

The 19-Point Introduction to the Nature of Nature

By Nebu Ka Ma'at (2015)

The following are 19 points that serve as an Introduction to Nature-Science, and also serve as a recap and memory drill for those already familiar with the Nature of Nature:

WHO OR WHAT IS THE SUPREME BEING?

1. Listen to Reason! The Supreme-Being is All-Space, All-Matter and All-Time; all persons, all places and all things; past present and future, infinite in all directions, called Infinite-Almighty-Eternal Absolute-Nature; or Infinite-SPACE, Almighty-MATTER and Eternal-TIME, which is Absolute-NATURE. According to Universe Annals and Nature Scientists the natural cycles and Laws of Nature consists of four stages of ethereal-philosophy when dealing with the Nature-Science of Absolute-NATURE (see diagram 2). These are: (1) Noponoone, of the Pygmy Gods and Goddesses, (2) Noone of the Ptah, Ethiopian and Pitchnova peoples, (3) Pantheism (aka Polytheism), of the Phoenician, Indian and Mongolian peoples, and (4) Monotheism (aka Religion), of the Caucasian peoples. However, there is a fifth that serves as an intermediary between Noone and Pantheism called Sabaism (or Nuwaapu). At this present juncture within Space-Time, the Nature-Science of Noone is the resurrectionist philosophy for all persons living today; but in particular the Ptahkindred, who are the current Ethiopian and Pitchnova peoples. Noone, therefore, deals with the origins and endings of all persons, all places and all things; past, present and future; covering All-Space, All-Matter and All-Time (aka SMaT) – The Supreme-Being. The Law of "x" is the Nature of "x" is the Purpose of "x". Let it be remembered always and let it be known.

WHAT IS SPACE, MATTER AND TIME?

2. Listen to Reason! According to the Annals of Universe and Nature-Science SPACE is defined as the vacuum of Infinite-Consciousness within which Matter exist, whereas MATTER is everything and anything that occupies SPACE; including Energy, Brain-Noots, Mind and REASON. And TIME is the Eternal-Keeper of SPACE and MATTER. Let it be remembered always and let it be known.
3. Listen to Reason! SPACE is masculine in principle and positive in polarity; in contrast to MATTER which is feminine in principle and negative in polarity. The vacuum of Infinite-SPACE is, by Nature, perfect in the sense that Space is the unmovable mover. Because, Space has never been moved, can never move nor can ever be moved even if it wanted to move or be moved. Thus, Space is constant and perfect in positivity and within its Nature. Almighty-MATTER is, by Nature, imperfect in the sense that Matter is movable, changeable, alternatable and alterable. Because, Matter is anything and everything that occupy Space; and Matter moves, changes, alternates and alters within Nature, thus Matter is imperfect within Space, yet is perfect in negativity and within its Nature. Eternal-TIME is the keeper of Infinite-SPACE and Almighty-MATTER. Space and Matter needs Time in order to exist. The three are inseparable and are known as the Triad of SMaT. Let it be remembered always and let it be known.
4. Listen to Reason! Absolute-NATURE is the Triad of Infinite-SPACE, Almighty-MATTER and Eternal-TIME. Infinite-Almighty-Eternal-Nature occurs in cycles of 720°s over a 72 Million year period. Thus, each degree lasts 100,000 years. Absolute-Nature makes changes, one degree at a time, for better or worse standards, according to the natural conditions of where we are on the
