Speaking Spirits Sherry Roush, 2015-05-07 In classical and early modern rhetoric to write or speak using the voice of a dead individual is known as eidolopoeia Whether through ghost stories journeys to another world or dream visions Renaissance writers frequently used this rhetorical device not only to co opt the authority of their predecessors but in order to express partisan or politically dangerous arguments In Speaking Spirits Sherry Roush presents the first systematic study of early modern Italian eidolopoeia Expanding the study of Renaissance eidolopoeia beyond the well known cases of the shades in Dante s Commedia and the spirits of Boccaccio s *Decasibus vivorum illustrium* Roush examines many other appearances of famous ghosts invocations of Boccaccio by Vincenzo Bagli and Jacopo Caviceo Girolamo Malipiero s representation of Petrarch in Limbo and Girolamo Benivieni s ghostly voice of Pico della Mirandola Through close readings of these eidolopoetic texts she illuminates the important role that this rhetoric played in the literary legal and political history of Renaissance Italy

Nightmares in the Long Nineteenth Century Frances Clemente,Greta Colombani,2025-04-11 From Johann Heinrich F ssli s 1781 oil painting *The Nightmare* which was to become the iconic image of a newly emergent sensibility to the first psychoanalytic studies culminating in *On the Nightmare* by Ernest Jones first published in 1911 the long nineteenth century was characterised by a pervasive fascination with nightmares both as frightening dreams and in their personified form evil spirits or monstrous creatures This volume investigates the extensive and multifaceted presence of nightmares in the literature and culture of this period from a cross disciplinary and cross national perspective shedding new light on the remarkably widespread nature of the nineteenth century interest in nightmares as well as on common threads and features that inform and animate it Its contributions by scholars from different fields reveal how nineteenth century representations of nightmare across and beyond Europe explored fundamental questions about the limits of consciousness and reason the complex interplay of body and mind the elusive boundaries between self and other and the dread of alterity giving voice to deep rooted fears and anxieties in a period when these notions were undergoing radical rethinking

Baudelaire and the Making of Italian Modernity Alessandro Cabiati,2022-03-24 This book establishes the role of French writer Charles Baudelaire in the formation of paradigms of modernity in Italian poetry between 1857 the year of publication of Baudelaire s highly influential collection *Les Fleurs du Mal* and 1912 when the first anthology of Futurist poetry *I poeti futuristi* was published in Milan It focuses primarily on Baudelaire s influence on the poetry of the Scapigliatura a long underrated movement which in the 1860s introduced a thematic and formal modernity into Italian

literature paving the way for Futurism and the twentieth century avant garde This monograph also investigates Baudelaire's and the Scapigliatura's interrelated impacts on early Futurist poetry demonstrating that Futurist poets turned to the works of Baudelaire and the Scapigliatura for inspiration on themes that were considered as distinctly unpoetic and therefore modern such as medical anatomical examination technological transformation and abnormal sensuality **Performing Bodies** Catherine Ramsey-Portolano, 2017-12-29 **Performing Bodies Female Illness in Italian Literature and Cinema 1860-1920** explores the variations in the portrayal of female illness in Italian fin de siècle literature and early cinema Catherine Ramsey Portolano begins her study with an overview of nineteenth century theories on female inferiority and nervous disorders especially hysteria 19th century European scientific and philosophical discourse on women's bodies which focused on female biological functions and malfunctions accompanied an abundant fin de siècle literary representation of female illness a theme which also carried over into the cinematic genre of diva films of the 1910s Ramsey Portolano's analysis of fin de siècle Italian literary texts first discusses those novels in which illness represents the consequence and at times punishment for women who transgressed traditional societal roles and norms of behavior Ramsey Portolano also demonstrates however that there also existed within a portrayal of female illness which suggested sickness as a form of agency for women Rather than depicting women as powerless victims who succumb to illness due to the pressures and limitations of patriarchal society this second group of novels posits illness as a means for women to take control of their bodies and demonstrate self mastery through illness as a chosen form of behavior **Performing Bodies Female Illness in Italian Literature and Cinema 1860-1920** concludes with a discussion of the role of female illness in Italian cinema of the 1910s Ramsey Portolano analyzes the films *Tigre reale* 1916 and *Malombra* 1917 featuring the divas Pina Menichelli and Lyda Borelli to show how illness granted centrality to the female character By placing the diva and her point of view at the center of the film's action these films posit the female character as the active one in advancing the story thus providing a progressive model for female Italian viewers and an early example of the female gaze in Italian cinema **Performing Bodies Female Illness in Italian Literature and Cinema 1860-1920** examines how in Italian literature and film as well as in society women were confined to traditional roles and illness often represented the consequence for transgressing those roles Feigning illness offered women a way to own the illness and become manipulators and masters not only of their bodies but of their stories and destinies **Monsters in the Italian Literary Imagination** Keala Jewell, 2001-02-01 They each share a critical interest in how monsters reflect a culture's dominant ideologies **Italian Goth Subculture** Simone Tosoni, Emanuela Zuccalà, 2020-03-30 This book is the first in depth investigation of the Goth subculture in Italy focusing in particular on the city of Milan It grows out of a three year research project the first in Italy of this scope on the topic based on the life histories of two dozen participants In light of this Simone Tosoni and Emanuela Zuccalà propose an innovative approach to the study of spectacular subcultures contrarily to the most common accounts of the spectacular subcultures of the 80s this book describes the experience of subcultural belonging

as plural and internally diversified In particular three different variations or enactments of goth are described in depth the politically engaged one the one typical of the scene of the alternative music clubs spread all over northern Italy and the one common in the little towns surrounding Milan but not limited to it where participants used to enact the dark subculture alone or in small groups Their book argues that while these three different variations of goth shared the same canon of subcultural resources music style patterns of cultural consumptions they differed under relevant points of view like forms of socialization stance toward political activism identity construction processes and even their relationship with urban space Yet contrarily to the stress on individual differences in subcultural belonging typical of post subcultural theorists the Milanese variations of goth appear to have been socially shared as socially shared were the different practices of enactment of the subculture that characterized each of them
