## **Los Angeles And Orange County:**

*Relocating to Los Angeles and Orange County* David Seidman, 2000 Making the Big Move to Southern California Just Got Easier Los Angeles and Orange County are among the fastest growing areas in the country But moving there can be an overwhelming and expensive experience This book gives you all the information you need to make the transition smooth and affordable including How to find a place to live fast Where to look for a job How much it costs to live in the area Where to find the best restaurants in town How to choose a neighborhood you ll love What to do in and around L A And much much more Bursting with information on everything from post offices grocery stores and health clubs to school districts and freeways Relocating to Los Angeles and Orange County helps you negotiate the area like a seasoned veteran on your very first day Find Out About Hollywood Burbank Glendale Long Beach Pasadena Santa Monica Anaheim Costa Mesa Irvine Corona And many other areas      **Los Angeles and Orange County Guide** Rand McNally, 1986-07-01      **A Marmac Guide to Los Angeles and Northern Orange County** Inge, Arline, 2006      **Orange County**, 2005 The formerly wide open space southeast of Los Angeles blossomed from cattle ranches into a center of citrus production by the early 20th century Orange County separated from Los Angeles County in 1889 soon Anaheim and Santa Ana changed from farming communities to major cities while coastal communities grew beyond anyone s imagination One of the most populous counties in the United States today Orange County began in the mid 20th century to evolve from its bedroom community status to become an urban suburban region with its own identity This collection of vintage postcards follows the county s diverse development illustrating such spots as Disneyland and the area s world renowned beaches as well as remembering the pastoral origins industries unique buildings and cityscapes that have added dimension to its history      *A Photo Tour of Orange County* Andrew Hudson, 2006-03-22 Orange County is California s second most populous county after neighboring Los Angeles County and features the state s most popular attraction Disneyland      **A People's Guide to Orange County** Elaine Lewinnek, Gustavo Arellano, Thuy Vo Dang, 2022-01-25 At first encounter Orange County can resemble the incoherent sprawl that geographer James Howard Kunstler named The Geography of Nowhere a car dependent seemingly bland space designed most of all for efficient capitalist consumption But it is somewhere too and learning its stories helps it become more than its boosters slogans Writers Lisa Alvarez and Andrew Tonkovich residents of Orange County s remote Modjeska Canyon describe this whole county as a much constructed and contrived locale a pestered and paved landscape built and borne upon stories of human development of destruction as well as happily of enduring wild places In a similar vein essayist D J Waldie chronicler of the bordering suburb of Lakewood asserts that becoming Californian means locating yourself in habitats of memory that connect ordinary local areas with broader themes Moving beyond sentimentality nostalgia and so many sales pitches that omit far too much Waldie echoes Michel de Certeau s call to awaken the stories that sleep in the streets That is the goal of this book Inspired by Laura Pulido Laura Barraclough and Wendy Cheng s *A People s Guide to Los Angeles*

University of California Press 2012 as well as the People's Guides to Boston and San Francisco that have followed it we offer this guidebook for locals tourists students and everyone who wants to understand where they really are This book is organized with regional chapters sorted roughly north to south by community Within each city sites are listed alphabetically After the group of entries for each city we recommend nearby restaurants as well as other sites of interest for visitors Readers may explore this book geographically or use the thematic tours in the appendix to consider environmental politics Cold War legacies the politics of housing LGBTQ spaces or Orange County's carceral state The appendix also contains suggestions for teachers using this book engaging students in cognitive mapping close reading popular culture analysis and creating additional entries of people's history While many local histories tend to focus on a few white settlers this book places attention on the people especially the subaltern ones who are hierarchically under others including workers people of color youth and LGBTQ individuals No single book can represent an entire county so we have chosen to concentrate on the lesser known power struggles that have happened here and influenced the landscape that we all share We could not include everyone of course We are mindful that other groups are currently creating more people's history on this landscape that we hope our readers will continue to explore In Orange County excavating the diverse past can be frowned upon or actively repressed by those invested in selling Orange County in the style of its booster Anglo settlers from 150 years ago This book tells the diverse political history beyond the bucolic imagery of orange crate labels We hope it will inspire readers to further explore Orange County and reflect on even more sites that could be included in the ordinary extraordinary landscape here
