Hermeneutics and the Art of Conversation covers the nature of dialogue and understanding in Hans Georg Gadamer's linguistically oriented hermeneutics and its relevance for contemporary philosophy. This timely collection of essays stresses the fundamental significance of the other for a further development of Heidegger's analytics of Dasein. By recognizing the priority of the other over oneself, Gadamerian hermeneutics founds a culture of dialogue sorely needed in our multi-cultural globalized community. The essays solicited for this volume are presented in three thematic blocks: Hermeneutic Conversation, Hermeneutics, Aesthetics and Transcendence, Hermeneutic Ethics, Education and Politics. The volume proposes a dynamic understanding of hermeneutics as putting into practice the art of conversation.
