Los Bush y los Saud Craig Unger, 2004 **House of Bush, House of Saud** Craig Unger, 2004 Craig Unger begins his House of Bush House of Saud a massive seller in the US likened to All the President's Men with an explosive question how is it that two days after the attack on the World Trade Centre when U S air traffic was tightly restricted 140 Saudis many immediate kin to Osama Bin Laden were permitted to leave the country without being questioned by U S intelligence The answer lies in a hidden relationship that began in the 1970s when the oil rich House of Saud began courting American politicians in a bid for military protection influence and investment opportunity With the Bush family the Saudis hit a gusher direct access to presidents Reagan George H W Bush and George W Bush To trace the amazing weave of Saud Bush connections Unger interviewed three former directors of the CIA top Saudi and Israeli intelligence officials and more than one hundred other sources His access to major players is unparalleled and often exclusive including executives at the Carlyle Group the giant investment firm where the House of Bush and the House of Saud each has a major stake **House of Bush, House of Saud** Craig Unger, 2004-03-19 Newsbreaking and controversial an award winning investigative journalist uncovers the thirty year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy business and national security House of Bush House of Saud begins with a politically explosive question How is it that two days after 9 11 when U S air traffic was tightly restricted 140 Saudis many immediate kin to Osama Bin Laden were permitted to leave the country without being questioned by U S intelligence The answer lies in a hidden relationship that began in the 1970s when the oil rich House of Saud began courting American politicians in a bid for military protection influence and investment opportunity With the Bush family the Saudis hit a gusher direct access to presidents Reagan George H W Bush and George W Bush To trace the amazing weave of Saud Bush connections Unger interviewed three former directors of the CIA top Saudi and Israeli intelligence officials and more than one hundred other sources His access to major players is unparalleled and often exclusive including executives at the Carlyle Group the giant investment firm where the House of Bush and the House of Saud each has a major stake Like Bob Woodward's The Veil Unger's House of Bush House of Saud features unprecedented reportage like Michael Moore's Dude Where's My Country Unger's book offers a political counter narrative to official explanations this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer and sets 9 11 the two Gulf Wars and the ongoing Middle East crisis in a new context What really happened when America's most powerful political family became seduced by its Saudi counterparts **House of Trump, House of Putin** Craig Unger, 2019-09-03 THE NEW YORK TIMES BESTSELLER The story Unger weaves with those earlier accounts and his original reporting is fresh illuminating and more alarming than the intelligence channel described in the Steele dossier The Washington Post House of Trump House of Putin offers the first comprehensive investigation into the decades long relationship among Donald Trump Vladimir Putin and the Russian Mafia that ultimately

helped win Trump the White House It is a chilling story that begins in the 1970s when Trump made his first splash in the booming money drenched world of New York real estate and ends with Trump s inauguration as president of the United States That moment was the culmination of Vladimir Putin s long mission to undermine Western democracy a mission that he and his hand selected group of oligarchs and Mafia kingpins had ensnared Trump in starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City This book confirms the most incredible American paranoias about Russian malevolence To most it will be a hair raising revelation that the Cold War did not end in 1991 that it merely evolved with Trump s apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union In House of Trump House of Putin Craig Unger methodically traces the deep rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia He traces Donald Trump s sordid ascent from foundering real estate tycoon to leader of the free world He traces Russia s phoenix like rise from the ashes of the post Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower Without Trump Russia would have lacked a key component in its attempts to return to imperial greatness Without Russia Trump would not be president This essential book is crucial to understanding the real powers at play in the shadows of today s world The appearance of key figures in this book Paul Manafort Michael Cohen and Felix Sater to name a few ring with haunting significance in the wake of Robert Mueller s report and as others continue to close in on the truth

