Natural Rights Liberalism From Locke To Nozick:

Natural Rights Liberalism from Locke to Nozick Ellen Frankel Paul, Fred Dycus Miller, Jeffrey Paul, 2005 The essays in this book have also been published without introduction and index in the semiannual journal *Social philosophy and policy* volume 22 number 1 T p verso Includes bibliographical references and index *Natural Rights Liberalism from Locke to Nozick: Volume 22, Part 1* Ellen Frankel Paul, Fred D. Miller, Jr, Jeffrey Paul, 2004-12-27 This collection of essays is dedicated to the memory of the late Harvard philosopher Robert Nozick who died in 2002 The publication of Nozick's *Anarchy, State, and Utopia* in 1974 revived serious interest in natural rights liberalism which beginning in the latter half of the eighteenth century had been eclipsed by a succession of antithetical political theories including utilitarianism, progressivism, and various egalitarian and collectivist ideologies Some of our contributors critique Nozick's political philosophy Other contributors examine earlier figures in the liberal tradition most notably John Locke whose *Second Treatise of Government* published in the late seventeenth century profoundly influenced the American founders The remaining authors analyze natural rights liberalism's central doctrines *Nozick's Libertarian Project* Mark D. Friedman, 2011-03-17 Elaborating on and defending a rigorous rights-based libertarianism Mark D. Friedman here develops the seminal ideas articulated by Robert Nozick in his landmark work *Anarchy, State, and Utopia* Consolidating more than three decades of scholarly and popular writing to have emerged in the wake of Nozick's text Friedman offers a 21st century defense of the minimal libertarian state In the course of this analysis and drawing on further insights offered by the work of F. A. Hayek Nozick's *Libertarian Project* shows that natural rights libertarianism can offer convincing answers to the fundamental questions that lie at the heart of political theory The book also rebuts many of the most common criticisms to have been levelled at this worldview including those from left libertarians and from egalitarians such as G. A. Cohen *John Locke's Political Philosophy and the Hebrew Bible* Yechiel M. Leiter, 2018-06-28 John Locke whose ideas helped give birth to the United States predicated his political theory on the Hebrew Bible Why **Benjamin Franklin, Natural Right, and the Art of Virtue** Kevin Slack, 2017 A thorough examination of Benjamin Franklin's works on philosophy and politics arguing that Franklin was a philosopher of natural right **On the Spirit of Rights** Dan Edelstein, 2018-12-14 By the end of the eighteenth century politicians in America and France were invoking the natural rights of man to wrest sovereignty away from kings and lay down universal basic entitlements Exactly how and when did rights come to justify such measures In *On the Spirit of Rights* Dan Edelstein answers this question by examining the complex genealogy of the rights that regimes enshrined in the American and French Revolutions With a lively attention to detail he surveys a sprawling series of debates among rulers, jurists, philosophers, political reformers, writers, and others who were all engaged in laying the groundwork for our contemporary systems of constitutional governance Every seemingly new claim about rights turns out to be a variation on a theme as late medieval notions were subtly repeated and refined to yield the talk of rights we recognize today From the Wars of Religion to the

French Declaration of the Rights of Man and of the Citizen to the 1948 Universal Declaration of Human Rights On the Spirit of Rights is a sweeping tour through centuries of European intellectual history and an essential guide to our ways of thinking about human rights today

Problems of Market Liberalism: Volume 15, Social Philosophy and Policy, Part 2 Ellen Frankel Paul,Fred D. Miller (Jr.),Jeffrey Paul,1998-10-13 These essays assess market liberal or libertarian political theory They provide insights into the limits of government develop market oriented solutions to pressing social problems and explore some defects in traditional libertarian theory and practice Some of the essays deal with crucial theoretical issues asking whether the promotion of citizens welfare can serve as the justification for the establishment of government or inquiring into the constraints on individual behavior that exist in a liberal social order Some essays explore market liberal or libertarian positions on specific public policy issues such as affirmative action ownership of the airwaves the provision of healthcare or the regulation of food and drugs Other essays look at property rights the morality of profit making or the provision of public goods Still others address libertarianism as a political movement suggesting ways in which libertarians can reach out to those who do not share their views
