**SAÑKARA ON THE YOGASŪTRA- S** Trevor Leggett, 2023-06-06 The text translated here is an historical find an unknown commentary on the Yoga Sutra s of Patanjali by Sankara the most eminent philosopher of ancient India Present Indications are that it is likely to be authentic which would date it about AD700 The many references to meditation in his accepted works

have sometimes been regarded as concessions to accepted ideas of the time and not really his own views. If he has chosen to write a commentary on Yoga meditation it must have been a central part of his own standpoint although he was opposed to some of the philosophical doctrines of the official Yoga school. One would expect a tendency to modify these unacceptable doctrines if this text is really by Sankara. This turns out to be the case. T P Leggett, Introduction for the general reader, 1990. Leggett's translation of the Vivarana did not receive the attention it deserved when it first came out. Some of the points that he raised are well worth consideration in the context of the authorship problem and his contribution to the debate should be recognised. Dr Kengo Harimoto, in his Foreword to the e-book edition, 2017. When enthusiasm flags, read sutras 11, 15, 17, look around you and see how anxiety, pain and death are rushing towards us like an express train. Yoga is a way to escape them. T P Leggett, How to use this book for Yoga Practice, 1990. Excerpts from The Complete Commentary by Sankara on the Yoga Sutra's by Trevor Leggett.

**Finding God through Yoga** David J. Neumann, 2019-02-07 Paramahansa Yogananda 1893 1952 a Hindu missionary to the United States wrote one of the world's most highly acclaimed spiritual classics

Autobiography of a Yogi which was first published in 1946 and continues to be one of the best selling spiritual philosophy titles of all time In this critical biography David Neumann tells the story of Yogananda s fascinating life while interpreting his position in religious history transnational modernity and American culture Beginning with Yogananda s spiritual investigations in his native India Neumann tells how this early global guru emigrated to the United States in 1920 and established his headquarters the Self Realization Fellowship in Los Angeles where it continues today Preaching his message of Hindu yogic philosophy in a land that routinely sent its own evangelists to India Yogananda was fueled by a religious nationalism that led him to conclude that Hinduism could uniquely fill a spiritual void in America and Europe At the same time he embraced a growing belief that Hinduism s success outside South Asia hinged on a sincere understanding of Christian belief and practice By universalizing Hinduism Neumann argues Yogananda helped create the novel vocation of Hindu yogi evangelist generating fresh connections between religion and commercial culture in a deepening American religious pluralism