Follow the Money John Anderson, 2007-09-11 With its barbecues new Cadillacs and 4 000 snakeskin cowboy boots Texas is all about power and money and the power that money buys This detailed and wide scope account shows how a group of wealthy Texas Republicans quietly hijacked American politics for their own gain Getting George W Bush elected we learn was just the tip of the iceberg In Follow the Money award winning journalist and sixth generation Texan John Anderson shows how power in Texas has long been vested in the interconnected worlds of Houston s global energy companies banks and law firms not least among them Baker Botts the firm controlled by none other than James A Baker III the Bush family consigliere Anderson explains how the Texas political system came to be controlled by a sophisticated well funded group of conservative Republicans who after elevating George W Bush to the American presidency went about applying their hardball high dollar politicking to Washington D C When George Bush reached the White House he brought with him not only members of the Texas legal establishment among them former White House counsel Harriet Miers and Attorney General Alberto Gonzales but empowered swarms of Republican lobbyists who saw in Bush s arrival a way to make both common cause and big money Another important Beltway Texan was Congressman Tom DeLay the famous Exterminator of Houston s Twenty second District who became majority leader in 2003 and controlled which bills made it through Congress and which did not DeLay in turn was linked to lobbyist Jack Abramoff who used his relationships with both DeLay and Karl Rove on behalf of his clients creating a shockingly corrupt flow of millions of dollars

among Republican lobby groups and political action committees Washington soon became infected by Texas style politics Influence peddling deal making and money laundering followed much of it accomplished in the capital s toniest restaurants or on the fairways and beaches of luxurious resorts away from the public eye The damaging fallout has one way or another touched nearly all Americans Democrat and Republican alike Follow the Money reveals the hidden web of influence that links George W Bush Dick Cheney and the Texas Republicans to the 2000 recount in Florida the national tort reform movement the controversial late hour one vote passage of the Medicare Reform Act congressional redistricting schemes scandals in the energy sector the destruction of basic constitutional protections the financial machinery of the Christian right the manipulation of American Indian tribe casinos the Iraq War torture scandals the crooked management of the Department of the Interior the composition of the Supreme Court and the 2007 purges of seasoned prosecutors in the Justice Department Some of the actors are in federal prison others are on their way there and many more have successfully eluded a day of reckoning Told with verve style and a not so occasional raised eyebrow Anderson s account arcs directly into tomorrow s headlines Startling in its revelations Follow the Money is sure to spark controversy and much needed debate concerning which direction this country goes next [Geoeconomics](#) , *The Pandora Principle* Norbert Georg Schwarz,2019-09-23

Growth is commonly regarded as something positive as something to be rewarded At the same time the growth of the global population and economy leads to depletion of resources violent competition and consequently to the impairment of the quality of life on earth Science has opened innumerable Pandora boxes and humankind has no option but to live with the consequences Once any item of knowledge has entered the world it is practically impossible to remove it from the world We could do away with all weapons of mass destruction but still could not remove the fundamental ability of humans to construct such weapons Progress is always accompanied by destruction Where cities grow nature must give way when a new technology arises it pushes aside older technologies and where one group of humans appropriates resources it deprives another group of humans of them The discovery of fossil fuels as energy resource around 250 years ago has allowed for tremendous growth and progress in a very short time span If the current CO2 emissions continue the atmospheric CO2 concentrations will reach concentrations that negatively affect cognitive functions within the lifetime of our children and reach lethal concentrations within a few generations Methane is a 25 times more potent greenhouse gas than CO2 and might apart from human economic activities be released in large amounts from melting permafrost areas of the earth With melting of polar ice shields global warming will accelerate as sun energy that previously was reflected through the albedo effect gets saved in the oceans With depletion of resources we think of resources to keep up our civilisation such as oil and gas However we also have to consider the depletion of resources essential for the pure survival of human beings such as water While human populations grow exponentially ground water levels shrink nearly everywhere If we are not facing near term human extinction we will at least face enormous challenges in the coming years with potential mass dying in some regions of the

world most of them probably in poor developing countries of the tropics The creative power of destruction is the destructive power of creation

