Profusely illustrated with photos and drawings of famous historic structures as well as details and plans for modern buildings this is an absorbing account of the search for an architecture suitable to the needs of the young Jewish State that will be of great interest to architects faced with similar problems throughout the world

The Future Restoration of Israel Stanley E. Porter,Alan E. Kurschner,2023-06-02 This volume is the most extensive of its kind as a major set of collected essays from a wide range of scholars on the question of the promises of God to Israel These essays put forward the position that unconditional promises were given to Israel which have not been fulfilled in the church or any other entity At the consummation there will be a continuing role for the Jews realized through their national and territorial hope of a restored redeemed Israel This volume contains an eclectic group of contributors who have reached this position from various approaches to interpretation The essays exhibit both positive argumentation and engagement with supersessionist literature

The Restoration of Israel Michael E. Fuller,2012-02-14 This study identifies and explores texts of restoration in a wide selection of Early Jewish Literature in order to assess the variety of ways in which Jews envisioned Israel s future restoration Particular attention is given to the expression of restoration in what is identified in the present study as the exilic model of restoration In this model Israel s restoration is characterized by the features of a a future re gathering b the fate of the nations and c the establishment of a new Temple The present work focuses primarily on the first two features Through this framework Jews in the Greco Roman period could draw on Israel s history and legacy but re appropriate exile and return in new and creative ways Finally the writing of Luke Acts is investigated for its ideas of restoration and its indebtedness to Early Jewish traditions

The Land of Israel in the Book of Ezekiel Wojciech Pikor,2018-05-31 Pikor anaylzes the land of Israel in the book of Ezekiel showing how its preoccupation with the Babylonian exile and the loss of the Promised Land that this entails is directly linked to the danger this poses to Israel s covenant with God Pikor examines the motif of land in its literary and historical contexts and in relation to the oracles of salvation in chapters 34 39 as well as the vision of the new Israel and the return of Yahweh s Glory to the temple Pikor begins by examining the motif of land in its literary and historical contexts The main body of the book then addresses specific sections of Ezekiel Chapter two analyzes the oracles of punishment addressed to Israel in which the land undergoes a process of anthropomorphization Chapter three situates the punishment experienced by Ezekiel and his listeners in a broader historical context suggested by the prophet in Ezekiel 20 Chapter four analyses the oracles of salvation in Ezekiel 34 39 in which the restoration of the land of Israel remains intertwined with the promise of the new covenant Finally chapter five addresses the closing vision of the new Israel Ezekiel 40 48 which is characterized by the territorial dimension of the future restoration This feature is shown via analysis of the

rhetoric of the land the crucial element of which is the return of Yahweh's Glory to the temple God's presence adds sacral value to the land in which his covenant with his people is to be realized The covenant will be finalized through Israel's repopulation of the renewed land *Rebuilding the Land of Israel (a Haven for Jewish Wanderer, a Homestead for the Jewish Pioneer)*. United Palestine Appeal,1926 **Israel Digest** ,1954 **Restoration** James Scott,2021-10-01 The restoration of Israel is one of those subjects which although crucial to our understanding of early Judaism has not received the focused attention it needs and deserves These seminal essays written by an international group of eminent scholars introduce the reader to the subject of restoration in a roughly chronological approach beginning with the formative period the Old Testament followed by the Greco Roman period formative Judaism and early Christianity These essays endeavor not merely to survey what is currently known about the subject from various vantage points but rather to extend what is knowable in each case This volume will stimulate much interest in the subject of restoration and will shape the future course of the scholarly discussion **The Restoration of Israel** Gerhard Falk,2006 The restoration of Israel to the Holy Land was originally an English Protestant idea Jewish Zionism came later and succeeded only because of the Holocaust The principal impetus for the promotion of a Jewish return to Zion was religious and began with the translation of the Bible from the Hebrew to English by Tindale Because literature in the English language depicted Jews almost always in an unfavorable light both British and American religious and political leaders were ambivalent about Jews Nevertheless the religious impulse to restore Israel became political in the twentieth century and succeeded with the establishment of the Jewish state in 1948

