Boyle's "The Tortilla Curtain": Urban Conditions, Racism, and Ecological Disaster in Fortress Los Angeles* Laura Schomaker, 2015-02-01 Los Angeles is famous for its sunny weather for the Hollywood film studios and for being the residence of the rich and beautiful And although or precisely because all this is more illusion than reality the city frequently serves as setting for various pieces of fiction However Los Angeles does not only play a huge role in the media but since lately also in the realm of urban studies Having long been a kind of outsider in the field it is now regarded as a prototypical example for urban development by the L A School In this context its image is less sunny and positive but reveals a deep rooted racism against Latin American immigrants in combination with a fortress mentality on the part of its white population as well as a unique urban ecology in which natural catastrophes seem to be regular occurrences This paper intends to outline the significance of Los Angeles in urban studies and trace the thereby acquired findings in a fictional representation of the city T C Boyle s novel The Tortilla Curtain In the process it is shown how urban conditions racism and nature especially in the form of ecological disasters intersect and influence each other Reinventing Citizenship Kazuyo Tsuchiya, 2014-04-15 In the 1960s and 1970s the United States and Japan went through massive welfare expansions that sparked debates about citizenship At the heart of these disputes stood African Americans and Koreans Reinventing Citizenship offers a comparative study of African American welfare activism in Los Angeles and Koreans campaigns for welfare rights in Kawasaki In working class and poor neighborhoods in both locations African Americans and Koreans sought not only to be recognized as citizens but also to become legitimate

constituting members of communities Local activists in Los Angeles and Kawasaki ardently challenged the welfare institutions By creating opposition movements and voicing alternative visions of citizenship African American leaders Tsuchiya argues turned Lyndon B Johnson s War on Poverty into a battle for equality Koreans countered the city s and the nation s exclusionary policies and asserted their welfare rights Tsuchiya s work exemplifies transnational antiracist networking showing how black religious leaders traveled to Japan to meet Christian Korean activists and to provide counsel for their own struggles Reinventing Citizenship reveals how race and citizenship transform as they cross countries and continents By documenting the interconnected histories of African Americans and Koreans in Japan Tsuchiya enables us to rethink present ideas of community and belonging Give Me Life Holly Barnet-Sanchez, Tim Drescher, 2016-12-15 This book offers detailed analyses of individual East LA murals sets them in social context and explains how they were produced

relationships and communities in twentieth century San Diego as well as in other locales throughout California and the Pacific West Coast Through racially restrictive covenants and other forms of discrimination both groups regardless of their differences were confined to segregated living spaces along with African Americans other Asian groups and a few European immigrant clusters Within these urban multiracial spaces Mexicans and Filipinos coalesced to build a world of their own through family and kin networks shared cultural practices social organizations and music and other forms of entertainment They occupied the same living spaces attended the same Catholic churches and worked together creating labor cultures that reinforced their ties often fostering marriages Mexipino children living simultaneously in two cultures have forged a new identity for themselves Their lives are the lens through which these two communities are examined revealing the ways in which Mexicans and Filipinos interacted over generations to produce this distinct and instructive multiethnic experience Using archival sources oral histories newspapers and personal collections and photographs Guevarra defines the niche that this particular group carved out for itself
