Reality And Mysticism:

Religion and Reality James Henry Tuckwell,1977 **Religion and Reality** James Henry Tuckwell,2019 Reality and Mystical Experience F. Samuel Brainard,2008-03-05 Responding to our modern disillusionment with any claims to absolute truth regarding morality or reality this book offers a conceptual approach for discussing absolutes without denying either the relevance of divergent religious and philosophical teachings or the evidence supporting postmodern and poststructuralist critiques Case studies of mysticism within Advaita Ved _nta Hinduism M _dhyamika Buddhism and Nicene Christianity demonstrate the value of this approach and offer many fresh insights into the metaphysical presuppositions of these religions as well as into the nature and value of mystical experience Like Douglas Hofstadter s G _del Escher Bach this book finds ultimate reality to be rationally graspable only as an eternal fugue of pattern and paradox Yet it does not so much counter other philosophical views as provide a conceptual tool for understanding and classifying incommensurable views *Mystical Experience of Reality* Keith Michael Hancock,2019-12-10 The Mystical Experience of Reality is a well known non biological non human historical phenomena that engulfed the author as a 14year old several times every year until his late thirties filling him with the experience of a Reality in which all things known and unknown exist at Its behest guarding guiding accepting everything that exists separately personally individually It is benign and uninterested in human wants or constructs such as religions politics ideologies The author is what Buddhism would call a pratyakabuddha a silent buddha whose experience of this Reality was spontaneous without having been requested or by given human help a mystic He insists the experience of Reality is caught not taught that it cannot be evangelized or proselytized worshipped or used Reality rules Its ways are not our ways Our ways are not Reality s Jesus failed Religions are not spiritual just emotional So the book started with a Blog mysticexperiences net for the author to examine himself and existence in accordance with the way of Reality Accordingly he found nothing in humanity worth studying This book is a summation of four years of using writing the blog to explore the awareness given him by his mystical experiences in the hope it will add to the literature on the subject which is now being more seriously studied around the world than it has ever been by physicists metaphysicists philosophers theologians psychologists even cosmologists and especially Seekers for whom the author has special messages for their unique hunger and thirst The book also seeks to pass on Reality s message to the author All is well *Mysticism Examined* Richard H. Jones,1993-01-01 Mysticism presents a challenge to anyone who is interested in fundamental questions about the nature of reality knowledge and how we should live In this book the author examines questions posed by mysticism He clarifies the nature of the claims advanced by Western and Asian mystics and explores the beliefs and values of classical mystical ways of life for their interconnections and reasonableness Jones discusses whether all mystical experiences and all mystical claims of knowledge are similar and examines the relation of concepts and experiences in mystics claims Also presented are standards for evaluating competing mystical claims and mystics problems with language Whether mystics

arguments are rational is investigated along with the relation of moral and non moral values and the role of beliefs and values in enlightened mystics ways of life Mysticism s relation to the enterprises of science theology psychology and ethics is also examined **Religion and Reality, a Study in the Philosophy of Mysticism** James Henry Tuckwell,1915
