The League of the Dream Hunters Naysan Albaytar, In a world where dreaming has ceased to exist dreams have become some of the most valuable commodities They are rare sought after and they fetch a price higher than diamond or gold Alec was born in the era of the pale generations generations of individuals with white streaks on their skin blank eyes staring off in the distance and soul hollow from having lost the natural ability to dream He was one of the rare individuals in this era who still retained the gift of dreaming a gift he considered both a blessing and a curse When he joined The League of the Dream Hunters an elite organization formed to retrieve stolen dreams and return them to their owners it was for only two reasons to look for his missing brother and to find the dream that was stolen from their family so many years back one that cost the life of both of his parents In the league he learned more about the pale generations and the Makus He discovered that there was so much more to the gift that he had and so much more about the world he thought he knew And as he grew nearer towards finding his brother and the lost dream he had to face the guilt that had consumed him since his parents death the immensity of the gift he had and the responsibility that came with it
