Mojud Bhagwan Shree Rajneesh,1988-03-01 *The Spiritual Guide* Richard White,2016-11-10 Many people ask How can I live a more spiritual life a life that can ultimately lead to enlightenment And by way of an answer this book describes four of the most important steps that we can take along the spiritual path staying open to suffering living a generous life cultivating mindfulness and wonder and accepting death but affirming joy The Spiritual Guide offers a clear discussion of basic spiritual themes It does not assume the truth of any given standpoint and it has something to say to all people regardless of their religious affiliation or lack of it Most of us are profoundly concerned with meaning of life issues but academic philosophy is remote while new age spirituality can be impossibly vague This book uses parables philosophical ideas and stories from a variety of religious and philosophical traditions to illuminate what it means to live in a spiritual way The Spiritual Guide is both practical and theoretical and it speaks directly to readers as students of life

Tales of the Dervishes Idries Shah,2016-11-18

Although enormously attractive as sheer entertainment Dervish tales were never presented merely on the level of a fable legend or folklore They stand comparison in wit construction and piquancy with the finest stories of any culture yet their true function as Sufi teaching stories is so little known in the modern world that no technical or popular terms exist to describe them The material in Tales of the Dervishes is the result of a thousand years of development during which Dervish masters used these and other teaching stories to instruct their disciples The tales are held to convey powers of increasing perception unknown to the ordinary man
