Discover how the Holy Spirit's vital and unique role in God's design for the New Testament Church impacts the stewardship of our life Whether our material resources talents and abilities or time the Christian needs to depend totally upon the permanently indwelling Holy Spirit for direction and enablement Is tithing as practiced in the Old Testament the norm for Christian giving today Discover God's New Testament principles precepts and directions as they related to the Christians stewardship responsibilities and how they are distinct from God's plan for Israel Learn how a consistently literal approach to Scripture helps us clearly define biblical stewardship and identify our distinct stewardship obligations during this Church age

**Neither Poverty Nor Riches** Craig L Blomberg,2020-05-21 One of the most difficult questions facing us today is that of the proper attitude toward possessions In wealthy nations such as Britain and the USA individuals accumulate much and yet are daily exposed to the plight of the poor whether the homeless on their own city streets or starving children on their TV screens What action should they take on behalf of the poor What should they do with their own possessions In *Neither Poverty nor Riches* Craig Blomberg asks what the Bible has to say to these issues He avoids easy answers and instead seeks a comprehensive biblical theology of possessions Beginning with the groundwork laid by the Old Testament and the ideas developed in the intertestamental period he draws out what the whole New Testament has to say on the subject and finally offers conclusions and applications relevant to the modern world This is a book that all concerned with issues of poverty and wealth should read

**Shekels, Dollars, & Sense** Dennis O. Wretling,2007-02-19 The Bible presents a seemingly inconsistent teaching on financial stewardship This apparent confusion is reflected in sermons books and journal articles Advocates abound for 1 tithing for 2 tithing plus giving for 3 no tithing but gracious giving Church leaders clearly need money but how to convince the people in the pews to be faithful stewards of God with their finances remains allusive If they preach tithing some may balk at the Old Testament basis for the doctrine If they proclaim that tithing is a Christian duty and a starting point only for genuine giving others may claim that they are New Testament Christians and live under grace not law If they present no definitive teaching about the Bible and money adequate finances may not be given At the heart of the problem lies the need to clarify the biblical doctrine of financial stewardship This book attempts that goal The author investigates the tithing patterns of the Old Testament prior to the giving of the Mosaic Law and within the Mosaic Law With these matters clarified he then shines the light on intertestamental Judaism and the passages in the Gospels that mention tithing as part of the Old Testament economy A remarkable consistency is discovered at the level of biblical theology Finally the New Testament Church giving patterns are thoroughly investigated beginning with the early Jerusalem Church and extending throughout the known world Continuity and discontinuity appear continuity in biblical theology and discontinuity in custom and legal requirements between the Old and New Testaments The biblical doctrine of financial stewardship and

the divine mandate for the Christian become clear The last two chapters of the book transfer the biblical teaching to the 21st century American church scene Theological and practical considerations are presented without trying to legislate solutions
