Egypt and ending in 16th century China with many exotic ports of call Greek romances Roman satires medieval Sanskrit novels narrated by parrots Byzantine erotic thrillers 5000 page Arabian adventure novels Icelandic sagas delicate Persian novels in verse Japanese war stories even Mayan graphic novels Throughout Moore celebrates the innovators in fiction tracing a continuum between these pre modern experimentalists and their postmodern progeny Irreverent iconoclastic informative entertaining The Novel An Alternative History is a landmark in literary criticism that will encourage readers to rethink the novel The Ceph - Reborn Matthew W. Poehler, 2019-12-10 The Ceph Reborn An ancient galactic civilization rises again on Earth How we treat their reborn colony will forge our fate Will we rise to the challenge or die The Ceph Civilization seeded the galaxy's planets with life throughout history Two of the great World Ships arrived from the Civilization sixty five million years ago to deliver the Ceph to their new Colony They were gone a thousand years when the asteroid struck The surface of the planet was seared and shattered Survivors of the Colony adapted to any safety the broken planet's oceans would offer They lost the ability to walk the land and breathe the air Nothing sleeps forever The Ceph on Earth are Reborn and they have called for help Humans on Earth don't know we share this world yet We only have a short time to learn this unsettling fact and be amicable neighbors Humans and the Ceph can coexist with massive benefits for both races We're related after all The alternative will have severe consequences for every human on Earth We must build this relationship It will take an Alliance of unlikely people with an extraordinary plan Stella Uren Captain of the fishing and dive boat Money Shot and her Crew are partnered with Bright the Octopus Matriarch of the Colony Together with the immortal hive mind of the Ansible Network they make a powerful if unconventional team This Alliance will have to walk a fine line threaded through potential catastrophe to reach their goal of integrating the Colony with human society before the Swimmer in Relativity the new World Ship arrives Balancing on that line will be tough no matter how many legs you have

Crisis-consciousness and the Novel Eugene Hollahan, 1992 This book examines the emergence of modern consciousness as consciousness develops historically in one cultural form prose fiction narrative The book represents a critical history of crisis arguably the most characterizing single word in the modern world and a major figuration or trope Eugene Hollahan has studied the history of this important word within the development of the English language novel from Samuel Richardson to Saul Bellow After establishing a heuristic model for such a critical history Hollahan tracks the word characterized by George Eliot in Felix Holt the Radical as a great noun through two and a half centuries of narratives by major novelists with contextualizing excursions into discourses in related fields such as autobiography philosophy theology and social science Hollahan contextualizes his study of English language narrative fiction by examining the writings of crisis rhetoricians in the eighteenth century Thomas Paine nineteenth century Thomas Carlyle J S Mill and J H Newman and twentieth century Karl Barth Edmund Husserl T S Kuhn and Richard M Nixon Such varied and powerful crisis rhetorics establish a matrix of language and ideas for the crisis centered novels Hollahan surveys These novels include major works by

Samuel Richardson Walter Scott Jane Austen George Eliot George Meredith George Gissing George Moore D H Lawrence E M Forster James Joyce Lawrence Durrell Robert Coover and Saul Bellow Hollahan's description of the crisis trope interfaces with various critical issues such as canonical inclusion reader response and deconstruction On the whole his book acknowledges current critical issues but endeavors to remain basically a critical history It attempts to demonstrate that the crisis riddled modern world and the crisis conscious novel are analogous and coeval Crisis begins as Aristotle's term for logical plot structuring becomes Longinus's term for emotional exacerbation and eventually enters into a variety of critical and narrative formulations Matthew Arnold's cultural centrality Henry James's existential aestheticism Lawrence's self defining sexuality Marshall Brown's revolutionary turning point Paul de Man's error ridden criticism Floyd Merrell's cut into the primordial flux Durrell's reborn self and Bellow's analysis of hysterical escapism Broadly speaking Hollahan argues that any crisis trope will enable or even necessitate a unique confluence of writerly and readerly skills In Louis Lambert Balzac urged What a wonderful book one would write by narrating the life and adventures of a word The story Hollahan narrates fulfills Balzac's expectations as it depicts writer after writer working out influential representations of human life in terms of crisis consciousness centering upon George Eliot's great noun crisis Historically Hollahan demonstrates such consciousness comes to define modern humanity