The Land of Canaan and the Destiny of Israel David Frankel,2011-06-30 What part does the land of Canaan play in the biblical conception of Israel To what extent does the religion promoted by the Hebrew Bible require that Israel live its communal life in the national homeland And how does life in the land compare in importance with other elements presented as belonging to Israel's ultimate destiny such as for example adherence to the law To what extent must the people of Israel take hold of and settle in the entire land of Canaan for them to fulfill their destiny Might the land be shared with other peoples or must non Israelites be expelled and subjugated or at least kept at a safe and isolated distance Frankel asks these questions and others of the Hebrew Bible as a whole and of the biblical texts individually He shows that all of these questions were addressed by various biblical authors and that diverse and even opposing answers were given to them These issues are not completely new Many of them have been addressed in recent times by various scholars and theologians who have taken a renewed interest in the territorial dimension of the Hebrew Bible However works of a predominantly theological or sociological orientation often suffer from a tendency to read the biblical texts holistically and to gloss over textual snags and inconsistencies For Frankel the snags and inconsistencies in the texts are of central importance They allow him carefully to reconstruct the process of the growth of the texts in question and to reveal both their original forms and their final transformations at the hands of the editors Frankel's analysis shows that behind the present form of several biblical texts lie

earlier versions that often displayed remarkably open and inclusive conceptions of the relationship between the people of Israel and the land of Canaan Diachronic analysis of the biblical text is thus an essential component in this book's attempt to retrieve something of the heated theological dynamic that animated the work of the authors and editors whose efforts were consummated in the formation of the Hebrew Bible Frankel presents here many new and previously unrecognized biblical conceptions and traditions that have significant theological implications for the contemporary religious and political situation in the State of Israel Once the biblical conceptions have been accurately identified analyzed and categorized he opens a discussion of the possible relevance of these conceptions to the contemporary situation in which he lives *Christian Zionism and the Restoration of Israel* Colin Chapman, 2021-03-31 How should Christians today understand the many promises and prophecies in the Old Testament about the future of Israel and its land Are Christian Zionists justified in believing that these have been fulfilled in the return of Jews to their land since the 1880s and the creation of the State of Israel in 1948 This book discusses all the key texts about the restoration of Israel that are quoted in these debates questioning the Christian Zionist interpretation and offering an alternative This is followed by a detailed study of two important Old Testament texts dealing with the future of Israel Ezekiel 33 47 and Zechariah 9 13 understanding them in their original context and exploring how they are interpreted in the New Testament This is no theoretical ivory tower debate We are dealing here with the most bitter and protracted conflict of the last 150 years and the way we interpret the Bible has profound political consequences

Nyende,2023-03-31 The church in Africa is thriving both numerically and in its boldness and fervour Yet the challenge of African folk Christianity a Christianity shaped more by traditional beliefs than the Bible continues to loom large and there remains an acute need for life and faith to be biblically informed In this introduction to biblical theology Prof Peter Nyende draws from nearly two decades of experience teaching the next generation of African church leaders Maintaining the vital importance of a holistic understanding of Scripture and its unified nature he presents the central story of both Old and New Testaments as the restoration of God s dwelling and kingdom in the world He traces this narrative through its many stages of development creation and fall God s covenants with Israel exile to its ultimate fulfilment in Jesus the church and the new Jerusalem Though written with pastors and theological students in mind this book is accessible to any who desire to increase their biblical literacy and partner more fully with the work of God and his kingdom Jesus and Israel's Traditions of Judgement and Restoration Steven M. Bryan,2002-05-02 Jesus and Israel s Traditions of Judgement and Restoration examines the eschatology of Jesus by evaluating his appropriation of sacred traditions related to Israel s restoration It addresses the way in which Jesus future expectations impinged upon his understanding of key features of Jewish society Scholars have long debated the degree to which Jesus eschatology can be said to have been realized This 2002 book considers Jesus expectations regarding key constitutional features of the eschaton the shape of the people of God purity Land and Temple Bryan shows

that Jesus' anticipation of coming national judgement led him to use Israel's sacred traditions in ways that differed significantly from their use by his contemporaries. This did not lead Jesus to the conviction that Israel's restoration had been delayed. Instead, he employed Israel's traditions to support a different understanding of restoration and a belief that the time of restoration had arrived.

Whose Promised Land Colin Chapman, 2015-07-17

The conflict between Israel and the Palestinians has profoundly affected the Middle East for almost seventy years and shows no sign of ending. With two peoples claiming the same piece of land for different reasons, it remains a huge political and humanitarian problem. Can it ever be resolved? If so, how? These are the basic questions addressed in a new and substantially revised fifth edition of this highly acclaimed book. Having lived and worked in the Middle East at various times since 1968, Colin Chapman explains the roots of the problem and outlines the arguments of the main parties involved. He also explores the theme of land in the Old and New Testaments, discussing legitimate and illegitimate ways of using the Bible in relation to the conflict. This new and fully updated edition covers developments since 9/11, including the building of the security wall, the increased importance of Hamas, and the Islamic dimension of the conflict, and the attacks on Lebanon and Gaza.
