The Savoy: Nineties experiment, 1966 **The Savoy: Nineties Experiment** Stanley Weintraub, 1966 *The Savoy* Stanley Weintraub, 1966 **The Savoy** Stanley Weintraub, 1966 *The Oxford Critical and Cultural History of Modernist Magazines* Peter Brooker, Andrew Thacker, 2009-03-26 The first full study of the role of little magazines and their contribution to the making of artistic modernism A major scholarly achievement of immense value to teachers researchers and students interested in the material culture of the first half of the 20th century and the relation of the arts to social modernity

Bernard Shaw and the Aesthetes Elsie Bonita Adams, 1971 *Aesthetes and Decadents of the 1890s* Karl Beckson, 2005-08-30 The Aesthetic and Decadent Movement of the late 19th century spawned the idea of Art for Art's Sake challenged aesthetic standards and shocked the bourgeoisie From Walter Pater's study *The Renaissance to Salome* the truly decadent collaboration between Oscar Wilde and Aubrey Beardsley Karl Beckson has chosen a full spectrum of works that chronicle the British artistic achievement of the 1890s In this revised edition of a classic anthology *The Ballad of Reading Gaol* has been included in its entirety the bibliography has been completely updated Professor Beckson's notes and commentary have been expanded from the first edition published in 1966 The so called Decadent or Aesthetic period remains one of the most interesting in the history of the arts The poetry and prose of such writers as Yeats Wilde Symonds Johnson Dowson Barlas Pater and others are included in this collection along with sixteen of Aubrey Beardsley's drawings

Subjugated Knowledges Laurel Brake, 1994 *Subjugated Knowledges* is an absorbing account of the cultural formations of Victorian journalism It will be of interest to all students of Victorian literature and history and of media cultural and gender studies **Critical Companion to William Butler Yeats** David A. Ross, 2014-05-14 Examines the life and writings of

William Butler Yeats including a biographical sketch detailed synopses of his works social and historical influences and more *Incurable* Lionel P Johnson, 2019-01-15 Writings that shed new light on one of the most gifted if reclusive poets of the fin de siècle A lost poet of the decadent era Lionel Johnson is the shadow man of the 1890s an enigma pale as wasted golden hair History has all but forgotten Johnson except as a footnote to the lives of more celebrated characters like W B Yeats and Oscar Wilde Johnson should have been one of the great poets of the age but was already drinking eau de cologne for kicks while a teenager at Winchester College His attraction to absinthe damaged his fragile health and cast him forever into a waking dream of haunted rooms and spectral poetry A habitual insomniac he haunted medieval burial grounds after dark jotting down the epitaphs of the gone too young as if anticipating his own early demise at the age of 35 falling from a bar stool in a Fleet Street pub It was rumored that Johnson performed strange religious rites in his rooms at Oxford and experimented with hashish in the company of fellow poet Ernest Dowson Moving to London he fell in with Simeon Solomon Oscar Wilde and Aubrey Beardsley and would contribute to the leading decadent publications of the day including *The Chameleon* *The Yellow Book* and *The Savoy* Like a glimmering of a votive candle in one of Johnson's dream churches *Incurable* sheds new light on

one of the most gifted if reclusive poets of the fin de siècle. Containing a detailed biography, illustrations, rare and unusual material including previously unseen letters, poetry, and essays, *Incurable* pays tribute to this enchanting and eccentric poet while providing fresh insight into an era that continues to fascinate. — *Hubert Crackanthorpe: Selected Writings* William Greenslade, Emanuela Ettorre, 2020-10-19

