Recapitulation Paintings And Writings:

Lectures on the Art of Writing ... Interspersed with a great number of plates and examples ... Second edition

Joseph CARSTAIRS, 1822 *German Art History and Scientific Thought* Mitchell B. Frank, 2017-07-05 A fresh contribution to the ongoing debate between Kunstwissenschaft scientific study of art and Kunstgeschichte art history this essay collection explores how German speaking art historians of the late nineteenth and early twentieth century self consciously generated a field of study Prominent North American and European scholars provide new insights into how a mixing of diverse methodologies took place in order to gain a more subtle and comprehensive understanding of how art history became institutionalized and legitimized in Germany One common assumption about early art historical writing in Germany is that it depended upon a simplistic and narrowly defined formalism This book helps to correct this stereotype by demonstrating the complexity of discussion surrounding formalist concerns and by examining how German speaking art historians borrowed incorporated stole and made analogies with concepts from the sciences in formulating their methods In focusing on the work of some of the well known fathers of the discipline such as Alois Riegl and Heinrich Wölfflin as well as on lesser known figures the essays in this volume provide illuminating and sometimes surprising treatments of art history's prior and understudied interactions with a wide range of scientific orientations from psychology sociology and physiognomics to evolutionism and comparative anatomy **History Painting Reassessed** David Green, Peter Seddon, 2000 **Tal Sternagast. Twelve**

Paintings Michael Eissenhauer, Tal Sternagast, 2020-12-04 Berlin's Gemäldegalerie is known for its outstanding collection of European paintings from the thirteenth to eighteenth century Each chapter in this book is dedicated to one painting from the collection In the breadth of this idiosyncratic selection painting as it discovers itself becomes a medium for the formulation of modern subjectivity Each painting in focus unfolds its own making and its artistic concerns as they reflect contemporary issues today What are the paradoxes within which art is made by women How does the primordial drive to destroy works of art affect today's art discourse Where did the modern struggle of painting against the picture begin Why does the Wild Man from early German Renaissance still haunt us And why doesn't it matter whether Jan Vermeer used an optical device for his paintings Twelve Paintings highlights the currentness of the Old Masters **History of Painting: Ancient, early**

Agamben's Political Ontology of Nudity in Literature and Art Frances Restuccia,2019-05-13 This volume develops the central though neglected Agambenian concept of nudity along with its crucial political implications The book discovers within *The Use of Bodies* a philosophical path to Agamben's ontology of nudity as it is subtended by his notion of the messianic a dual temporality of form in motion reflected in the image of a whirlpool that is autonomous although no drop of water belongs to it separately Drawn from Paul and Benjamin rather than Derrida Agamben's messianic is elaborated in this study through its embodiment in literature Woolf's *To the Lighthouse* James's *The Aspern Papers* Brodsky's *Watermark* and Mann's *Death in Venice* in response to Agamben's insistence on the wedding of poetry and philosophy In particular Coetzee's *Disgrace* gives poetic form to Agamben's focus on the dissolution of the human animal border the salvation of the unsavable and nudity all to illustrate Agamben's Open without a closedness This text shows how art serves as the house of philosophy also by taking up the nude in visual art making the case that in comprising *chronos* and *kairos* the two messianic components of Agamben's ontology of nudity art demonstrates the constitution of form of life for the viewer Emphasizing Agamben's privileged non-unveilability nudity this book finally examines two major missed encounters with Heidegger and Lacan philosophers of the veil Veiling to Agamben correlates with the sovereignty bare life structure of the exception which his ontology of nudity is meant to deactivate as there is no such thing as a bare life **Monthly Report of the Trade of Canada** Canada.
