Nazi Looting The Plunder Of Dutch Jewry During The Second World War:

Nazi Looting Gerard Aalders, 2004 The Nazi looting machine was notoriously efficient during the Second World War In the Netherlands 8.5 million citizens suffered losses estimated at 3.6 billion guilders Approximately one third of these losses were borne by Jews who comprised only 1.6% of the total population In today's terms the German occupiers stripped the Jewish population of assets worth 7 billion Nazi Looting offers a comprehensive history of the Dutch experience and demonstrates how reputable indigenous institutions acted as willing collaborators Beginning with a survey of international law and various definitions of looting the author shows how the Germans systematically robbed Dutch Jewry through a variety of means that gave the outward appearance of honest trading Forced to sell under duress and at unreasonably low prices few dared refuse the German on the doorstep when threatened with prison or incarceration in a camp The plundering was total and systematic In May 1940 a team of highly trained art historians linguists musicologists and literary experts arrived immediately behind the victorious German troops to catalogue the vast collections for Hitler From 1941 Jews were compelled to deposit all their money into a bank called Lippmann Rosenthal Co The name of the bank itself was a cynical ploy since it was taken from a respected Jewish owned Amsterdam bank and presented as a new branch This bank however simply channelled money into the Third Reich with the help of the Amsterdam Stock Exchange insurance brokers and other well established Dutch banks Once the Jews were deported their houses were emptied and the contents used to re-furnish bombed out areas of the Reich In common with many other formerly Nazi occupied countries in Europe the Netherlands has been unable to retrieve many of its pre-war assets More than fifty years after the war's end 20% of its most important pre-war museum exhibits and approximately 80% of the less important works remain untraced **Art and the Nazis, 1933-1945**

Arthur J. McLaughlin, Jr., 2022-01-13 This first comprehensive analysis of the Third Reich's efforts to confiscate, loot, censor and influence art begins with a brief history of the looting of artworks in Western history The artistic backgrounds of Adolf Hitler and Hermann Goering are examined along with the various Nazi art looting organizations and Nazi endeavors to both censor and manipulate the arts for propaganda purposes Long-held beliefs about the Nazi destruction of degenerate art are examined drawing on recently developed university databases, new translations of original documents and recently discovered information Theft and destruction of artworks by the Allies and looting by Soviet trophy brigades are also documented **Nazi Secret Warfare in Occupied Persia (Iran)**

Adrian O'Sullivan, 2014-08-05 This is the first full-length work to be published about the spectacular failure of the German intelligence services in Persia/Iran during WWII Based on archival research it analyzes a compelling history of Nazi planning, operations, personalities and intrigues and follows the protagonists from Hitler's rise to power into the postwar era *Searching for Justice After the Holocaust* Michael J. Bazyler, Kathryn Lee Boyd, Kristen Nelson (Lawyer), Rajika Shah, 2019 The Nazis and their state-sponsored cohorts stole mercilessly from the Jews of Europe In the aftermath of the Holocaust returning survivors had to navigate a frequently

unclear path to recover their property from governments and neighbors who had failed to protect them and who often had been complicit in their persecution This book is about the less publicized area of post Holocaust restitution involving immovable real property confiscated from European Jews and others during World War II **Hitler's Bounty Hunters** Ad van Liempt,2005-04-01 Why were the Nazis so successful in deporting Jews Why did families such as Anne Frank's get turned in Investigative journalist Ad van Liempt pulls back the curtain on the shocking practice of Dutch bounty hunters of the Jews and reveals that ordinary citizens were prepared to turn over their Jewish countrymen in exchange for cash Van Liempt examines in great detail the careers of bounty hunters and describes some particularly horrifying cases The most gripping are those involving young children In one case two bounty hunters traveled hundreds of miles to get their hands on a two year old girl living in a safe house a month later she was gassed at Sobibor In court the bounty hunters consistently maintained that they received no premiums for their work but the author shows the opposite to be true and traces the money involved This haunting book uncovers a facet of the Holocaust that has previously been largely neglected and brings to light the day to day workings of the persecution of the Jews *The Political Diary of Alfred Rosenberg and the Onset of the Holocaust* Jürgen Matthäus, Frank Bajohr,2015-09-28 Published in association with the United States Holocaust Memorial Museum In December 2013 after years of exhaustive search the U S Holocaust Memorial Museum received more than four hundred pages of diary notes written by one of the most prominent Nazis the Party's chief ideologue and Reich minister for the occupied Soviet territories Alfred Rosenberg By combining Rosenberg's diary notes with additional key documents and in depth analysis this book shows Rosenberg's crucial role in the Nazi regime's anti Jewish policy In the second half of 1941 the territory administered by Rosenberg became the region where the mass murder of Jewish men women and children first became a systematic pattern Indeed months before the emergence of German death camps in Poland Nazi leaders perceived the occupied Soviet Union as the area where the final solution of the Jewish question could be executed on a European scale Covering almost the entire duration of the Third Reich these previously inaccessible sources throw new light on the thoughts and actions of the leading men around Hitler during critical junctures that led to war genocide and Nazi Germany's final defeat *A Concise History of the Netherlands* James C. Kennedy,2017-07-13 This book offers a comprehensive yet compact history of this surprisingly little known but fascinating country from pre history to the present **The Holocaust in Greece** Giorgos Antoniou,A. Dirk Moses,2018-11-01 For the sizeable Jewish community living in Greece during the 1940s German occupation of Greece posed a distinct threat The Nazis and their collaborators murdered around ninety percent of the Jewish population through the course of the war This new account presents cutting edge research on four elements of the Holocaust in Greece the level of antisemitism and question of collaboration the fate of Jewish property before during and after their deportation how the few surviving Jews were treated following their return to Greece especially in terms of justice and restitution and the ways in which Jewish communities rebuilt themselves both in Greece and abroad Taken together these

elements point to who was to blame for the disaster that befell Jewish communities in Greece and show that the occupation authorities alone could not have carried out these actions to such magnitude without the active participation of Greek Christians

Jewish Resistance to 'Romanianization', 1940-44 S. Ionescu, 2015-04-24 Ionescu examines the process of economic Romanianization of Bucharest during the Antonescu regime that targeted the property jobs and businesses of local Jews and Roma Gypsies and their legal resistance strategies to such an unjust policy

Resistance and Collaboration in Hitler's Empire Vesna Drapac, Gareth Pritchard, 2017-09-16 This new study provides a concise accessible introduction to occupied Europe It gives a clear overview of the history and historiography of resistance and collaboration It explores how these terms cannot be examined separately but are always entangled Covering Europe from east to west this book aims to explore the evolution of scholarly approaches to resistance and collaboration Not limiting itself to any one area it looks at armed struggle daily life complicity and rescue the Catholic Church and official and public memory since the end of the war
