Charles Colson,Nancy Pearcey,2011-07-14 2000 Gold Medallion Award winner Christianity is more than a personal relationship with Jesus Christ It is also a worldview that not only answers life s basic questions Where did we come from and who are we What has gone wrong with the world What can we do to fix it but also shows us how we should live as a result of those answers How Now Shall We Live gives Christians the understanding the confidence and the tools to

Reading for Redemption Christian R. Davis, 2011-02-07 The goal of this book is to define and explain the archetypal pattern of redemption that underlies our whole notion of resolution in literature and to demonstrate through multiple examples that successful literature poems and stories that have shown endurance or popularity uses this pattern in specific ways This theory should help readers to interpret both particular works of literature and the general notion of literature The pattern of redemption employed here in its ideal form involves the sacrifice of an innocent redeemer to save something that has been lost Because this pattern of redemption is typically associated with Christianity this book can be taken as proposing a Christian theory of criticism Current textbooks on literary criticism and theory cover a range of perspectives such as Marxism feminism multiculturalism reader response and queer theory but they invariably ignore the field of Christian criticism Therefore this book may be most useful as a supplementary text for courses in literary criticism that might include a Christian perspective At the same time however the terms and methodology proposed here are not exclusive to or dependant on Christian beliefs so readers of all types may find this approach useful The greatest strength of this book is its application of the theory to numerous examples from a wide range of genres and periods of literature testing the theory on classical and Shakespearean works such as the Iliad and Odyssey Hamlet and Coriolanus best sellers such as The Lord of the Rings Le Petit Prince Valley of the Dolls and Harry Potter and the Deathly Hallows horror stories such as Frankenstein postcolonial novels such as Things Fall Apart and The Kite Runner and lyric poems Consequently even readers who are skeptical of the assumptions used here should find the many concrete examples thought provoking

Tilting Worlds of Madeleine L'Engle Luci Shaw, 2013-07-31 In honor of Madeleine L'Engle's 80th birthday, a host of prominent writers and academics gather to create this unique collection. Madeleine's circle of friends and peers, writers, poets, scholars, theologians, here provide an intimate portrait of L'Engle and respond to her writings and mentoring influence. Ranging from the personal to the academic, these essays illuminate the many worlds of Madeleine's writings: the private, the reflective, the theological, the scientific, the mythic, and the literary. Teens and the New Religious Landscape Jacob Stratman, 2018-08-28 How are teenagers' religious experiences shown in today's young adult literature? How do authors use religious texts and beliefs to add depth to characters, settings, and plots? How does YA fiction place itself in the larger conversation regarding religion? Modern YA fiction does not shy away from the dilemmas and anxieties teenagers face today. While many stories end with the protagonist in a state of flux, if not despair, some authors choose redemption or reconciliation. This collection of new essays explores these issues and more, with a focus on stories in which characters respond to a new, often shifting religious landscape in both realistic and fantastic worlds.
