Hannibal, 2016-11-08 James R Hannibal presents a thrilling adventure through history complete with mysteries secret items codes and a touch of magic in this stunning middle grade debut Thirteen year old Jack Buckles is great at finding things Not just a missing glove or the other sock but things normal people have long given up on ever seeing again If only he could find his father who has disappeared in London without a trace But Jack s father was not who he claimed to be It turns out that he was a member of a secret society of detectives that has served the crown for centuries and membership into the Lost Property Office is Jack s inheritance Now the only way Jack will ever see his father again is if he finds what the nefarious Clockmaker is after the Ember which holds a secret that has been kept since the Great Fire of London Will Jack be able to find the Ember and save his father or will his talent for finding things fall short The Laws of Innkeepers John E. Wiedyanoe, Sony Giovanni Mulyono, Satrio Bagaskara Gunadi Putra, 2025-06-25 The theme of the police especially in a country with multiethnic multicultural characteristics and geographical conditions like Indonesia is a theme that will never run out of discussion The numerous variables that are the focus of police activities in Indonesia make the perspective of policing very rich and offer an interesting point of view to be researched and discussed in written works including both popular and scientific papers based on research and literature studies However so far there is still little literature discussing this topic in English especially from those directly involved in the world of policing in Indonesia namely members of the Indonesian National Police For this reason this edited book is one of the efforts to discuss the rich perspective on Indonesian policing The articles in this book are written by police personnel who are currently pursuing or have completed a master's or doctoral degree abroad Some of the writings written in collaboration with high ranking officers of the Indonesian National Police offer an eagle eye view that is slightly different from the books on policing in Indonesia that have been published before This book is expected to spark positive discussions on several technical policing issues in Indonesia which can later serve as a valuable reference for further research on the management of public security order and law enforcement both in Indonesia and globally
