## **Saving And Secular Faith An Invitation To Systematic Theology:**

Saving and Secular Faith Brian Albert Gerrish, 1999      **Saving and Secular Faith** Brian Albert Gerrish, 1999 What does it mean to live by faith Answers are more elusive than ever Beginning with a rich discussion of the Reformation legacy historian theologian B A Gerrish responds that if we release our thinking from sectarian partisan lenses we find that faith denotes a multitude of impulses trust doubt fidelity and confidence and is a fundamental human posture It undergirds not only saving faith but also secular varieties in other religious traditions and even outside religions We all literally live by faith in every phase of our lives Gerrish's prolegomenon to theology goes on to ask what then is the use of belief How in fact do we come to faith And how are religious and secular faith related especially in relation to Jesus Christ Gerrish opens up the notion of faith to encompass the discovery of personal meaning in one's existence and the theological drive to articulate the deepest drives of the human self      **Confessing Jesus Christ** David J. Lose, 2003-03-04 With its relentless insistence that there is no reality beyond that which we construct postmodern thought questions the presuppositions of many disciplines including homiletics Offering a lively description of the postmodern worldview and its implications for Christian faith Confessing Jesus Christ by David Lose teaches preachers how to rise to the challenges posed by our postmodern world Few if any books on preaching offer such a comprehensive investigation of postmodern thought or yield such a wealth of insights for relevant Christian proclamation Significantly Lose sees postmodernism not primarily as an obstacle to the church but as an opportunity for it to stand once again on faith alone rather than on attempts to prove the faith According to Lose preaching that seeks to be both faithful to the Christian tradition and responsive to our pluralistic postmodern context is best understood as the public practice of confessing faith in Jesus Christ He explores the practical implications of a confessional homiletic for preaching and also provides concrete methods for preparing sermons that meaningfully bridge biblical texts and contemporary congregations      **Scientific Models for Religious Knowledge** Andrew Ralls Woodward, 2018-08-14 Most comparisons of science and religion are really comparisons of science and Christianity or science and Islam and so forth In Scientific Models for Religious Knowledge the author aims to get outside typical polarized debates between traditional a priori theism and radical scientific naturalism Instead a new science and religion compatibility system between a scientific study of religion and a religious epistemology is our new elusive problem Moreover we shall look at a comparison and contrast of modern science with the simple deference of the human mind to the actions of culturally postulated superhuman agents This book pays critical attention to the contributions of scholars in the philosophy of religion the philosophy of science and the scientific study of religion Scientific Models for Religious Knowledge is useful for readers looking to expand their learning in the philosophies of science and religion as these subjects are taught and analyzed in modern research universities      The Ten Commandments William P. Brown, 2004-01-01 Offering a host of classic and new essays surveying the scholarly ethical and biblical debate surrounding the Ten Commandments William Brown organizes his volume into three parts the

history of interpretation contemporary reflections on the Decalogue as a whole and contemporary reflections on individual commandments A useful addition to ethics as well as Old Testament and Hebrew Bible courses Brown sThe Ten Commandments will be a standard reference for all Decalogue research as it facilitates a helpful balance between moral theological and biblical study The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field Fundamental Theology Matthew L. Becker, 2024-01-25 Encyclopedic in scope this book offers wide ranging coverage of the foundational teachings and practices within the mainstream of the classical Christian tradition It begins with their roots in the Scriptures and also branches out into Eastern and Western Christianity ancient medieval and modern to the present day Part I provides an overview of some of these routes then presents an historical survey of Christianity s major traditions Part II unpacks some of the character of that revelation focusing particularly on epistemological and procedural questions Finally Part III looks at Christian theology in a university setting the possibility and shape of theology as a university discipline its major subfields and its relations with humanities and the sciences respectively Fundamental Theology A Protestant Perspective 2nd edition includes a wide range of pedagogical features each chapter begins with an outline thesis statement highlighted in bold charts and graphs relevant headings and subheadings employed throughout the book keywords provides a survey of pertinent reference literature questions for review and discussion annotated suggestions for further reading The Faith of Fifty Million Christopher Hodge Evans, William R. Herzog, 2002-01-01 This volume features essays by religion scholars who analyze the relation of baseball and theology in American culture Topics include issues of national identity baseball and civil religion baseball as a metaphor and more **Schleiermacher's Influences on American Thought and Religious Life, 1835-1920** Jeffrey A. Wilcox, Terrence N. Tice, Catherine L. Kelsey, 2014-10-23 Here freshly researched unprecedented stories regarding modern American thought and religious life show how the scholar Friedrich Schleiermacher 1768 1834 provides ongoing influence still They describe his influence on universal rights American religious life theology philosophy history psychology interpretation of texts community formation and interpersonal dialogue Schleiermacher is an Einstein like innovator in all these areas and more This work contrasts chiefly evangelical liberal figures with others between circa 1835 and the 1920s It also looks ahead to several careers extended well into the twentieth century and offers numerous characterizations of Schleiermacher s thought In six tightly organized parts fourteen expert historians chronologically discuss the following 1 Methodist leaders 1766 1924 2 Stuart Bushnell Nevins and Hodge 3 Restorationists Transcendentalists women leaders Schaff and Rauschenbusch 4 Clarke Mullins Carus and Bowne 5 Dewey Royce Ames Knudson Brown Fosdick Cross Jones and Thurman within contemporary contexts Unexpectedly John Dewey lies at the epicenter of the narrative and Harry Emerson Fosdick and Howard Thurman bring it to its climax Recently evidence displays a broadening influence

