Losey's career began with experimental theatre in N Y and on to the Hollywood blacklists. In addition to appraising his thirty-one features, provides a compelling portrait of a hugely driven talent honoured in Europe but ignored in Hollywood whose creative generosity, alcohol addiction and sometimes brutal egoism excited equally fierce reactions. Joseph Losey Foster Hirsch,1980 Joseph Losey Paolo Gobetti,1967 **Joseph Losey** Colin Gardner,2019-01-11 The career of Wisconsin born Joseph Losey spanned over four decades and several countries. A self-proclaimed Marxist and veteran of the 1930s Soviet agit-prop theater, he collaborated with Bertolt Brecht before directing noir B pictures in Hollywood. A victim of McCarthyism, he later crossed the Atlantic to direct a series of seminal British films such as *Time Without Pity*, *Eve the Servant* and *The Go Between*, which mark him as one of the cinema's greatest baroque stylists. His British films reflect on exile and the outsider's view of a class-bound society in crisis through a style rooted in the European art-house tradition of Resnais and Godard. Gardner employs recent methodologies from cultural studies and poststructural theory exploring and clarifying the films' uneasy tension between class and gender and their explorations of fractured temporality. **I Died a Million Times** Robert Miklitsch,2021-01-11 In the 1950s the gangster movie and film noir crisscrossed to create gangster noir. Robert Miklitsch takes readers into this fascinating subgenre of films focused on crime syndicates, crooked cops and capers. With the Senate's organized crime hearings and the brighter-than-bright myth of the American Dream as a backdrop, Miklitsch examines the style and history and the production and cultural politics of classic pictures from *The Big Heat* and *The Asphalt Jungle* to lesser-known gems like *711 Ocean Drive* and post-Fifties movies like *Ocean's Eleven*. Miklitsch pays particular attention to trademark leitmotifs including the individual versus the collective, the family as a locus of dissension and rapport, the real-world roots of the heist picture and the syndicate as an octopus with its tentacles deep into law enforcement, corporate America and government. If the memes of gangster noir remain prototypically dark, the look of the films becomes lighter and flatter, reflecting the influence of television and the realization that under the cover of respectability, crime had moved from the underworld into the mainstream of contemporary everyday life. *Marked Women* Russell Campbell,2006-04-05 Julia Roberts played a prostitute famously in *Pretty Woman*. So did Jodie Foster in *Taxi Driver*, Jane Fonda in *Klute*, Anna Karina in *Vivre sa vie*, Greta Garbo in *Anna Christie* and Charlize Theron who won an Academy Award for *Monster*. This engaging and generously illustrated study explores the depiction of female prostitute characters and prostitution in world cinema from the silent era to the present-day industry. From the woman with control over her own destiny to the woman who cannot get away from her pimp, Russell Campbell shows the diverse representations of prostitutes in film. *Marked Women* classifies fifteen recurrent character types and three common narratives, many of them with their roots in male fantasy. *The Happy Hooker* for

example is the liberated woman whose only goal is to give as much pleasure as she receives while the Avenger a nightmare of the male imagination represents the threat of women taking retribution for all the oppression they have suffered at the hands of men The Love Story a common narrative represents the prostitute as both heroine and anti heroine while Condemned to Death allows men to manifest in imagination only their hostility toward women by killing off the troubled prostitute in an act of cathartic violence The figure of the woman whose body is available at a price has fascinated and intrigued filmmakers and filmgoers since the very beginning of cinema but the manner of representation has also been highly conflicted and fiercely contested Campbell explores the cinematic prostitute as a figure shaped by both reactionary thought and feminist challenges to the norm demonstrating how the film industry itself is split by fascinating contradictions

Prime provides detailed accounts of the production and reception of their European films that clarify the ambivalence with which Hollywood was regarded within postwar European culture Drawing upon extensive archival research including previously classified material Hollywood Exiles in Europe suggests the need to rethink our understanding of the Hollywood blacklist as a purely domestic phenomenon By shedding new light on European cinema s changing relationship with Hollywood the book illuminates the postwar shift from national to transnational cinema **The Cinema of John Boorman**