Arms for Oil Michael Barratt Brown, 2005 It is a fact an unfortunate fact that economic relations between the West and the Arab and other Islamic countries could for many years be described accurately in just three words Oil for Arms or alternatively Arms for Oil This has a long history going back to the First World War when the Ottoman Empire was broken up between the British and French Empires and client regimes were established in the newly created states The Second World War brought in the American Empire but the main purpose of all these empires was to control the rich oil reserves in the region Arms were supplied as necessary to maintain the client regimes in power This became essential if oil was to remain cheap

Saudi Arabia, 1986

Kings and Presidents Bruce Riedel, 2019-03-12 An insider's account of the often fraught U S Saudi relationship Saudi Arabia and the United States have been partners since 1943 when President Roosevelt met with two future Saudi monarchs Subsequent U S presidents have had direct relationships with those kings and their successors setting the tone for a special partnership between an absolute monarchy with a unique Islamic identity and the world's most powerful democracy Although based in large part on economic interests the U S Saudi relationship has rarely been smooth Differences over Israel have caused friction since the early days and ambiguities about Saudi involvement or lack of it in the September 11 terrorist attacks against the United States continue to haunt the relationship Now both countries have new still to be tested leaders in President Trump and King Salman Bruce Riedel for decades has followed these kings and presidents during his career at the CIA the White House and Brookings This book offers an insider's account of the U S Saudi relationship with unique insights Using declassified documents memoirs by both Saudis and Americans and eyewitness accounts this book takes the reader inside the royal palaces the holy cities and the White House to gain an understanding of this complex partnership

Oil, Power, and War Matthieu Auzanneau, 2020-02-20 The story of oil is one of hubris fortune betrayal and destruction It is the story of a resource that has been undeniably central to the creation of our modern culture and ever present during the darkest exploits of empire the world over For the past 150 years oil has become the most essential ingredient for economic military and political power And it has brought us to our present moment in which political leaders and the fossil fuel industry consider extraordinary and extraordinarily dangerous policy on a world stage marked by shifting power bases Upending the conventional wisdom by crafting a people's history award winning journalist Matthieu Auzanneau deftly traces how oil became a national and then global addiction outlines the enormous consequences of that addiction sheds new light on major historical and contemporary figures and raises new questions about stories we thought we knew well What really sparked the oil crises in the 1970s the shift away from the gold standard at Bretton Woods or even the financial crash of 2008 How has oil shaped the events that have defined our times two world wars the Cold War the Great Depression ongoing wars in the Middle East the advent of neoliberalism and the Great Recession among them With brutal clarity *Oil Power and War* exposes the heavy hand oil has had in all of our lives and illustrates how much heavier that

hand could get during the increasingly desperate race to control the last of the world's easily and cheaply extractable reserves

The Shadow World Andrew Feinstein, 2011-11-08 The Shadow World presents the behind the scenes tale of the global arms trade exposing in forensic detail the deadly collusion that too often exists among senior politicians weapons manufacturers felonious arms dealers and the military a situation that compromises our security and undermines our democracy Now a major PBS documentary An authoritative guide to the business of war Chilling heartbreaking and enraging Arundhati Roy Andrew Feinstein reveals the cover ups behind a range of weapons deals from the largest in history between the British and Saudi governments to the guns for diamonds deals in Africa and the current 60 billion U S weapons contract with Saudi Arabia Based on pathbreaking reporting and unprecedented access to top secret information The Shadow World takes us into a clandestine realm that is as vitally important as it is shocking

Rules for Rebels Max Abrahms, 2018-09-12 Ever wonder why militant groups behave as they do For instance why did Al Qaeda attack the World Trade Center whereas the African National Congress tried to avoid civilian bloodshed Why does Islamic State brag over social media about its gory attacks while Hezbollah denies responsibility or even apologizes for its carnage This book shows that militant group behaviour depends on the tactical intelligence of the leaders The author has extensively studied the political plights of hundreds of militant groups throughout world history and reveals that successful militant leaders have followed three rules These rules are based on original insights from the fields of political science psychology criminology economics management marketing communication and sociology It turns out there's a science to victory in militant history But even rebels must follow rules

