Barrett,2012-03-01 A lively street level history of turn of the century urban life explores the Americanizing influence of the Irish on successive waves of migrants to the American city In the newest volume in the award winning Penguin History of American Life series

James R Barrett chronicles how a new urban American identity was forged in the streets saloons churches and workplaces of the American city This process of Americanization from the bottom up was deeply shaped by the Irish From Lower Manhattan to the South Side of Chicago to Boston s North End newer waves of immigrants and African Americans found it nearly impossible to avoid the Irish While historians have emphasized the role of settlement houses and other mainstream institutions in Americanizing immigrants Barrett makes the original case that the culture absorbed by newcomers upon reaching American shores had a distinctly Hibernian cast By 1900 there were more people of Irish descent in New York City than in Dublin more in the United States than in all of Ireland But in the late nineteenth century the sources of immigration began to shift to southern and eastern Europe and beyond Whether these newcomers wanted to save their souls get a drink find a job or just take a stroll in the neighborhood they had to deal with entrenched Irish Americans Barrett reveals how the Irish vacillated between a progressive and idealistic impulse toward their fellow immigrants and a parochial defensiveness stemming from the hostility earlier generations had faced upon their own arrival in America They imparted racist attitudes toward African Americans they established ethnic deadlines across city neighborhoods they drove other immigrants from docks factories and labor unions Yet the social teachings of the Catholic Church a sense of solidarity with the oppressed and dark memories of poverty and violence in both Ireland and America ushered in a wave of progressive political activism that eventually embraced other immigrants Drawing on contemporary sociological studies and diaries newspaper accounts and Irish American literature *The Irish Way* illustrates how the interactions between the Irish and later immigrants on the streets on the vaudeville stage in Catholic churches and in workplaces helped forge a multiethnic American identity that has a profound legacy in our cities today *Views*, 1914 *Putting Their Hands on Race* Danielle T. Phillips-Cunningham, 2020 *Putting Their Hands on Race* is an intersectional and comparative labor history of southern African American and Irish immigrant women who labored as domestic workers after migrating to northeastern cities during the nineteenth and twentieth centuries *The Black Child-Savers* Geoff K. Ward, 2022-12-22 During the Progressive Era a rehabilitative agenda took hold of American juvenile justice materializing as a citizen and state building project and mirroring the unequal racial politics of American democracy itself Alongside this liberal manufactory of citizens a parallel structure was enacted a Jim Crow juvenile justice system that endured across the nation for most of the twentieth century In *The Black Child Savers* the first study of the rise and fall of Jim Crow juvenile justice Geoff Ward examines the origins and organization of this separate and unequal juvenile justice system Ward explores how generations of black child savers mobilized to challenge the threat to black youth and community interests and how this struggle grew aligned with a wider civil rights movement eventually forcing the formal integration of American juvenile justice Ward s book reveals nearly a century of struggle to build a more democratic model of juvenile justice an effort that succeeded in part but ultimately failed to deliver black youth and community to liberal rehabilitative ideals At once an inspiring story about the shifting boundaries of race citizenship and
