Lost Oasis The True Story Behind The English Patient:

The Lost Oasis Saul Kelly, 2009-04-20 The Lost Oasis tells the true story behind The English Patient An extraordinary episode in World War II it describes the Zerzura Club a group of desert explorers and adventurers who indulged in desert travel by early model motor cars and airplanes and who searched for lost desert oases and ancient cities of vanished civilizations In reality they were mapping the desert for military reasons and espionage The club's members came from countries that soon would be enemies England and the Allied Forces v Italy and Germany When war erupted in 1939 Ralph Bagnold founded the British Long Range Desert Group to spy on and disrupt Rommel's advance on Cairo while a fellow club member Hungarian Count Almásy succeeded in placing German spies there Ultimately the British prevailed Saul Kelly's riveting history draws on interviews with survivors and previously unknown documentary material in England Italy Germany Hungary and Egypt His book reads like a thriller with one key difference it's all true **Ken Follett and the Triumph of**

Suspense Carlos Ramet, 2014-11-26 Ken Follett wrote his first international bestseller Eye of the Needle when he was 25 years old He has since been one of the most consistent international best selling authors with approximately 130 million copies of his books sold worldwide His manifold influences on the thriller genre includes the pioneering use of strong female characters in espionage stories and the development of the historical thriller as a new form of novel exemplified by Winter of the World 2012 This book is an investigation of Follett's development as an author and of the craft of writing and the negotiation of serious versus popular literary value from his earliest short stories and screenplays through his mature thrillers and entertainment fiction Unpublished materials are also considered including his notes business and personal correspondence unpublished drafts journal entries and outlines Follett's dramatic shift to writing historical fiction may be his most enduring legacy Libya and the West Peter L. Hahn, 2025 This book provides an overview of Libya's modern history

through the perspective of Libyan Western relations Tracing Libya's history from the Barbary Wars to the present day it explains how Libya came to play an outsized role in world affairs during the 20th and 21st century The book takes readers through Italy's conquest and colonization of Libya the Allied liberation of Libya from the Axis during World War II the birth of an independent Libya Libya's stance towards the Arab Israeli conflict the Libyan revolution of 1969 the rise of Muammar al Qaddafi Libyan sponsorship of terrorism in the 1970s and 1980s Libya's rapprochement with the west in the early 2000s the outbreak of the Libyan Revolution in 2011 and the rise of ISIS in Libya Each chapter presents a series of questions and answers that explain how Libya its people and its leaders faced the challenges of international relations and state building in the 20th and 21st centuries The foreign policies of successive United States presidential administrations towards Libya from Franklin D Roosevelt through Joseph R Biden are discussed Readers interested in Libya's history the history of the Middle East or histories of U S foreign policy will find this book an excellent primer on how Libyans and the leaders of Italy Great Britain the United States and France navigated complex relationships with Libya **The Secret War for the Middle East**

Youssef Aboul-Enein,2013-10-15 It can be argued that the Middle East during the World War II has been regarded as that conflict's most overlooked theater of operations Though the threat of direct Axis invasion never materialized beyond the Egyptian Western Desert with Rommel's Afrika Korps this did not limit the Axis from probing the Middle East and cultivating potential collaborators and sympathizers These actions left an indelible mark in the socio political evolution of the modern states of the Middle East This book explores the infusion of the political language of anti-Semitism nationalism fascism and Marxism that were among the ideological byproducts of Axis and Allied intervention in the Arab world The status of British dominated Middle East was tailor made for exploitation by Axis intelligence and propaganda German and Italian intelligence efforts fueled anti British resentments their influence shaped the course of Arab nationalist sentiments throughout the Middle East A relevant parallel to the pan Arab cause was Hitler's attempt to bring ethnic Germans into the fold of a greater German state In theory as the Sudeten German stood on par with the Carpathian German so too according to doctrinal theory did the Yemeni stand in union with the Syrian in the imagination of those espousing pan Arabism As historic evidence demonstrates this very commonality proved to be a major factor in the development of relations between Arab and Fascist leaders The Arab nationalist movement amounted to nothing more than a shapeless fragmented counter position to British imperialism imported to the Arab East via Berlin for Nazi aspirations

Double Agent Peter Duffy,2014-07-22 An account of a virtually unknown pre World War II counterespionage operation describes how naturalized German American agent William G Sebald became the FBI's first double agent and was a pivotal figure in the arrests of 33 enemy agents for the Nazis

postmodern era This metamorphosis draws together poststructuralist conceptualizations of epistemology textuality cartography and metaphor and signals a shift away from modernist preoccupations with temporality and objectivity to a postmodern pragmatics of spatiality and subjectivity Cartographic Strategies of Postmodernity charts this metamorphosis of cartographic metaphor and argues that the ongoing reworking of the map metaphor renders it a formative and performative metaphor of postmodernity [The Journal of Military History](#) ,2005-10 *Program of the ...
