*Reason, History, and Politics* David Ingram, 1995-01-01 The author shows that conceptions of rationality in current theories of science and law can account for neither the legitimacy of paradigm shifts nor the communitarian integrity internal to paradigms generally He proposes an alternative conception of rationality that does **Reason and Self-Enactment in History and Politics** F.M. Barnard, 2006-03-03 Reason and Self Enactment in History and Politics also offers a reappraisal of basic political principles and constructs Barnard argues for bridging differences among a plurality of truths and forming practical judgments through cultivation of a sense of situational appropriateness Idealism, Politics and History George Armstrong Kelly, 2010-06-10 Through a series of linked studies this text provides a wide ranging analysis of the meeting of two vital themes in the French Revolutionary period **Jean François Lyotard: Politics and history of philosophy** Victor E. Taylor, Gregg Lambert, 2006 **The Iowa Journal of History and Politics** , 1903 **Untimely Politics** Samuel A. Chambers, 2003-12 The standard linear view of history is founded on the belief that political outcomes are predetermined by what has gone before This book challenges this view arguing for what Samuel A Chambers calls an untimely politics which renders the past problematic and the future unpredictable This pathbreaking argument is advanced through a close reading of key texts in political theory and by entering into debates involving metaphysics philosophy of language and psychoanalysis versus discursive analysis Chambers focuses on the theme of the relevance of language analysis to political debate answering those critics who insist discourse approaches to politics are irrelevant Heidegger Nietzsche Foucault and Derrida are used to challenge the political burden which is placed on language analysis to prove its value in the real world Drawing from political theory and cultural studies Chambers takes on the same sex marriage debate showing how the use and misuse of language has contributed to an impasse that is not likely to be broken Wide ranging and insightful *Untimely Politics* makes a timely plea for a more politically relevant and culturally engaged form of intellectual engagement *History of Concepts* Iain Hampsher-Monk, Karin Tilmans, Frank van Vree, 1998 Hoewel enorm invloedrijk in Duitstalig Europa heeft de conceptuele geschiedschrijving Begriffsgeschichte tot nu toe weinig aandacht in het Engels gekregen Dit genre van intellectuele geschiedschrijving verschilt van zowel de Franse geschiedschrijving van mentalit s als de Engelstalige geschiedschrijving van verhandelingen door het concept Aan de hand van praktische voorbeelden in de geschiedschrijving wordt deze vorm toegelicht door Bram Kempers Eddy de Jongh en Rolf Reichardt *Kant and his German Contemporaries: Volume 2, Aesthetics, History, Politics, and Religion* Daniel O. Dahlstrom, 2018-10-11 Kant's philosophical achievements have long overshadowed those of his German contemporaries often to the point of concealing his contemporaries influence upon him This volume of new essays draws on recent research into the rich complexity of eighteenth century German thought examining key figures in the development of aesthetics and art history the philosophy of history and education political philosophy and the philosophy of religion The essays range over numerous thinkers including Baumgarten Mendelssohn

Meyer Winckelmann Herder Schiller Hamann and Fichte showing how they variously influenced challenged and revised Kant's philosophy at times moving it in novel directions unacceptable to the magister himself The volume will be valuable for all who are interested in this distinctive period of German philosophy *Jewish history and politics [&c.]*. sir Edward Strachey (3rd bart.),1874 History, Politics, and the American Past Ari Helo,2020-02-25 History Politics and the American Past assesses the connection between historiography and politics in America on the basis of an important methodological distinction between the past and the history written about it While necessarily interpreting the past professional historians and those with a general interest alike remain tempted consciously or not to make American history serve their own political and moral views There is a tendency to impose our present values on the past and sometimes go so far as to believe the past can be changed by present action In this volume Ari Helo analyzes examples of this including metahistorical narratives presidential speeches and the occasionally vague rhetoric of the Confederate statue campaigns before diagnosing the source of doing so and suggesting how we might avoid it Taking America as its example the book illuminates essential methodological issues related to history writing while deciphering the complicated relationship of history and politics The book will be of interest to scholars and students of American history historiography American studies and cultural studies providing a vivid account of how to make sense of American history **Iowa Journal of History and Politics** Benjamin Franklin Shambaugh,1911 **The Liberal Politics of John Locke** M. Seliger,2019-08-01 Originally published in 1968 This book presents the synthesis of a coherent view of the Lockean argument from his various works This tests the inner consistency of Locke's political theory against his own examples from history The layers of Locke's argumentation are analysed on metaphysics in the first part his attitude towards historical precedents in the second and in the third with the nature of the regime which he was ready to endorse This provides the guidelines for a comprehensive reassessment of the liberal tradition as well as an evaluation of what is still vital to it Whose Community? Which Interpretation? (The Church and Postmodern Culture) Merold Westphal,2009-09-01 In this volume renowned philosopher Merold Westphal introduces current philosophical thinking related to interpreting the Bible Recognizing that no theology is completely free of philosophical contamination he engages and mines contemporary hermeneutical theory in service of the church After providing a historical overview of contemporary theories of interpretation Westphal addresses postmodern hermeneutical theory arguing that the relativity embraced there is not the same as the relativism in which anything goes Rather Westphal encourages us to embrace the proliferation of interpretations based on different perspectives as a way to get at the richness of the biblical text Georg Picht: A Pioneer in Philosophy, Politics and the Arts Enno Rudolph,Johannes Picht,2023-01-21 Aimed at an international readership this book offers a representative collection of essays by the German philosopher Georg Picht 1913 1982 who was a specialist in Greek philosophy practical philosophy and philosophy of religion Picht's themes address different disciplines such as ancient philosophy systematic philosophy and political analysis and often contain critical

statements on significant developments from the European Enlightenment to the Cold War era Other essays offer a distinctive interdisciplinary approach characteristic of the author These contributions are relevant to both philosophy and science as they discuss for instance philosophical definitions of space and time or the relationship between history and evolution Another part of the book includes texts on art that present Picht's authentic definition of art and his theory of the interdependence of art and politics For the first time key texts of the German philosopher and political thinker Georg Picht are presented to a global readership in English Like Nietzsche's philosophy Picht's work is grounded in his outstanding professionalism in the different fields of classics embracing not only texts and theories of the great thinkers from the pre-Socratic to the post-Aristotelian and Stoic philosophies but also the main currents of ancient literature Picht's importance as a political author and public adviser is exceptional and may explain why his lifelong friend Carl Friedrich von Weizsäcker another pioneer presented in this series called him his teacher
