research I experience I seek gurus I talk to my peers Yet I remember at the end of it all I am the expert of my own body We may all have the same healthy living goal longer healthier lives but it s ok for each of us to construct our own path to get there Are you ready It s time to start creating yours Carla Birnberg How to Manage Your Home Without Losing Your Mind Dana K. Losing Your Head Abjection Aesthetic Conflict and Psychoanalytic Criticism looks at the subject of beheading in art as a trope of the destruction of the mind This book discusses both psychoanalytic theory and art criticism It addresses critics readers and spectators interested in the keys of interpretation that psychoanalysis can offer and analysts who are curious to know if artists can help them refine the tools they use every day It asks whether artists have something to say about the concepts of reverie and negative reverie or about change as aesthetic transformation and about aesthetic experience as a paradigm of what is most true and most profound in analysis Why write about beheading Many art galleries feature paintings of heroines performing this cruel act Delilah Salome Judith Yael and others At the antithesis to this there is another theme to be found in painting that consistently garners attention namely the so called Sacred Conversation in which the Madonna holds a small child in her lap and their gazes cross The first scene depicts how a mind is destroyed the second how it is born *Losing Your Head* analyzes well known artwork from classical literature cinema and contemporary art to enhance psychoanalytic understanding

Case! Lose Your Heart, Not Your Mind: Smart Woman's Guide to Marriage and Self-Sufficiency (HC) Aliette

Carolan, 2017-06-07 In this practical guide Aliette Carolan insightfully outlines the keys to a successful marriage and its dissolution. She paves the way for women especially to feel empowered in their life choices which then allows them to make the best decisions for themselves and their family. This is a great guide for any woman who wants to be smart, empowered and conscious in the choices she makes in love, life and family. Dr. Shefali Tsabary, NYT Bestselling Author of *THE AWAKENED FAMILY*, GIVE AWAY YOUR HEART but don't lose your mind. Know the deal you're getting into. Know that self-preservation is the key to a happy marriage and a happy divorce. We don't take a job expecting that we'll hate it and quit. We don't sign the lease on an apartment we'll be sick of in six months and we don't enter into a relationship planning for the breakup. But the flip side is that we shouldn't expect any relationship we enter into will save us from the responsibility of being self-sufficient. No matter where you are in the process: dating, engaged, married, contemplating separation and divorce, if you can realize why you have to put yourself first, you're halfway there. Whether you're in the rapturous throes of endless love or the first moments of stomach-churning awareness that your marriage is falling apart, this book is for you. It's for every woman who understands that self-preservation will not happen if you rely on someone else to save you. You need to maintain or begin to establish your personal independence and financial solvency if you want to be self-sufficient no matter what life throws at you. You can lean on someone but you have to be able to stand on your own two feet at a moment's notice and that's what this book is about.

Passionate Work Renyi Hong, 2022-04-04 In *Passionate Work*, Renyi Hong theorizes the notion of being passionate about your work as an affective project that encourages people to endure economically trying situations like unemployment, job change, repetitive and menial labor, and freelancing. Not simply a subject of aspiration, passion has been deployed as a means to build resilience and mend disappointments with our experiences of work. Tracking the rise of passion in nineteenth-century management to trends like gamification, coworking, and unemployment insurance, Hong demonstrates how passion can emerge in instances that would not typically be understood as passionate. Gamification numbs crippling boredom by keeping call center workers in an unthinking, suspensive state pursuing even the most banal tasks in hope of career advancement.

Coworking spaces marketed toward freelancers combat loneliness and disconnection at the precise moment when middle class sureties are profoundly threatened Ultimately Hong argues the ideal of passionate work sustains a condition of cruel optimism in which passion is offered as the solution for the injustices of contemporary capitalism