Hubert Crackanthorpe (1870–1896) made a critically significant contribution to the evolution of the modernist short story in Britain. His unexplained death in Paris at the age of 26 cut short a highly promising literary career. The striking realism of Crackanthorpe's first collection of short stories, *Wreckage* (1893), followed by the psychologically complex *Sentimental Studies* and posthumous *Last Studies* (1896), together with the prose poems of *Vignettes* (1896), were much admired by Henry James and his contemporaries, Dowson, Johnson, and Symonds, as the work of a leading innovative writer of critical decadence. Indeed, his stories combine an unrelenting realism with a conscious aestheticizing of their often troubling, bleak subject matter. As co-editor of the short-lived periodical *The Albermarle* and campaigning literary journalist, Crackanthorpe was a key critical participant in central literary and artistic debates of the early 1890s: facts versus effects in literature, the efficacy of realism, naturalism, questions of taste, reticence, and the handling of controversial subject matter. This fully annotated critical text comprises the most extensive collection to date of Crackanthorpe's writing. As well as uncollected stories, the volume includes a short story never previously published in book form. This edition also contains a selection of Crackanthorpe's critical writings and a bibliographical survey of his work. — *The Irish Revival* Joseph Valente, Marjorie Howes, 2023-06-15

The Irish Revival has inspired a richly diverse and illuminating body of scholarship that has enlarged our understanding of the movement and its influence. The general tenor of recent scholarly work has involved an emphasis on inclusion and addition, exploring previously neglected texts, authors, regional variations, and international connections. Such work, while often excellent, tends to see various revivalist figures and projects as part of a unified endeavor, such as political resistance or self-help. In contrast, *The Irish Revival: A Complex Vision* seeks to reimagine the field by interpreting the Revival through the concept of complexity, a theory recently developed in the information and biological sciences. Taken as a whole, these essays show that the Revival's various components operated as parts of a network, but without any overarching aim or authority. In retrospect, the Revival's elements can be seen as having come together under the heading of a single objective, for example, decolonization, broadly construed. But this volume highlights how revivalist thinkers differed significantly on what such an aspiration might mean or lead to: ethnic authenticity, political autonomy, or greater collective prosperity and well-being. Contributors examine how relationships among the Revival's individual parts involved conflict and cooperation, difference and similarity, continuity and disruption. It is this combination of convergence without unifying purpose and divergence within a broad but flexible coherence that Valente and Howes capture by reinterpreting the Revival through complexity theory. — *Bulletin of the Maryland Agricultural Experiment Station* Maryland Agricultural Experiment Station, 1928

Modernism and Naturalism in British and Irish Fiction, 1880-1930

Simon Joyce, 2014-10-23 This book argues that the history of literary modernism is inextricably connected with naturalism Simon Joyce traces a complex response among aesthetes to the work of mile Zola at the turn of the century recovering naturalism s assumed compatibility with impressionism as a central cause of their ambivalence Highlighting a little studied strain of reflexive naturalism in which Zola s mode of analytical observation is turned upon the authors themselves Joyce suggests that the confluence of naturalism and impressionism formed the precondition for so called stream of consciousness writing This style served to influence not only the work of canonical modernists such as Joyce and Woolf but also that of lesser known writers such as George Moore Sarah Grand and George Egerton

The Symbolist Movement in the Literature of European Languages Anna Balakian, Anna Elizabeth Balakian, 1984 Edited by Anna Balakian this volume marks the first attempt to discuss Symbolism in a full range of the literatures written in the European languages The scope of these analyses which explore Latin America Scandinavia Russia Poland Hungary Serbia Czechoslovakia and Bulgaria as well as West European literatures continues to make the volume a valuable reference today As Ren Wellek suggests in his historiographic contribution the fifty one contributors not only make us think afresh about individual authors who are giants but also draw us to reassess schools and movements in their local as well as international contexts Reviewers comment that this copious and intelligently structured anthology divided into eight parts traces the conceptual bases and emergence of an international Symbolist movement showing the spread of Symbolism to other national literatures from French sources as well as the symbiotic transformations of Symbolism through appropriation and amalgamation with local literary trends Several chapters deal with the relationships between literature and the other arts pointing to Symbolism at work in painting music and theatre Other chapters on the psychological aspects of the Symbolist method connect in interesting ways to a vision of metaphor and myth as virtually musical notation and an experimental emphasis on the play afforded by gaps between words The volume is a major contribution to the most significant exponents and essential themes of Symbolism The theoretical historical and typological sections of the volume help explain why the impact of this important movement of the fin de si cle is still felt today
