African Yearbook of International Law, 1996 Swan Sik, 1998-10-01 The Asian Yearbook of International Law is the first publication dedicated primarily to international law as seen from an Asian perspective. It provides international law articles written by experts from the region and other articles relating to Asian topics. The editorial board, national correspondents, advisory council, and governing board comprise a diverse group of academics and government officials from a wide range of countries and positions. The Asian Yearbook of International Law offers a number of useful features: articles, notes, legal materials such as the state practice in a number of Asian countries and participation in multilateral treaties, Asia and international organizations, chronicle of events for the covered year, literature including book reviews, and a bibliography of selected documents, treaties, agreements, and other relevant primary documents, and an index. Its range of features assures that the Yearbook comprehensively covers the critical events, legislation, and issues of the past year, and that users can easily access all of this information. Academics and practitioners who deal with international public law in Asia will appreciate this unique, complete resource. The Asian Yearbook of International Law provides insight into Asian views and practices, especially for non-Asian readers, and also promotes the dissemination of knowledge of international law in Asia. Some of the topics covered in this volume include recent trends in the jurisprudence of the international court of justice and international arbitral tribunals, with special reference to territorial and boundary cases, an environmental regime for the arctic and the antarctic, analogy, Philippine civil procedure in transboundary disputes, international civil procedure in Indonesia and Japan, and transboundary civil litigation in Korea.

Governance and Democracy in the Asia-Pacific Stephen McCarthy, Mark R. Thompson, 2020-03-17 This book explores the theoretical and empirical relationship between democracy and governance in the Asia Pacific region. Examining a variety of country cases and themes, addressing the theoretical tension between governance and democracy, it illuminates how this impacts political and civil societies across the region. Analysing the character, structure, and current trajectories of polities in the Asia Pacific, democratic or otherwise, this book demonstrates that the role of civil society, political society, and governance has significantly differed in practice from what has been commonly assumed within the international community. The book includes both theoretical investigations tracing the modern development of the concepts of governance, development, and democratization, as well as regional and country-specific observations of major issues, presenting comprehensive country-level studies of China, Singapore, Thailand, Cambodia, the Philippines, Myanmar, Fiji, and the Solomon Islands. Presenting fascinating insight into non-democratic governance, civil society, and the rule of law in illiberal contexts, *Governance and Democracy in the Asia Pacific* will prove to be of great use to students and scholars of Asian politics and society, as well as international and comparative politics.

legal meaning of voluntary repatriation its place within the framework of universal refugee law and whether or not it deserves to be called an ideal solution The focus of the text is on UNHCR the agency which is mandated to assist in the voluntary repatriation of refugees as the constant and recurrent actor in the practice of organized large scale repatriations A brief historical analysis is followed by four real life case studies of the voluntary repatriation of Cambodian refugees in 1980 and again in 1992 and 1993 of Iraqi Kurdish refugees in 1991 and of Mozambican refugees from Malawi in 1993 1995
