unrest and the smart ones want to do something about it Unfortunately increased awareness

about disaster preparedness has caused an information overload It is easy to become overwhelmed by the sheer amount of information available Basic Survival helps readers dig out from under the avalanche of preparedness information It dispels myths introduces concepts and teaches the basics of how to start preparing for disaster Author David Nash a lifelong prepper and the author of 52 Prepper Projects and The Prepper's Guide to Foraging outlines an all hazards approach to disaster management similar to the ones used by the military and federal and state governments Nash has over ten years of experience in government emergency management as a planner a first responder and as an emergency operations center manager Basic Survival is a great resource that presents a strong foundation for being prepared when an emergency hits

Soldier of Fortune Guide to How to Disappear and Never Be Found Barry Davies,2013-08-01 No matter if you're being followed or stalked or need to get away as soon as possible being able to disappear without a trace is something that you will need to know Whether you're an ordinary civilian or a military operative having this skill is imperative to ultimate survival and there's nobody better at knowing how to vanish at a moment's notice than a former SAS expert Barry Davies has produced a solution to all of these problems and more with the Soldier of Fortune Guide to How to Disappear and Never Be Found No matter the reason Davies divulges the secret ways to disappear that only a military trained soldier could know Formerly serving in the British Special Air Service Davies was trained in this secret art and will inform you of the many companies to call in order to erase all records how to give false information how to disappear in our social media environment and much more In this priceless guide readers can learn how to protect themselves their friends and their families all with the secret ways that Davies reveals By following this model one never has to feel unsafe or afraid ever again

Now that's what I call a history of the 1980s Lucy Robinson,2023-07-18 Now that's what I call a history of the 1980s tells the story of eighties Britain through its popular culture Charting era defining moments from Lady Diana's legs and the miners strike to Glastonbury's Pyramid Stage and Adam and the Ants Lucy Robinson weaves together an alternative history to the one we think we know This is not a history of big geopolitical disasters or a nostalgic romp through discos shoulder pads and yuppie culture Instead the book explores a mashing together of different genres and fan bases in order to make sense of our recent past and give new insights into the decade that defined both globalisation and excess Packed with archival and cultural research but written with verve and spark the book offers as much to general readers as to scholars of this period presenting a distinctive and definitive contemporary history of 1980s Britain from pop to politics to cold war cultures censorship and sexuality
