Real Power Business Lessons From The Tao Te Ching:

Real Power James Autry, 1999-03-01 The Tao Te Ching is the world's oldest leadership manual written according to legend by the sage Lao tzu in the sixth century B C E In this book premier business consultant James A Autry and bestselling author and translator Stephen Mitchell present a modern day guide to business leadership drawing on the age old lessons of the Tao Te Ching With simple evocative essays commenting on a selection from the Tao Te Ching they show how its elegant wisdom can transform the workplace from a source of stress into a source of creativity and joy and make work at any level of the corporate ladder more fulfilling than ever before Real Power James A. Autry, Stephen Mitchell, 1998-03-01 Offers practical lessons from one of the world's most profound works of wisdom and shows how to transform the workplace into a source of satisfaction and fulfillment The text called the Tao Te Ching written by the Chinese sage Lao Tzu in the 6th cent B C E is the world's oldest leadership manual written to help everyone who is in a position of power to turn that position into an opportunity for creating both inner and outer harmony and to guide their communities to peaceful productivity and happiness Shows how to create an environment in which everyone s power can be expressed in order to produce the best results for everyone Each essay carries an essential lesson Real Power James A. Autry, 1999 Responsible and Sustainable Business Liangrong Zu, 2022-02-16 This book claims that CSR is the Tao of sustainable enterprise development It examines the intersection of practical wisdom of Taoism CSR and Sustainability looking at the theoretical and historical implications associated with a Taoist approach to CSR sustainability and responsible leadership Implications for sustainable enterprise development will be presented The book analyzes perspectives found in Taoist classical texts and within the larger Chinese cultural context in order to delineate key issues found in the classical texts Through these analyses the book assesses the applicability of modern day Taoism thought and practice in China and the West with respect to the contemporary sustainability situation The book also explores the values ideas and practices Taoism offers to inspire a new generation of leaders and particularly business leaders to manage companies in a more social and sustainable way Management and Taoism, Volume 1 Liangrong Zu,2023-12-14 As the world grapples with the complexities and uncertainties of the VUCA volatile uncertain complex and ambiguous era it has become imperative to explore new approaches that align with responsible management and Taoist principles The Art of Compassionate Business Bruno R. Cignacco, 2019-02-25 There are several well ingrained assumptions regarding the dynamics of work and business activities which can be refuted Some examples of these widespread assumptions in the business and work environments are employees being viewed as commodities competitors perceived as threats companies resources seen as limited and customers perceived as scarce and difficult etc All which leads to the question Is there a way to perform business activities more humanely This book challenges the reader to change the way they perform in business situations and become more focused on the human aspects of business activities The users of this knowledge and those affected by them will undergo a profound transformation

in the way they perform business activities They will benefit from gradually testing and implementing the guidelines conveyed in this book both in the business environment and the workplace When readers put these principles into practice positive ripple effects are bound to affect other stakeholders of the organization they work for or own This book includes aspects related to mission and vision passion business mindset organizational learning improvement of business conversations use of constructive criticism and improvement of relationships with the most relevant stakeholders customers suppliers intermediaries community and employees etc The book also includes a discussion of creativity and the innovation process as well as other factors that create a healthy business environment Extensive appendices include topics such as negotiation marketing use of social media and others <u>Transforming Public Leadership for the 21st Century Ricardo S.</u> Morse, Terry F. Autry, Peter Roy, 2006-12-26 There are a thousand acts of duplicity and dishonesty every day some large and some small some of which undoubtedly take place in your workplace. The question for all of us is Are we going to resist or just play along the path of least resistance The first hard choice a person of integrity must make is to choose to live both personally and professionally in a way that embodies integrity The power of this book comes from the real life in the workplace experiences that these executives have been so generously willing to share None had easy choices but that s the point Integrity is not about easy choices it s about the courage to make the right choices From The Book of Hard Choices All of us like to think that in any given situation we d act with integrity and do the right thing But what happens when we get to work each morning Do the same rules we follow in our personal lives apply to our work lives The lines between right and wrong become blurred when we must weigh our obligations to our employer against our own ideas about what is right and wrong Should altruism trump profit even to the detriment of the organization When should you step in to protect an employee and when should the employee be left to take the heat If the CEO is up to some unethical accounting should you always risk your job and the company s reputation to sound the alarm These are the hard choices the dilemmas that put your integrity to the test and require you to look beyond organizational policy and industry precedents to find an answer that reflects your personal sense of justice The Book of Hard Choices goes to the heart of these difficult decisions James Autry and Peter Roy experienced executives themselves interviewed numerous leaders about the tough decisions they ve made on the job They spoke with people like former Starbucks president Howard Behar Iowa Cubs owner Michael Gartner and Governor Tom Vilsack of Iowa as well as entrepreneurs military officials members of the clergy and a whole host of leaders The authors dig into the thinking process these people went through as well as the emotional strain the self doubt and the fear of a wrong decision s impact on their business family or coworkers Not everyone in this book made the right choice but all of them were forced to examine their values and make decisions in complicated circumstances The result is hard won wisdom on how to navigate the ethical gray areas of work life from daily challenges to possible career ending choices and make the best possible decisions in the most difficult situations
