Reason and Unreason Michael Rustin, 2001 Explores issues concerning the justification and legitimacy of psychoanalytic knowledge and its relevance to political and social questions *Reason and Unreason* Michael Rustin, 2001-01-01 Explores issues concerning the justification and legitimacy of psychoanalytic knowledge and its relevance to political and social questions **The Unconscious in Social and Political Life** David Morgan, 2019-07-30 Traumatic events happen in every age yet there is a particularly cataclysmic feeling to our own epoch that is so attractive to some and so terrifying to others The terrible events of September 11th 2001 still resonate and the repercussions continue to this day the desperation of immigrants fleeing terror the uncertainty of Brexit Donald Trump in the White House the rise of the alt right and hard left increasing fundamentalism and terror groups intent on causing destruction to the Western way of life If that were not enough we also have to grapple with the enormity of climate change and the charge that if we do not act now it will be too late Is it any wonder many are left overwhelmed by the events they see on the news Galvanised by the events outside of his consulting room in 2015 David Morgan began The Political Mind seminars at the British Psychoanalytical Society and their successful run continues today A series of superlative seminars mostly presented by colleagues from the British Society plus a few select external experts that examine a dazzling array of relevant topics to provide a psychoanalytic understanding of just what is going on in our world This book is the first in The Political Mind series to bring these seminars to a wider audience The Unconscious in Political and Social Life contains compelling contributions from Christopher Bollas Michael Rustin Jonathan Sklar David Bell Philip Stokoe Roger Kennedy David Morgan M Fakhry Davids Ruth McCall R D Hinshelwood Renee Danziger Josh Cohen Sally Weintrobe and Margot Waddell They investigate so many vital issues affecting us today the evolution of democracy right wing populism prejudice the rise of the far right attitudes to refugees and migrants neoliberalism fundamentalism terrorism the Palestine Israel situation political change feminism austerity in the UK financial globalisation and climate change This book needs to be read by all who are concerned by the state of the world today Psychoanalysis and psychoanalysts with their awareness of what motivates human beings bring clarity and fresh insight to these matters A deeper understanding of humanity awaits the reader of The Unconscious in Political and Social Life

Donald Winnicott and the Politics of Care Joanna Kellond, 2022-03-20 This book explores the significance of psychoanalyst Donald Winnicott's ideas for contemporary debates about care Locating Winnicott in relation to a range of fields including psychology philosophy sociology critical theory and feminist theory it examines the implications of his thinking for understanding and transforming the relationship between care and society Winnicott was unique amongst psychoanalysts for the emphasis he placed on care in the development of subjectivity The book unpacks Winnicott's understanding of care and assesses its relevance for conceptions of social responsibility justice and transformation In a world where care is in crisis how might we theorise the conditions necessary for the development of caring subjectivities and is it possible to infer a

relationship between those conditions and progressive social change This unique book will be of interest to readers in psychosocial studies politics and anyone concerned with thinking about the relationship between care and social transformation

Psychoanalysis in the Age of Totalitarianism Matt ffytche, Daniel Pick, 2016-05-20 Psychoanalysis in the Age of Totalitarianism provides rich new insights into the history of political thought and clinical knowledge In these chapters internationally renowned historians and cultural theorists discuss landmark debates about the uses and abuses of the talking cure and map the diverse psychologies and therapeutic practices that have featured in and against tyrannical modern regimes These essays show both how the Freudian movement responded to and was transformed by the rise of fascism and communism the Second World War and the Cold War and how powerful new ideas about aggression destructiveness control obedience and psychological freedom were taken up in the investigation of politics They identify important intersections between clinical debate political analysis and theories of minds and groups and trace influential ideas about totalitarianism that took root in modern culture after 1918 and still resonate in the twenty first century At the same time they suggest how the emergent discourses of totalitarian society were permeated by visions of the unconscious Topics include the psychoanalytic theorizations of anti-Semitism the psychological origins and impact of Nazism the post war struggle to rebuild liberal democracy state funded experiments in mind control in Cold War America coercive re education programmes in Eastern Europe and the role of psychoanalysis in the politics of decolonization A concluding trio of chapters argues in various ways for the continuing relevance of psychoanalysis and of these mid century debates over the psychology of power submission and freedom in modern mass society Psychoanalysis in the Age of Totalitarianism will prove compelling for both specialists and readers with a general interest in modern psychology politics culture and society and in psychoanalysis The material is relevant for academics and post graduate students in the human social and political sciences the clinical professions the historical profession and the humanities more widely

Nations and Democracy Amanda Machin, 2014-11-13 A figure of enduring ingenuity the nation has for centuries played a part on the socio political stage Whether centre stage or background scenery it has featured in violent tragedies revolutionary drama and nostalgic fable Today the nation is cast simultaneously in the roles of villain and hero While it is renounced by those advocating trans national post national and cosmopolitan forms of belonging it has lately also been asserted as the solution to various social failures in liberal democracies This appears to leave us with two alternatives to jettison the nation in order to move towards a less parochial world a world in which new forms of belonging underpin more inclusive politics Or to celebrate the nation as way of ensuring the social cement that can unite a diverse society Using the ideas of Wittgenstein and Lacan Amanda Machin expertly explains that the overlapping and conflicting language games of the nation produce it as an object of desire in an uncertain world The nation is not a pre political thing but a matter of persistent political contestation and coalition She reveals that the nation still has a vital part to play in democratic politics but that this role is one of improvisation While they

endure as tools of emancipatory promise nations nonetheless remain potential categories of violent exclusion They cannot be pinned down as easily as anti national and pro national alternatives suggest It is precisely the indeterminacy of the nation that gives it ongoing importance for democracy today Providing an urgent riposte to dominant accounts this thought provoking and highly original account demands a re politicisation of the nation This book will appeal to those engaged in theory and empirical research on nations and nationalism and the question of their link to democracy in a changing world as well as those interested in psychoanalysis and Wittgenstein