Cold War in the Islamic World Dilip Hiro, 2019-02-01 For four decades Saudi Arabia and Iran have vied for influence in the Muslim world At the heart of this ongoing Cold War between Riyadh and Tehran lie the Sunni Shia divide and the two countries intertwined histories Saudis see this as a conflict between Sunni and Shia Iran's ruling clerics view it as one between their own Islamic Republic and an illegitimate monarchy This foundational schism has played out in a geopolitical competition for dominance in the region Iran has expanded its influence in Syria Iraq and Lebanon while Saudi Arabia's hyperactive crown prince Muhammad bin Salman has intervened in Yemen isolated Qatar and destabilized Lebanon Dilip Hiro examines the toxic rivalry between the two countries tracing its roots and asking whether this Islamic Cold War is likely to end any time soon

The Judgment Against Imperialism, Fascism and Racism Against Caliphate and Islam Khondakar Golam Mowla, 2008-10 This book is all about Caliphate and Islam which was destroyed in 1914 through first illegal invasion of Iraq and Caliphate was abolished on 29th October 1923 by Ataturk a secret Jew according to Joachim Prinz as he mentioned in his famous book The Secret Jews pg 122 Largest Muslims which more than total Arab Muslims live in Indonesia and Malaysia and part of Philippine where no Muslim or Arab invader invaded and the fact is Europeans and USA invaded these countries Sufis from Iran and Arab world spread Islam in these countries Muslims were in America before arrival of Europeans October 21 1492 Columbus admitted in his papers that while his ship was sailing near Gibara on the

northeast coast of Cuba he saw a Mosque on the top of a beautiful mountain Ruins of Mosques and minarets with inscriptions of Qur'anic verses have been discovered in Cuba Mexico Texas and Nevada In 1492 Columbus had two captains of Muslim origin during his first voyage one named Martin Alonso Pinzon the captain of the Pinta and his brother Vicente Yanex Pinzon the captain of the Nina They were wealthy expert ship outfitters who helped organize Columbus expedition and repaired the flagship Santa Maria The Pinzon family was related to Abuzayan Muhammad III the Moroccan Sultan of the Marinid Dynasty 1196-1465 i There is European Union for Europeans and same Europeans or Anglo Saxons who illegally occupied 4 continents of North America South America Australia and Antarctica and still today they are illegally occupying those 4 continents and sending powerful Navy Air Force Arm Force to Bahrain Dhahrain Iraq Afghanistan and Persian Gulf and many part of this world But why Europeans or Anglo Saxons are afraid of Caliphate on the model of European Union or USA Has ever Hitler invaded 4 continents except his own Europe The answer is no So all must see their own face in the mirror before blaming any race or religion or individual It has become every day habit to blame Islam and Muslims where as no Arab or Muslim invader ever went to Indonesia or Malaysia where largest Muslim group live and Indonesia is the Largest Muslim country though so called Europeans Christians invaded both Indonesia and Malaysia So why has it become every day habit to blame Caliphate Muslims and Arab Have you ever heard that Muslim version of FBI or MI5 ever questioned Europeans in India or Arab World when Muslims were sole power in earth for over a thousand years and when Muslim rulers allowed Europeans to be immigrants in land of Caliphate or India for that greatness those Europeans became spies and occupied Muslim land So why FBI or MI5 dare to harass Muslims Why there is such cowardly behavior and attitude of FBI MI5 or CIA and MI6 and other Western agencies The way present genocide is going in Iraq Afghanistan and it already started in northern Pakistan besides the threat of genocide against Iran with same pretext of WMD in Iraq we must be terrified There was no limit of lies and deception in human history There is no limit of genocide in human history too During last European War over 70 million people the majority of them civilians were killed making it the deadliest conflict in human history 3 Muslims even did not kill 70 millions during last 1400 years *Saudi Arabia Exposed* John R. ,1996 **The American Deep State** Peter Dale Scott,2017-05-02 Now in a new edition updated through the unprecedented 2016 presidential election this provocative book makes a compelling case for a hidden deep state that influences and often opposes official U S policies Prominent political analyst Peter Dale Scott begins by tracing America s increasing militarization restrictions on constitutional rights and income disparity since World War II With the start of the Cold War he argues the U S government changed immensely in both function and scope from protecting and nurturing a relatively isolated country to assuming ever greater responsibility for controlling world politics in the name of freedom and democracy This has resulted in both secretive new institutions and a slow but radical change in the American state itself He argues that central to this historic reversal were seismic national events ranging from the assassination of President Kennedy to 9 11 Scott marshals compelling evidence that the deep state is now partly institutionalized in non accountable intelligence agencies like the CIA and NSA but it also extends its reach to private corporations like Booz Allen Hamilton and SAIC to which 70 percent of intelligence budgets are outsourced Behind these public and private institutions is the influence of Wall Street bankers and lawyers allied with international oil companies beyond the reach of domestic law Undoubtedly the political consensus about America s global role has evolved but if we want to restore the country s traditional constitutional framework it is important to see the role of particular cabals such as the Project for the New American Century and how they have repeatedly used the secret powers and network of Continuity of Government COG planning to implement change Yet the author sees the deep state polarized between an establishment and a counter establishment in a chaotic situation that may actually prove more hopeful for U S democracy **Confessions of an Economic Hit Man** John Perkins,2023-02-28 Los Angeles Times

