

Next Victim

"A cut
in the classic vein."

A bouquet of blood-red roses. A soft scuttling in the shadows. Then the shiny, stainless-steel slice of a straight razor.

The NEXT VICTIM has been claimed.

Now in the tradition of "Dressed to Kill" and "The Bird with the Crystal Plumage" comes a stunning tale of psycho-sexual terror. An unseen slasher is inexplicably and relentlessly stalking Julie Ward, the adulterous wife of an Austrian diplomat. Soon the death toll rises and the screen runs red as Julie attempts to uncover the identity of the mysterious killer, but succeeds only in getting her best friend and ex-lover savagely murdered instead. Eventually the fiend is miraculously caught and killed.

Or is he?

Twists and double-crosses abound as the maniac zeroes-in on his intended victim in the finale of this stylish and suspenseful shocker.

But who is the killer? And who is the prey? You'll be guessing up to the very second you become the NEXT VICTIM!

Dracula Terrorizes Seattle Richard Shallow, 2016-11-07 Down through the ages people have been fascinated by horror stories There had always been mystical stories of the spilling of blood like blood sacrifices to the gods for a good harvest or the consumption of blood from a warrior to gain the dead warriors strength Look no further than our own Bible Look at Cain and Abel the Aztec Toltec Inca and many of the Central and South American tribes A person walking past a narrow alley in the daytime will give it a quick glance and think nothing of it But add the darkness of a late night or a sudden wind or a sudden noise or a shadow upon the wall and have that same person walk past that same alley and he will conjure up within his mind all kinds of things hiding in that alley Many people are fascinated by eternal life and staying young forever As an example look at the money we spend on makeup to camouflage our age A vampire can accomplish staying young forever by drinking the blood of the living It is the ancient ritual of consuming the blood of the living to extend ones life or to absorb virility strength and youth of the one that was killed There are stories that have been handed down through the ages about

the existence of vampires in the Far East like China and Japan all over Europe but mostly in Eastern Europe particularly in Romania and Bulgaria

And Then There Are Bitches Josephine-De-France,2016-04-30 What Makes a Bitch or a Bully I have to ask the question The bitch versus the bully or are they one of the same thing So let s start to think take a moment and assess what s it all about well here we go the bitch the one big thing that gives a bitch away is the huddles in the corner of the room or office whispering and looking across at you making you feel intimidated dont you just hate that As an individual you become paranoid for a while however I was slightly deaf when I was younger I had learnt a little skill of lip reading so I could tell every word the huddles were saying Not many people know I can do this and sometimes it is an advantage but actually on this occasion it was not as what I heard was a lot crueller than what I could have ever imagined This is what inspires me to write this book and include some descriptions of bullies because I really feel that the bitch is a form of bullying in disguise You will see that I sense that bullying does not have to be physical as you will hopefully become aware as it can be mental and or verbal causing much more upset not just at the time but for some time going forward into the future

The Hero in the Mirror Sue Grand,2011-05-20 In times of stress trauma and crisis whether on a personal or global scale it can be all too easy for us to externalize a larger than life figure who can assuage our suffering a Hero who comes to the fore even as we recede into the background In taking on our collective burden however such an omnipotent Hero can actually undermine us representing as it does the very same characteristics we fail to note in one another By granting the Hero to power to set things right we seem to deny it to ourselves leaving us temporarily lightened but ultimately helpless In response Sue Grand deconstructs the myth of the Heroic and argues for the ordinary hero a more realistic figure with the same limitations concerns and fears as the rest of us but who nonetheless stands up for the greater good in the face of danger despair and villainy From the foundation of relational psychoanalysis Grand incorporates cultural and ethical considerations in her examination of what this ordinary hero might look like a trip that takes us from the consulting room to right outside our front doors from the heart of a civilized nation to the myriad war torn regions dappling the globe both past and present Along the way we meet individuals whose encounters with adversity range from the mundane to the catastrophic and learn how they struggle against the dubious concept of the Hero looming large in their lives Recounting this journey in finely tuned yet imminently accessible and enjoyable prose Grand demonstrates that the best place to ultimately find the ordinary hero is within each other The hero is us

Surviving the Ultimate Workplace Bully - My Story William Johnson,2021-06-16 When I had been bullied in school for being gay I could not have imagined that years later I would be bullied the workplace but I was and not just for being gay Many books have been written about kids being bullied in school but very few books have been written about people being bullied in the workplace I had to ask myself why that was The answer was simple because most folks who are bullied in the workplace whether they be male or female are most times terrified to come forward and report to higher management that someone or more than one someone whether they be male or female is bullying them Why are victims of bullies in the workplace terrified to report it to upper management or HR Because as you will see in my book most times when a person is being bullied in the workplace it is being done by someone in upper management and as I have found out HR will stand by the bully in upper management And yes bullies in the workplace can be male or female as I sadly found out for myself