advancing rapidly The sixth part of the book surveys modern historiography Schleiermacher on history and comparative method and on psychology as a basic scientific and philosophical field That section also provides a critical survey of histories of modern theology and offers concluding questions and answers The three editors contribute twenty of the thirty one chapters

Reformed Theology for the Third Christian Millennium Brian Albert Gerrish, 2003-01-01 This book is comprised of the 2001 Sprunt Lectures at Union Theological Seminary and the Presbyterian School of Christian Education The pieces address differing aspects of Reformed theology from a variety of views each focusing on an important issue that engages Reformed thought at the beginning of the third Christian millennium Perspectives and contexts for the essays are provided in the Introduction by B A Gerrish one of the most distinguished contemporary Reformed theologians

**Christian Faith** Peter Crafts Hodgson, 2001-01-01 Addresses three issues including the struggle for justice cultural and religious pluralism and ecological and cosmological awareness arguing for the necessity of revising Christian faith in order to handle changing circumstances Original

*Recovering Protestantism's Original Insight* Paul E. Capetz, 2023-04-20 In this engaging volume Capetz argues that Protestants have largely ignored Luther's heritage when it comes to thinking about biblical authority and instead have followed Calvin's biblicism leading to many intellectual and moral problems in the face of a fully historical critical understanding of the Bible in our time After prefacing the book with a personal story that illustrates what is at stake in this question for the church's pastoral ministry he examines in detail the debate between Barth an heir of Calvin and Bultmann a Lutheran regarding Sachkritik or content criticism of Scripture since their debate serves to clarify the central issue facing Protestants today He then traces their debate back to the Reformation itself to show how the difference between Luther and Calvin presented Protestants from the outset with two conflicting models of biblical authority He then reflects on how this question of the proper understanding of biblical authority manifests itself in the debates over sexual ethics that have plagued mainline denominations for the past four decades And he concludes by arguing that Luther's heritage provides Protestants with a viable way to engage in a robust theological interpretation of the Bible that does not violate what historical criticism has taught us about it

**Presbyterians Being Reformed** Robert H. Bullock, Jr., 2006-01-01 Beginning with the motto The Church Reformed and Always Being Reformed thirteen Presbyterian leaders and representatives of a number of different groups across the theological spectrum offer their reflections on the current state of the Presbyterian Church U S A and what the denomination needs today This book presents various viewpoints values and commitments found throughout the denomination Discussion and reflection questions at the end of each chapter make this book ideal for individual and group study

Experience of God, The (Revised Edition) Dermot A. Lane, 2003

*Evangelical Calvinism* Myk Habets, Bobby Grow, 2012-06-08 In this exciting volume new and emerging voices join senior Reformed scholars in presenting a coherent and impassioned articulation of Calvinism for today's world Evangelical Calvinism represents a mood within current Reformed theology The various contributors are in different ways articulating that mood of which their very diversity

is a significant element In attempting to outline features of an Evangelical Calvinism a number of the contributors compare and contrast this approach with that of Federal Calvinism currently dominant in North American Reformed theology challenging the assumption that Federal Calvinism is the only possible expression of orthodox Reformed theology This book does not however represent the arrival of a new Calvinism or even a neo Calvinism if by those terms are meant a novel reading of the Reformed faith An Evangelical Calvinism highlights a Calvinistic tradition that has developed particularly within Scotland but is not unique to the Scots The editors have picked up the baton passed on by John Calvin Karl Barth Thomas Torrance and others in order to offer the family of Reformed theologies a reinvigorated theological and spiritual ethos This volume promises to set the agenda for Reformed Calvinist discussion for some time to come

