Rebels And Informers:

History of the Rebellion in Bradley County, East Tennessee J. S. Hurlburt, 1866 The Edinburgh Review, 1892 **The Informers** Andrew Boyd, 1984 **History and Memory in Modern Ireland** Ian McBride, 2001-11-08 Discussing the relationship between the past and the present in Irish society this 2001 title outlines the ways in which Irish identities have been shaped by oral tradition icons and images rituals and re enactments It examines pivotal moments in Irish history such as the 1798 rebellion the Famine the Great War and the Northern Ireland troubles investigating the ways in which they have been recalled commemorated and mythologised Beginning with the conviction that commemoration has its own history the essays address questions concerning the workings of communal memory How have particular political and social groups interpreted appropriated and distorted the past for their own purposes How are collective memories transmitted from one generation to the next Why does collective amnesia work in some situations and not in others What is the relationship between academic history and popular memory Patriots Against Fashion A. Maxwell, 2014-08-05 During the era of the French revolution patriots across Europe tried to introduce a national uniform This book the first comparative study of national uniform schemes discusses case studies from Austria Bulgaria England France Germany Hungary Italy the Netherlands Spain Sweden Turkey the United States and Wales Resistance and Rebellion Roger D. Petersen, 2001-05-07 Resistance and Rebellion Lessons from Eastern Europe explains how ordinary people become involved in resistance and rebellion against powerful regimes The book shows how a sequence of casual forces social norms focal points rational calculation operate to drive individuals into roles of passive resistance and at a second stage into participation in community based rebellion organization By linking the operation of these mechanisms to observable social structures the work generates predictions about which types of community and society are most likely to form and sustain resistance and rebellion The empirical material centres around Lithuanian anti Soviet resistance in both the 1940s and the 1987-91 period Using the Lithuanian experience as a baseline comparisons with several other Eastern European countries demonstrate the breadth and depth of the theory The book contributes to both the general literature on political violence and protest as well as the theoretical literature on collective action *The United Irishmen: The informer. Rebels Thomas M. McKenna, 1998-08-10 Thomas McKenna has provided the first convincing explanation of a major insurgency that continued on its bloody course for nearly a quarter century. Given the enormous complexity of the revolt, the patchwork of ethnicities involved, and the opaque quality of the literature, McKenna's accomplishment is a considerable one. Alfred W. McCoy, author of *The Politics of Heroin in Southeast Asia*. Superb as both ethnography and social history, it offers significant new insights into the changing direction of Muslim politics in the Philippines and how to understand comparable movements elsewhere. It will be a basic reference for those interested in the dynamics of ethno-religious political movements in general. Dale Eickelman, author of *Knowledge and Power*

Hitler's Children Gerhard Rempel, 2015-07-15 Eighty-two percent of German boys and girls between the ages of ten and eighteen belonged to Hitlerjugend (Hitler Youth) or one of its affiliates by the time membership became fully compulsory in 1939. These adolescents were recognized by the SS as an exclusive cadre of Nazi zealots as a source of future recruits to its own elite ranks, which were made up largely of men under the age of thirty. In this book, Gerhard Rempel examines the special relationship that developed between these two most youthful and dynamic branches of the National Socialist movement and concludes that the coalition gave Nazism much of its passionate energy and contributed greatly to its initial political and military success. Rempel centers his analysis of the HJ-SS relationship on two branches of the Hitler Youth. The first of these, the Patrol Service, was established as a juvenile police force to pursue ideological and social deviants, political opponents, and non-conformists within the HJ and among German youth at large. Under SS influence, however, membership in the organization became a preliminary apprenticeship for boys who would go on to be agents and soldiers in such SS-controlled units as the Gestapo and Death's Head Formations. The second, the Land Service, was created by the HJ to encourage a return to farm living. But this battle to reverse the flight from the land took on military significance as the SS sought to use the Land Service to create defense peasants who would provide a reliable food supply while defending the Fatherland. The transformation of the Patrol and Land services, like that of the HJ, generally served SS ends at the same time that it secured for the Nazi regime the practical and ideological support of Germany's youth. By fostering in the Hitler Youth a national community of the young, the SS believed it could convert the popular movement of Nazism into a proto-military program to produce ideologically pure and committed soldiers and leaders who would keep the movement young and vital.

Carl J. Guarneri, 2023-03-17 In a recent poll of leading historians, Charles A. Dana was named among the Twenty-Five Most Influential Civil War Figures You've Probably Never Heard Of. If you have heard of Dana, it was probably from his classic *Recollections of the Civil War 1898*, which was ghostwritten by muckraker Ida Tarbell and riddled with errors cited by unsuspecting historians ever since. *Lincoln's Informer* at long last sets the record straight, giving Charles A. Dana his due in a

story that rivals the best historical fiction Dana didn't just record history Carl J Guarneri notes he made it Starting out as managing editor of Horace Greeley's New York Tribune he led the newspaper's charge against proslavery forces in Congress and the Kansas territory When his criticism of the Union's prosecution of the war became too much for Greeley Dana was drafted by Secretary of War Edwin Stanton to be a special agent and it was in this capacity that he truly made his mark Drawing on Dana's reports letters and telegrams the most remarkable interesting and instructive collection of official documents relating to the Rebellion according to the custodian of the Union war records Guarneri reconstructs the Civil War as Dana experienced and observed it as a journalist a confidential informant to Stanton and Lincoln and most controversially an administration insider with surprising influence While reporting most of the war's major events Dana also had a hand in military investigations the cotton trade Lincoln's reelection passage of the Thirteenth Amendment and most notably the making of Ulysses S Grant and the breaking of other generals Dana's reporting and Guarneri's lively narrative provide fresh impressions of Lincoln Stanton Grant and other Union war leaders Lincoln's Informer shows us the unlikely role of a little known confidant and informant in the Lincoln administration's military and political successes A remarkable inside look at history unfolding this book draws the first complete picture of a fascinating character writing his chapter in the story of the Civil War
