Lost in the New West Mark Asquith, 2021-10-07 Lost in the New West investigates a group of writers John Williams Cormac McCarthy Annie Proulx and Thomas McGuane who have sought to explore the tensions inherent to the Western where the distinctions between old and new myth and reality authenticity and sentimentality are frequently blurred Collectively these authors demonstrate a deep seated attachment to the landscape people and values of the West and offer a critical appraisal of the dialogue between the contemporary West and its legacy Mark Asquith draws attention to the idealistic young men at the center of such works as Williams s *Butcher s Crossing* 1960 McCarthy s *Blood Meridian* 1985 and *Border Trilogy* Proulx s Wyoming stories and McGuane s *Deadrock* novels For each writer these characters struggle to come to terms with the difference between the suspect mythology of the West that shapes their identity and the reality that surrounds them They are in short lost in the new West