**Religious Communities and Civil Society in Europe** Rupert Graf Strachwitz,2019-08-19 The seemingly vitalizing impact of religiosity on civil society is a research topic that has been extensively looked into not only in the USA but increasingly also in a European context What is missing is an evaluation of the role of institutionalized religious communities and of circumstances that facilitate or impede their status as civil society organisations This anthology in two volumes aims at closing this gap by providing case studies regarding political legal and historical aspects in various European countries Vol I provides an introduction and looks at cases in Greece Italy the Netherlands Sweden and Bosnia and Herzegovina as well as chapters on legal issues and data and comprehensive bibliography

**Christian Faith** B. A. Gerrish,2015-08-24 At the beginning of Christian Faith B A Gerrish reminds us that dogmatics involves critical transmission of the Christian heritage The dogmatic theologian must interpret and assess the traditional beliefs of the church while also considering the new and changing conditions in which that tradition is being embodied With that Gerrish goes on to outline the various presuppositions and affirmations of the Christian faith before ultimately offering a powerful and compelling restatement of Christian faith for the twenty first century As part of his framework Gerrish includes a critical comparison of Calvin s Institutes of the Christian Religion and Schleiermacher s Christian Faith while still paying close attention to the great cloud of theological witnesses from across the spectrum of Christian traditions Gerrish s book provides a robust and penetrating revisioning of Christian theology one that is thoroughly grounded in the classical traditions of the church

**The Bible and the University** Zondervan,2009-09-03 It is well known that the Western university gradually evolved from the monastic stadium via the cathedral schools of the twelfth century to become the remarkably vigorous and interdisciplinary European institutions of higher learning that transformed Christian intellectual culture in the thirteenth and fourteenth centuries It is equally well known that subsequent disciplinary developments in higher education including the founding and flourishing of many of the most prestigious of North American universities owe equally to the Protestant and perhaps particularly Calvinist influence But that the secularized modern university that descended from these developments is now in something of an identity crisis is becoming widely and often awkwardly apparent The reason most often given for the crisis is our general

failure to produce a morally or spiritually persuasive substitute for the authority that undergirded the intellectual culture of our predecessors This is frequently also a reason for the discomfort many experience in trying to address the problem for it requires an acknowledgement at least that the secularization hypothesis has proven inadequate as a basis for the sustaining of coherence and general intelligibility in the university curriculum Nowhere is this more apparent than in the disciplines of biblical studies and theology which once were the anchor or common point of reference for theological thought but which are now both marginalized in the curriculum and internally divided as to meaning and purpose even where the Church itself is concerned In this final volume of the Scripture and Hermeneutic Series a group of distinguished scholars have sought to understand the role of the Bible in relation to the disciplines in a fresh way Offered in a spirit of humility and experimentally the essays here consider the historic role of the Bible in the university the status of theological reflection regarding Scripture among the disciplines today the special role of Scripture in the development of law the humanities and social sciences and finally the way the Bible speaks to issues of academic freedom intellectual tolerance and religious liberty Contributors Include Dallas Willard William Abraham Al Wolters Scott Hahn Glenn Olsen Robert C Roberts Byron Johnson Robert Cochran Jr David I Smith John Sullivan Robert Lundin C Stephen Evans David Lyle Jeffrey     **The Experience of God** Dermot A. Lane, 2005 Now revised The Experience of God is a balanced synthesis of present day thinking on issues such as experience and God revelation and history faith and unbelief Theology emerges as an exciting adventure available to all

*Conversations with Barth on Preaching* William H. Willimon, 2006 One of today's greatest preacher theologians engages Karl Barth one of the 20th century's greatest teacher theologians on the meaning and practice of preaching     **The Mission of Preaching** Patrick W. T. Johnson, 2015-02-25 We hear plenty of discussion about missional theology missional leadership and missional church planting But what about missional preaching In this groundbreaking work Patrick W T Johnson develops a new missional homiletic to aid preachers in their witness to the gospel of Jesus Christ in this post Christendom world
