Tony Merida this new commentary series projected to be 48 volumes takes a Christ centered approach to expositing each book of the Bible Rather than a verse by verse approach the authors have crafted chapters that explain and apply key passages in their assigned Bible books Readers will learn to see Christ in all aspects of Scripture and they will be encouraged by the devotional nature of each exposition

The Signifier and the Signified F. Noske,2012-12-06 The studies collected in this volume deal with the interpretation of opera In most cases the results are based on structural analysis a concept which may require some clarification in this context During the past de cade structure and structural have become particularly fashionable terms lacking exact denotation and used for the most divergent purposes As employed here structural analysis is concerned with such concepts as relationship coherence and continuity more or less in contrast to formal analysis which deals with measurable material In other words I have analysed the structure of an opera by seeking and examining factors in the musico dramatic process whereas analysts of form are generally preoccupied with the study of elements contained in the musical object Though admittedly artificial the dichotomy of form and structure may elucidate the present situation with regard to the study of opera Today nearly one hundred years after the death of Wagner the proclaimed anti thesis of Oper und Drama is generally taken for what it really was a means to propagate the philosophy of its inventor The conception of opera whether continuous or composed of numbers as a special form of drama is no longer contested Nevertheless musical scholarship has failed to draw the consequences from this view and few scholars realize the need to study general theory of drama and more specifically the dramatic experience
