Great Britain: Parliament: House of Lords: Information Committee,2009-07-15 Parliament s reputation is at a low point and parliamentarians have to respond to the public s legitimate expectations This report examines what steps the Lords should take to engage with the public and to enable members of the public to communicate with it It investigates how far the recommendations made by the Hansard Society Commission four years ago have been implemented and points the way forward Aspects covered included education outreach online communication and engagement broadcasting press and the media The Committee considers that the House of Lords can and should do more and recommends in particular that there be an online database running in parallel with debate in the Lords Chamber greater access to the House of Lords for filming information and documentation related to the core work of the House be made available online better information about members areas of expertise and interest and a review of parliamentary language used *The Medical circular [afterw.] The London medical press & circular [afterw.] The Medical press & circular* ,1873 *Newspaper Press Directory* ,1912 Lord Minto and the Indian Nationalist Movement 1905 to 1910 Syed Razi Wasti,1964 **How to Write for the Press** E. Larson,2012-12-06 Larson examines the changing relations between lords and peasants in post Black Death Durham This was a time period of upheaval and change

part of the transition from medieval to modern Many historians have argued about the nature of this change and its causes often putting forth a single all encompassing model Larson presses for the importance of individual choice and action resulting in a flexible human framework that provides a more appropriate explanation for the many paths followed in this period The theoretical side is balanced by an on the ground examination of rural life in Durham an attempt to capture the raw emotions and decisions of the period No one has really examined this most studies are speculative relying on theory or statistics rather than tracing the history of real people both in the immediate aftermath of the plague and in the longer term Durham is fortunate in that records survive in abundance for this period most other studies of rural society end at 1300 or 1348 As such this book fills a major gap in medieval English history while at the same time grappling with major theories of change for this transformative period **The Fortnightly** ,1906