Bestseller How do we stop the unrelenting evolution of the economic hit man strategy and China s takeover The riveting third edition of this New York Times bestseller blows the whistle on China s economic hit man EHM strategy exposes corruption on an international scale and offers much needed solutions for curing the degenerative Death Economy In this shocking expos former EHM John Perkins gives an insider view into the corrupt system that cheats and strong arms countries around the globe out of trillions of dollars and ultimately causes staggering income inequality and ecological devastation EHMs are highly paid professionals who use development loans to saddle countries with huge debts and force them to serve US interests Now a new EHM wave is infecting the world and at the peak of the devastation sits China a newly dominant economic power with its own insidious version of the US EHM blueprint Twelve explosive new chapters detail the allure exploitation and wreckage of China s EHM strategy in Latin America Asia Africa the Middle East and Europe If allowed to continue its rampage the EHM strategy whether executed by the United States or China will destroy life as we know it However all is not lost Perkins offers a plan for transforming this system that places profits above all into a Life Economy that restores the earth He inspires readers to take actions toward a new era of global cooperation that will end the United States s and China s EHM strategies for good **The Fourth Branch** Michael L. Rees,2008 I have come to the conclusion

that our national government has gotten itself infested with an unknown but large number of people who do not have the best interests of the people the country or the planet as a whole at heart Instead they are some combination of totally unproductive or wasteful in the extreme or corrupt or criminal which includes those who have no concept of right or wrong and those who appear to be pursuing goals harmful to the country and to the individual citizen Unfortunately it seems likely that more than a few such people have inserted themselves into positions of power Worse they have assisted others of their kind into supporting positions of power so that it seems very hard to root them out It s a simple book one that I hope doesn t take you too long to read YouOve read enough already to form some idea of whether you might agree with this conclusion If not skip it Do something that seems more interesting to you But if you think there might be something to this read on I will briefly discuss some events and portions of the US government that I think illustrate the likelihood of what I described in paragraphs one and two above being true Chapter Two outlines a proposed solution for this dilemma facing all of us How can we keep our government efficient inexpensive and honest Can anything be done about it I take the position that the answer to that question is yes
