Sasquatch Hunt:

Sasquatch Hunt J.R. Roberts, *The Sasquatch in Minnesota* Mike Quast, 2021-11-19 This book tells the story of my own investigations in my home state of Minnesota Every report that I am personally aware of at this time for Minnesota and the Dakotas is included here Many are of a more or less conventional nature man sees sasquatch sasquatch runs away while others are downright bizarre but all are true to the best of my knowledge and I believe they prove the existence of the beast I saw along that forest highway all those years ago

Bigfoot Joshua Blu Buhs, 2009-08-01 Last August two men in rural Georgia announced that they had killed Bigfoot The claim drew instant feverish attention leading to more than 1 000 news stories worldwide despite the fact that nearly everyone knew it was a hoax Though Bigfoot may not exist there s no denying Bigfoot mania With Bigfoot Joshua Blu Buhs traces the wild and woolly story of America s favorite homegrown monster He begins with nineteenth century accounts of wildmen roaming the forests of America treks to the Himalayas to reckon with the Abominable Snowman then takes us to northern California in 1958 when reports of a hairy hominid loping through remote woodlands marked Bigfoot s emergence as a modern marvel Buhs delves deeply into the trove of lore and misinformation that has sprung up around Bigfoot in the ensuing half century We meet charlatans pseudo scientists and dedicated hunters of the beast and with Buhs as our guide the focus is always less on evaluating their claims than on understanding why Bigfoot has inspired all this drama and devotion in the first place What does our fascination with this monster say about our modern relationship to wilderness individuality class consumerism and the media Writing with a scientist s skepticism but an enthusiast s deep engagement Buhs invests the story of Bigfoot with the detail and power of a novel offering the definitive take on this elusive beast

[Searching for Sasquatch](#) B. Regal, 2011-04-11 The first academic study of this subject is an entertaining look at the search for Sasquatch which considers not just the nature of monsters and monster hunting in the late 20th century but the more important relationship between the professional scientists and amateur naturalists who hunt them and their place in the history of science

Sasquatch Central Michael Quast, 2021-11-19 I have been a Bigfoot researcher in the state of Minnesota for over 30 years dedicated to the pursuit of a giant hairy upright walking manlike or apelike creature that keeps being encountered by scores of people year after year but has even more people scoffing and insisting that it can not and does not exist What a surprise it was near the end of 2019 to find that there was a place in Minnesota a three hours drive from my home in the city of Moorhead sister city to Fargo North Dakota where there was reported to be a consistent and perhaps even permanent Bigfoot presence within a few square miles of private property Hands down it quickly became the single most intense Bigfoot case I have ever investigated This is the story of my first hand experiences interviews with witnesses and subsequent research that would follow from these encounters
