News Dictionary 1979 Donald Paneth, **News Dictionary, 1979** Facts On File, Inc.,1980-06 **World Dictionaries in Print 1983** ,1983 Professional Journal of the United States Army ,1980 **World Dictionaries in Print** ,1983 **Military Review** ,1979 **Department of State News Letter** United States. Department of State,1980 **Quarterly Review of Military Literature** ,1980 Dictionnaires , **Caraleigh** Steven A. Hill,2022-05-03 The Caraleigh neighborhood in south Raleigh was founded in 1892 with the opening of a cotton mill fertilizer plant and workers town The old textile complex with its immense brick structures continue to evoke a strong impression of a bygone period The old mill remains the community s focal point as of 2022 leading some to worry that Caraleigh s modernized structure may conceal dark secrets After the Civil War cotton mills were at the heart of the South s frenzied pursuit of economic and psychological regeneration between 1880 and 1915 As Raleigh s greatest textile venture Caraleigh itself was founded by a group of cotton investors The origins of Raleigh s north south divide can be seen in the many economic psychological social and political perils While the Downtown South project promises a bright future for Raleigh in 2022 a close examination of the city s economic and social stratification in the past reveals the city s inequality resulting in an affluent north Raleigh and a pauperized south Raleigh ghetto This work illuminates previously unrecognized aspects of Raleigh s history such as how an outskirts neighborhood shaped the city s development during the twentieth century **Report of the Secretary of the Senate from ...** United States. Congress. Senate,1980-10 **Routines for Research** J. Lindberg,1982-10-07

reporting and argumentative functions remained the same over the years When the features were compared across the newspapers analyzed a clear distinction was noticed between The Times and the Guardian The language of the Guardian was the most informal and the most narrative while that of The Times was the least so The information density was the highest in The Times and the lowest in the Guardian In these respects the Daily Telegraph took an intermediate position The editorials of the Guardian were more argumentative than those of both the Daily Telegraph and The Times As regards lexical specificity and diversity as well as sentence complexity the Daily Telegraph scored the highest and The Times the lowest while the results obtained for the Guardian were in between the two

Storm on the Horizon Justus D. Doenecke, 2002-07-15 Between 1939 1941 from the time that Germany invaded Poland until Japan attacked Pearl Harbor Americans engaged in a debate as intense as any in U S history In *Storm on the Horizon* prominent historian Justus D Doenecke analyzes the personalities leading action groups and major

congressional debates surrounding the decision to participate in World War II Doenecke is the first scholar to place the anti interventionist movement in a wider framework by focusing on its underlying military economic and geopolitical assumptions Doenecke addresses key questions such as how did the anti interventionists perceive the ideology armed potential and territorial aspirations of Germany the British Empire Japan and the Soviet Union To what degree did they envision Nazi Germany as a bulwark against the Soviet Union What role would the U S play in a world increasingly composed of competing economic blocs and military alliances *Storm on the Horizon* is certain to become the standard study of this tumultuous time and will require readers to reevaluate their understanding of the United States entry into World War II **News of Norway**, 1976 **Assassin!** Ian Herson, 2007-09-20 For as long as the world has had rulers there have been plots to assassinate those at the top Violent death is usually associated with dictatorships and tinpot regimes Few people know that Britain also has a history of political assassination This book brings to life the forgotten story of assassination over the last 200 years in Britain From Prime Ministers and politicians to princes lords and officials of all kinds Britain s assassination attempts cover a wide variety of figures in some key moments of history Herson examines the motivations of the assassins from political ideologies to simple mental instability He shows how most attempts originated from isolated individuals or minority groups rather than broad political will A fascinating account of how the will of the individual has occasionally and dramatically intervened into the lives of those in power *The Business of News in England, 1760-1820* Victoria E. M. Gardner, 2016-01-26 *The Business of News in England 1760 1820* explores the commerce of the English press during a critical period of press politicization as the nation confronted foreign wars and revolutions that disrupted domestic governance
