years ago the concept didn't exist. Yet today it is one of the most powerful cultural forces on earth: a multi-billion dollar machine. Despite that it is often derided as trash, a cultural McDonald's not worthy of examination. The truth is that reality TV offers a profound insight into who we are as human beings, questioning the very nature of what we deem to be entertaining. Writer, broadcaster, and reality TV obsessive Jacques Peretti goes behind the scenes of a world that has entranced and consumed him for two decades. Meeting with people at every level of the reality TV machine, from those responsible for coming up with ever more extreme formats to the contestants and participants at the heart of some of the most iconic moments in television, who felt that their lives and their vulnerabilities were being exploited in the name of entertainment. This is reality TV as you've never seen it before.