Borderline Welfare Andrew Cooper, Julian Lousada, 2018-10-08 Which forms of feeling are facilitated and which discouraged within the cultures and structures of modern state welfare This book illuminates the social and psychic dynamics of these new public cultures of welfare locating them in relation to our understanding of borderline states of mind in individuals organizations and society Drawing upon their idea of a psychoanalytic sensibility rooted in Wilfred Bion's notion of learning from experience the authors aim to access the new structures of feeling now taking shape in marketized and commodified health and social care systems Integrating their reflections on clinical work with patients consultancy with public sector organizations political analysis and the tradition of Group Relations Training they offer a wide ranging perspective on how contemporary social anxieties are managed within modern public welfare Our collective struggle with fears of dependency and loss and the demands of living and working in an interdependent networked world give rise to fresh challenges to our ability to maintain depth of emotional engagements in welfare settings Part of the Tavistock Clinic Series

Transsexualism Colette Chiland, 2003-01-30 Transsexualism is a stimulating proactive and important book Colette Chiland does not back away from difficult issues She forces all of us to look at our assumptions about transsexualism and to re examine what gender and sex really mean Christine Ware author of *Where Id Was Challenging Normalization in Psychoanalysis* In a nutshell the book offers a much needed alternative view of transsexuality from a psychiatric and European point of view Chiland's interesting and well presented book is a valued reminder of how different the same topic can appear in an alternative perspective Transgender Tapestry Colette Chiland exhibits a masterful and encyclopedic knowledge of transsexualism drawing together the insights of depth psychology psychoanalysis history anthropology and sociology for rethinking transsexualism in terms of identity subjectivity and the wider socio historical world This book is written with considerable precision on complex technical issues whilst at the same time keeping the broader question of the relationship between transsexualism and society firmly in mind

Child Psychotherapy and Research Nick Midgley, Jan Anderson, Eve Grainger, Tanja Nesic-Vuckovic, Cathy Urwin, 2009-05-07 Child Psychotherapy and Research brings together some of the most exciting and innovative research activity taking place within psychoanalytic child psychotherapy today Drawing on the expertise of an international range of contributors this book describes work at the cutting edge of research in psychoanalytic child psychotherapy and related areas It presents many of the emerging findings while also illustrating a whole range of methodologies both quantitative and

qualitative that have been developed to investigate this field The book examines the historical and philosophical background of child psychotherapy research and shows how research illuminates different clinical phenomena the processes of psychotherapy its evaluation and outcome Recent developments in therapeutic work with children including the increased focus on evidence based practice make research a much higher priority in the field than ever before With this increasing significance a whole new generation of clinicians are required to become familiar and competent with research methods and research literature Child Psychotherapy and Research will be a vital resource for anyone involved in research and training related to psychotherapy and child mental health as well as of great interest to a range of mental health professionals

The New Klein-Lacan Dialogues Julia Borossa, Catalina Bronstein, Claire Pajaczkowska, 2018-05-01 This book provides a timely exploration and comparison of key concepts in the theories of Melanie Klein and Jacques Lacan two thinkers and clinicians whose influence over the development of psychoanalysis in the wake of Freud has been profound and far reaching Whilst the centrality of the unconscious is a strong conviction shared by both Klein and Lacan there are also many differences between the two schools of thought and the clinical work that is produced in each The purpose of this collection is to take seriously these similarities and differences Deeply relevant to both theoretical reflection and clinical work the New Klein Lacan Dialogues should make interesting reading for psychoanalysts psychotherapists mental health professionals scholars and all those who wish to know more about these two leading figures in the field of psychoanalysis The collection centres around key concepts such as symbolic function the ego the object the body trauma autism affect and history and archives

Sibling Relationships Prophecy Coles, 2018-04-24 For this volume the author has brought together a group of distinguished writers to explore a wide range of issues affecting sibling relationships This exciting collection of papers addresses a long neglected subject in psychoanalytic thinking Since Sigmund Freud psychoanalytic attention has focused firmly on the Oedipal triangle and as a consequence sibling relationships have languished in virtual oblivion In recent years the importance of siblings has started to be investigated but we are still at the beginning of formulating theory on this subject This book raises fascinating issues for therapists who are forging new forms of thought on the interplay of sibling relationships Contributors Leonore Davidoff R D Hinshelwood Vivienne Lewin Juliet Mitchell Elspeth Morley Estelle Roith Margaret Rustin Michael Rustin Jennifer Silverstone Harriet Thistlethwaite and Gary Winship

Art, Creativity and Imagination in Social Work Practices Prue Chamberlayne, Martin Smith, 2019-07-09 Harnessing the inspiration available from the arts and the imagination brings to life sensitive and effective social work practice Workers feel most satisfied while service users and communities are more likely to benefit when creative thinking can be applied to practice dilemmas Drawing on contributions from Canada England and Utrecht this book illustrates the transforming effect of creatively applied thinking to social problems The first part of the book considers how use of the self can be enhanced by analytic reflection and application to difficulties facing individuals and communities The second part shows psychodynamic theory to be a valuable

aid when thinking about issues faced by social workers facing threats and accusations therapeutic work with children and restorative youth justice The third part of the book considers the implications of working with the arts in community settings an ex mining community in North West England the Tate Gallery in London and the cultural capital of Liverpool Taken as a whole these chapters combine to inspire and provoke thought of how the arts and the imagination can be used creativity to help service users confronted by problems with living and the workers who attempt to get alongside them to think about these This book was published as a special issue of the Journal of Social Work Practice **Race Critical Public**
